Erebus Child Of Chaos:

Erebus Child of Chaos Sam Saladino, 1985-07-01 Shakespeare's Classical Mythology: A Dictionary Janice Valls-Russell, Katherine Heavey, 2024-10-17 Why does Bassanio compare himself to Jason What is Hecuba to Hamlet Is the mechanicals staging of the Pyramus and Thisbe story funny or sad This dictionary elucidates Shakespeare's use of mythological references in an early modern context while bringing them to life for today's audiences and readers at a time of renewed critical interest in the reception of the classics and fascination with classical mythology in popular culture It is also a precious tool for practitioners who may not always know quite what to make of mythological references Mythological figures creatures places and stories crowd Shakespeare's plays and poems featuring as allusions poetic analogies inset shows scene settings and characters or plots in their own right Most of these references were familiar to Shakespeare's spectators and readers who knew them from the writings of Ovid Virgil and other classical authors or indirectly through translations commentaries ballads and iconography This dictionary illustrates how far from being isolated a mythological reference may resonate with the poetics of the text and its structure cast light on characters and contexts and may therefore be worth exploring onstage in a variety of ways The 200 headings correspond to words and names actually used by Shakespeare individual figures Dido Venus Hercules categories Amazons Centaurs nymphs satyrs places Colchos Troy Medium and longer entries also cover early modern usage and critical analysis in a cross disciplinary approach that includes reception textual performance gender and political studies *Studies in Non-deterministic Psychology* Gerald Epstein, 1980 **The Science of the Dogon** Laird Scranton, 2006-09-22 A look at the close resemblance between the creation and structure of matter in both Dogon mythology and modern science Reveals striking similarities between Dogon symbols and those used in both the Egyptian and Hebrew religions Demonstrates the parallels between Dogon mythical narratives and scientific concepts from atomic theory to quantum theory and string theory The Dogon people of Mali West Africa are famous for their unique art and advanced cosmology The Dogon's creation story describes how the one true god Amma created all the matter of the universe Interestingly the myths that depict his creative efforts bear a striking resemblance to the modern scientific definitions of matter beginning with the atom and continuing all the way to the vibrating threads of string theory Furthermore many of the Dogon words symbols and rituals used to describe the structure of matter are quite similar to those found in the myths of ancient Egypt and in the daily rituals of Judaism For example the modern scientific depiction of the informed universe as a black hole is identical to Amma's Egg of the Dogon and the Egyptian Benben Stone The Science of the Dogon offers a case by case comparison of Dogon descriptions and drawings to corresponding scientific definitions and diagrams from authors like Stephen Hawking and Brian Greene then extends this analysis to the counterparts of these symbols in both the ancient Egyptian and Hebrew religions What is ultimately revealed is the scientific basis for the language of the Egyptian hieroglyphs which was deliberately encoded to prevent the knowledge of these concepts from falling into the hands of all but the highest

members of the Egyptian priesthood The Science of the Dogon also offers compelling new interpretations for many of the most familiar Egyptian symbols such as the pyramid and the scarab and presents new explanations for the origins of religiously charged words such as Jehovah and Satan

The Essential Prose of John Milton John Milton, 2013-03-12

Ulysses, Dante, and Other Stories Elena Lombardi, 2023-10-31 Ulysses Dante and Other Stories presents a unique form of creative scholarship It employs Dante's late medieval take on Ulysses and his tragic pursuit of virtue and knowledge as a prism that refracts an ancient myth of journey and return into a modern story of discovery and nostalgia Working notes fragments from Ulysses many stories personal memories illuminations and rewritings combine to form a new chain of narratives about the desire to create the art of travelling and the will of self reinvention

The Complete Poetry and Essential Prose of John Milton John Milton, 2009-10-28 John Milton is next to William Shakespeare the most influential English poet a writer whose work spans an incredible breadth of forms and subject matter The Complete Poetry and Essential Prose of John Milton celebrates this author's genius in a thoughtfully assembled book that provides new modern spelling versions of Milton's texts expert commentary and a wealth of other features that will please even the most dedicated students of Milton's canon Edited by a trio of esteemed scholars this volume is the definitive Milton for our time In these pages you will find all of Milton's verse from masterpieces such as Paradise Lost widely viewed as the finest epic poem in the English language to shorter works such as the Nativity Ode Lycidas A Masque and Samson Agonistes Milton's non English language sonnets verses and elegies are accompanied by fresh translations by Gordon Braden Among the newly edited and authoritatively annotated prose selections are letters pamphlets political tracts essays such as Of Education and Areopagitica and a generous portion of his heretical Christian Doctrine These works reveal Milton's passionate advocacy of controversial positions during the English Civil War and the Commonwealth and Restoration periods With his deep learning and the sensual immediacy of his language Milton creates for us a unique bridge to the cultures of classical antiquity and medieval and Renaissance Christianity With this in mind the editors give careful attention to preserving the vibrant energy of

Milton's verse and prose while making the relatively unfamiliar aspects of his writing accessible to modern readers. Notes identify the old meanings and roots of English words, illuminate historical contexts including classical and biblical allusions, and offer concise accounts of the author's philosophical and political assumptions. This edition is a consummate work of modern literary scholarship.

Paradise Lost John Milton, 2005-09-15 *Paradise Lost* remains as challenging and relevant today as it was in the turbulent intellectual and political environment in which it was written. This edition aims to bring the poem as fully alive to a modern reader as it would have been to Milton's contemporaries. It provides a newly edited text of the 1674 edition of the poem, the last of Milton's lifetime, with carefully modernized spelling and punctuation. Marginal glosses define unfamiliar words, and extensive annotations at the foot of the page clarify Milton's syntax and poetics and explore the range of literary, biblical, and political allusions that point to his major concerns. David Kastan's lively Introduction considers the central interpretative issues raised by the poem, demonstrating how thoroughly it engaged the most vital and contested issues of Milton's time and which reveal themselves as no less vital and perhaps no less contested today. The edition also includes an essay on the text, a chronology of major events in Milton's life, and a selected bibliography, as well as the first known biography of Milton written by Edward Phillips in 1694.

The Art of Our Necessities Michael Rider, 2024-08-28 MICHAEL RIDER is a poet, musician, writer, and actor. He has a long list of professional stage, film, and television credits, best known for his appearances in *ROAD HOUSE* and *STAR TREK: NEXT GENERATION*. He studied acting at Juilliard with classmate Robin Williams, film making at NYU, and poetry writing at UCLA. His autobiographically inspired stories are of riverboats, jailbreaks, backtracks, heartbreaks, motorcycles, barrooms, and backstage dramas, moving from the funky upper west side of New York City and Juilliard Drama of the 1970s to the glamour and chaos of the Chicago theatre scene, to the rough and tumble of Hollywood. Whether it's surviving the rivers and canals of the midwest as a deckhand on a working boat, driving a taxi cab in New York, negotiating his release from a rural Mexican jail, making a war movie in war-torn Africa, or fighting on set with Sam Elliot and Patrick Swayze filming *ROAD HOUSE*, Rider retells these adventures with all of the practiced panache of an accomplished raconteur. Much of Rider's poetry is lyrical and deeply if darkly spiritual. His imagery is startling as he seems to be listening in on the conversations of revenant bards. In addition to *THE GHOST ACCORDION* and *Other Poems*, a survey of his work over the last decade, selections are also included from Rider's spaghetti-western inspired allegorical poem *EMPIRE OF THE GUN*.
