Perspectives on Gender in Post-1945 German Literature Georgina Paul, 2009 Recent studies of German modernity have tended to approach the subject from either a uniquely masculine or uniquely feminine viewpoint In this work however Georgina Paul examines these two gendered perspectives side by side via a sequence of readings of major thematically related German literary texts by both male and female authors **Christa Wolf in Perspective** ,2024-12-09 *Existenz und Heldentum bei Christa Wolf* Fausto Cercignani, 1988

The Poetics of Passage Heike Polster, 2014-07-24 Following German writer Christa Wolf's death in December 2011 the scholarly interest that her work had generated over four decades now culminates in the question of her literary and cultural legacy Throughout her long writing career Christa Wolf often pointed to generational differences and asked questions about historical experiences specific to the period's contemporaries The Poetics of Passage discusses the experience of time and history and their representation as two of the late author's guiding concerns Considering Wolf's critiques of Anna Seghers' work Heike Polster develops a framework for understanding the poetic construction of time in Wolf's texts Furthermore the writer's critical engagement with memory history and the writing process is formulated into a poetics of contemporaneity or Zeitgenossenschaft that Polster's study outlines as Wolf's poetological response to the ontological questions of time's passage **Mapping Morality in Postwar German Women's**

Fiction Michelle Mattson, 2010 Christa Wolf 1929 Ingeborg Drewitz 1923 1986 and Grete Weil 1906 1999 occupy very different positions in postwar German literature yet all three challenge readers to consider how individuals understand their roles in history and how they negotiate their personal responsibilities based on those roles These three are of course by no means the only German writers to have dealt with such questions in the wake of the Third Reich But Wolf Drewitz and Weil ground their projects in the family an institution often left out of such inquiries giving them a different starting point for moral reflection **Legitimationsstrategien der Mythosrezeption - Thomas Mann, Christa Wolf, John Barth,**

Lernens. An diesem Spannungsverhältnis setzt die vorliegende Analyse an. Das Buch bietet einen Überblick über den Stoff des Mythos, Hintergrund antiker und moderner DDR-Literatur und die Bearbeitung des Mythos im Wandel der Zeit. Es versucht die Kontinuität und Aktualität des Mythos um die Seherin Cassandra aufzuzeigen sowie Verständnis und Funktionen des Mythos im jeweiligen geschichtlichen Kontext darzulegen. Es bemüht sich um eine Klärung der Rolle der Frau und des Patriarchats im Rahmen unterschiedlicher Mythenbearbeitungen und zeigt die besonderen Aspekte der Ideologie und Psychologie innerhalb des mythischen Stoffes auf. Das Buch bietet sowohl Vergleiche zur Orestie des Aischylos als auch zum modernen Werk Marion Zimmer Bradleys und Wolfgang Hildesheimers. Die Umdeutung der Cassandra-Figur, das besondere Mythenverständnis Christa Wolfs und die Entmystifizierung des patriarchalischen Stoffes stehen dabei im Vordergrund. Und nicht zuletzt die Bedeutung Kassandras als Trägerin eines utopischen und doch konkreten Hoffnungsgedankens der Autorin Christa Wolf, die zur Suche nach Alternativen in der Geschichte einer Suche nach Alternativen zum abendlandischen Denken und dessen männlichem Realismus. **Kontinuität und Wandel im Werk von Christa Wolf** Annette Firsching, 1996 *Das System der Verkennung* Martin Beyer, 2007

Postcommunism and the Body Politic Ellen E. Berry, 1995-07 The epidemic of mass rape in the former Yugoslavia has illustrated once again and in particularly brutal fashion the inextricable relationship between national politics, sexual politics and body politics. The nexus of these three forces is highly charged in any culture at any time in history but especially so among cultures in which rapid even cataclysmic changes in material realities and national self-conceptions are eroding or overwhelming previously secure boundaries. The postcommunist moment in the so-called Second World Central and Eastern Europe and the former Soviet Union has dramatically exposed the opportunities and dangers that arise when the political, cultural and economic foundations of a society are de- and then re-structured. Gender roles and relations, expressions of sexuality or attempts to recontain them, representations of the body, especially the female body and the larger cultural meanings it assumes are particularly marked sites to witness the performance of complex national dramas of crisis and change. This groundbreaking volume turns its attention to the Second World specifically to such subjects as the birth of the sex media and porn industry in Russia, Russian women and alcoholism, cinema in post-communist Hungary, patriotism and gender in Poland, sexual dissidence in Eastern Europe and women in the former Yugoslavia. go to the Genders website Die poetische Konstruktion des Selbst Marion Schmaus, 2010-11-05 Die Studie untersucht frühromantische Individualitätskonzepte und ihre Aktualität in Literatur und Philosophie der ästhetischen Moderne nach 1945. Ausgehend von Novalis' philosophischen Reflexionen zur intersubjektiven Verfaßtheit des Ich wird die poetische Konstruktion des Selbst in seinem literarischen Werk herausgearbeitet. Ein zentrales Problem der Subjektivitätsphilosophie, die Vermittlung von Gefühl und Gedanke, wird hier in

Motiven der Zweigeschlechtlichkeit des Ich des Traumbewusstseins sowie der Liebesutopie verhandelt und in eine Ethik der Lebenskunst überführt. Diese Verbindung von Philosophie und Literatur Ethik und Ästhetik ist Kennzeichen der Romantik. Rezeption nach 1945: Dies wird exemplarisch anhand der Werke Ingeborg Bachmanns, Christa Wolfs und Michel Foucaults gezeigt. Das Interesse der Autorinnen gilt der Überschreitung der Geschlechteropposition in der Frühromantik. Bei Foucault werden ästhetische Widerstandspraktiken im Blick auf die moderne Pluralisierung von Diskurs und Machtformationen entwickelt. Die Arbeit weist sowohl die Novalis-Rezeption der genannten Autorinnen und Autoren nach als auch die produktive Fortentwicklung seiner Konzeption unter den Bedingungen einer Literatur und Ethik nach Auschwitz.
