and by the new markets in women that it created Responding to a broad social consensus Neo Confucians called for enhanced recognition of concubine mothers in ritual and expressed increasing concern about wifely jealousy The book also details the surprising origins of the Late Imperial cult of fidelity showing that from inception the drive to celebrate female loyalty was rooted in a complex amalgam of political social and moral agendas By taking women and men s relationships with women seriously this book makes a case for the centrality of gender relations in the social political and intellectual life of the Song and Yuan dynasties

*Body and Face in Chinese Visual Culture* Hung Wu,Katherine R. Tsiang,2020-03-17 Traditionally the Chinese body was approached as a totality and explained by sweeping comparisons of the differences that distinguished Chinese examples from their Western counterparts Recently scholars have argued that we must look at particular examples of Chinese images of the body and explore their intrinsic conceptual complexity and historical specificity The twelve contributors to this volume adopt a middle position They agree that Chinese images are conditioned by indigenous traditions and dynamics of social interaction but they seek to explain a general Chinese body and face by charting multiple specific bodies and faces All of the chapters are historical case studies and investigate particular images such as Han dynasty tomb figurines Buddhist texts and illustrations pictures of deprivation illness deformity and ghosts clothing formal portraiture and modern photographs and films From the diversity of art forms and historical periods studied there emerges a more complex picture of ways that the visual culture of the body and face in China has served to depict the living memorialize the dead and present the unrepresentable in art

**Causality and Containment in Seventeenth-Century Chinese Fiction** McMahon,2023-07-31 A number of features characterize late Ming vernacular fiction as part of the general cultural expansion of that period These features centrally include the exposition of sexual transgression and the function of containment by which is meant the ideology of the control of desires

The late Ming writers are studiously devoted to illustrating minute obscene or erotic details that belie the decorum of the orthodox surface. However, this subversiveness of detail decreases in intensity from the late Ming to the early Qing when values of containment are reinvoked. Related topics are the theme of causality and its role in the story's mapping of the logic of adultery; adultery as an emblem of the woman's escape from containment; and the use of the narrative topos of the gap in the wall as a locus of sexual transgression.

**Saying All That Can Be Said** Keith McMahon, 2024-09-09 In *Saying All That Can Be Said* Keith McMahon presents the first full analysis of the sexually explicit portrayals in the Ming novel *Jin Ping Mei*. The Plum in the Golden Vase. Countering common views of those portrayals as just sex or as bad sex, he shows that they are rich in thematic meaning and loaded with social and aesthetic purpose. McMahon places the novel in the historical context of Chinese sexual culture from which *Jin Ping Mei* inherits the style of the elegant metaphorical description of erotic pleasure but which the anonymous author extends in an exploration of the explicit, the obscene, and the graphic. The novel uses explicit description to evaluate and comment on characters' situations and sexual and psychic states of being. Echoing the novel's way of taking sex as a vehicle for reading the world, McMahon celebrates the richness and exuberance of *Jin Ping Mei*'s language of sex, which refuses imprisonment within the boundaries of orthodox culture's cleanly authoritative style and which continues to inspire admiration from readers around the world. *Saying All That Can Be Said* will change the way we think about sexual culture in premodern China.

**The Chinese Novel at the Turn of the Century** Milena Dolezelova-Velingerova, 1980-12-15 This collection of essays reveals the dynamic role of the late Qing novel in the process of modernization of Chinese fiction Substantial changes in various aspects of the Chinese novel at the turn of the century demonstrated by structural analyses of several representative novels suggest that the evolution of modern Chinese fiction was a more complex process than a simple imitation of Western literatures The results challenge the scholarly consensus that modern Chinese fiction resulted from a radical change brought about by the May Fourth Movement in 1919 It is demonstrated rather that the transformation had already begun in the first decade of the twentieth century and that the conspicuous changes in Chinese fiction of the 1920s represent a culmination rather than a beginning of the modern evolutionary process The book consists of nine studies which analyse the late Qing novel in its general and specific aspects The introduction and first essay explain how social changes conditioned cultural and literary changes during the period and how the resultant new theory of fiction generated new concepts of a politically engaged novel The two following studies develop a general statement of narrative structures and devices derived from structural analyses of seven outstanding late Qing novels The last six articles examine particular novels in detail focusing on the specific fictional techniques which predominate in each This is the first volume in a new series Modern East Asian Studies

**Misers, Shrews, and Polygamists** Keith McMahon, 1995 Having multiple wives was one of the mainstays of male privilege during the Ming and Qing dynasties of late imperial China Based on a comprehensive reading of eighteenth century Chinese novels and a theoretical approach grounded in poststructuralist psychoanalytic and feminist criticism Misers Shrews and Polygamists examines how such privilege functions in these novels and provides the first full account of literary representations of sexuality and gender in pre modern China In many examples of rare erotic fiction and in other works as well known as Dream of the Red Chamber Keith McMahon identifies a sexual economy defined by the figures of the miser

and the shrew caricatures of the retentive self containing man and the overflowing male enervating woman Among these and other characters the author explores the issues surrounding the practice of polygamy the logic of its overvaluation of masculinity and the nature of sexuality generally in Chinese society How does the man with many wives manage and justify his sexual authority Why and how might he escape or limit this presumed authority sometimes to the point of portraying himself as abject before the shrewish woman How do women accommodate or coddle the man or else oppose undermine or remold him And in what sense does the man place himself lower than the spiritually and morally superior woman The most extensive English language study of Chinese literature from the eighteenth century this examination of polygamy will interest not only students of Chinese history culture and literature but also all those concerned with histories of gender and sexuality
