Eros Rediscovered Restoring Sex To Humanity:

Eros Rediscovered Leslie Paul, 1970 Man is always a two dimensional being living biologically and culturally at the same time and nowhere is this more apparent than in his social life in which the tension between biological impulse and social approval is constant This book is concerned with this theme with how man regards his sex how he simultaneously contains and enjoys it within a moral framework It is primarily concerned with what sex means now in our technological society which is transforming everything even sex itself **Sex Research** Institute for Sex Research, 1979 *Embodiment* James B. Nelson, Few would doubt that this is a time of transition in our understanding of human sexuality The confusion about sexual morals and mores is the more obvious evidence of this But there is something else For too long the bulk of Christian reflection about sexuality has asked an essentially one directional question what does Christian faith have to say about our lives as sexual beings **Rediscovering the Person in Medical Care** James B. Nelson, 1976 Christianity and Crisis Reinhold Niebuhr, 1970 **Sexuality, Marriage, and Family** Paulinus Ikechukwu Odozor, 2001 This comprehensive volume brings together an impressive array of Christian writers to examine sexuality marriage and family from the perspective of scripture ancient Christian writers Christian history the official teachings of the Catholic Church and contemporary theological reflection As useful as it is profound Sexuality Marriage and Family offers an in depth exploration of the moral and ethical considerations surrounding issues such as sexuality divorce remarriage conception and sexual equality It is an invaluable resource for college level courses on marriage parish based marriage preparation courses and the general reader who wishes to explore the issues debates and development of the Catholic tradition on sex marriage and family
