early age and as his passion deepened he became convinced that the key to improving the stamina of the Thoroughbred in an era when American racing consisted of grueling long distance competitions was to crossbreed American horses with the magnificent steeds of the Middle East As Reinventing the American Thoroughbred recounts Richards traveled thousands of miles on expeditions into the heart of Syria to obtain Arabian stock of the purest blood He became the first American indeed the first Westerner to venture into the desert to bargain directly with nomadic tribesmen for their horses Richards transported the animals back to his grandfather s farm near Georgetown which he transformed into a premier breeding establishment called Blue Grass Park He also used his Transylvania plantation in Louisiana for similar purposes Richards relied on Ansel Williamson an enslaved horse trainer to prepare his Thoroughbreds for racing Williamson developed a reputation as one of the best handlers in the nation The Civil War interrupted Richards s equine breeding experiment Dependent on southern cotton produced by enslaved labor for his wealth Richards sided with the Confederacy and was appointed volunteer aide de camp by General John C Breckinridge During his brief military career he served at Vicksburg and later in the attack on Baton Rouge In late 1862 he received Breckinridge s permission to travel to England to purchase artillery for the general s Kentucky brigade Richards remained in London for the remainder of the war returning to the United States after receiving amnesty Bankrupt he spent the rest of his life attempting to rebuild Blue Grass Park as a nationally recognized Thoroughbred facility Richards s life story chronicled here for the first time by Gary A O Dell is an epic tale of adventure experimentation and devastation that illuminates the grand history of the American Thoroughbred industry in fresh and fascinating ways
