as well as the confiscation of the valuables and possessions of the unfortunate Jews who crossed the threshold of this man made hell One cannot fail to be moved by the personal accounts of those who survived their loved ones perished in this factory of death The book covers the construction of the death camp the physical layout of the camp as remembered by both the Jewish inmates and the SS staff who served there and the personal recollections that detail the day to day experiences of the prisoners and the SS The courageous revolt by the prisoners on October 14 1943 is re told by the prisoners and the German SS with detailed accounts of the revolt and its aftermath The post war fate of the perpetrators or more precisely those that were brought to trial and information regarding the more recent history of the site itself concludes this book There is a large photographic section of rare and some unpublished photographs and documents from the author s private archive

Escapar de Sobibor Richard Rashke,2004-06 Sobibor un campo de concentraci n secreto situado en Polonia y en el que murieron asesinadas 250 000 personas en su mayor a jud as fue el escenario de una de las mayores fugas de prisioneros Las entrevistas del autor con dieciocho de los supervivientes son la base de este libro junto a diarios y art culos que dan mayor veracidad a la descripci n del campo y de la evasi n **Sobibor** Jules Schelvis,2014-05-20 Auschwitz Treblinka The very names of these Nazi camps evoke unspeakable cruelty Sobib r is less well known and this book discloses the horrors perpetrated there Established in German occupied Poland the camp at Sobib r began its dreadful killing operation in May 1942 By October 1943 approximately 167 000 people had been murdered there Sobib r is not well documented and were it not for an extraordinary revolt on 14 October 1943 we would know little about it On that day prisoners staged a remarkable uprising in which 300 men and women escaped The author identifies only forty seven who survived the war Sent in June 1943 to Sobib r where his wife and family were murdered Jules Schelvis has written the first book length fully documented account of the camp He details the creation of the killing centre its personnel the use of railways selections forced labour gas chambers escape attempts and the historic uprising In documenting this part of Holocaust history this compelling and well researched account advances our knowledge and understanding of the Nazi attempt to annihilate the European Jews Published in association with the United States Holocaust Memorial Museum [A Tale of Two Continents](#) Abraham Pais,2014-07-14 People like myself who truly feel at home in several countries are not strictly at home anywhere writes Abraham Pais one of the world s leading theoretical physicists near the beginning of this engrossing chronicle of his life on two continents The author of an immensely popular biography of Einstein Subtle Is the Lord Pais writes engagingly for a general audience His tale describes his period of hiding in Nazi occupied Holland he ended the war in a Gestapo prison and his life in America particularly at the newly organized Institute for Advanced Study in Princeton then directed by the brilliant and controversial physicist Robert Oppenheimer Pais tells fascinating stories about Oppenheimer Einstein Bohr Sakharov Dirac Heisenberg and von Neumann as well as about nonscientists like Chaim Weizmann George Kennan Erwin Panofsky and Pablo Casals His enthusiasm about science and life in general pervades a book that is partly a memoir partly a travel

commentary and partly a history of science Pais's charming recollections of his years as a university student become somber with the German invasion of the Netherlands in 1940. He was presented with an unusual deadline for his graduate work: a German decree that July 14, 1941, would be the final date on which Dutch Jews could be granted a doctoral degree. Pais received the degree only to be forced into hiding from the Nazis in 1943, practically next door to Anne Frank. After the war, he went to the Institute of Theoretical Physics in Copenhagen to work with Niels Bohr. 1946 began his years at the Institute for Advanced Study where he worked first as a Fellow and then as a Professor until his move to Rockefeller University in 1963. Combining his understanding of disparate social and political worlds, Pais comments just as insightfully on Oppenheimer's ordeals during the McCarthy era as he does on his own and his European colleagues' struggles during World War II. The Transcultural Turn Lucy Bond, Jessica Rapson, 2014-04-01

This edited collection makes a progressive intervention into the interdisciplinary field of memory studies with a series of essays drawn from diverse theoretical, practical, and cultural backgrounds. The most seminal critical development within memory studies in recent years has arguably been the turn towards transculturalism. This movement engenders a series of methodologies that posit remembrance as a fluid process in which commemorative tropes work to inform the representation of diverse events and traumas beyond national or cultural boundaries, transcending but not negating spatial, temporal, and ideational differences. Examining a wide range of historical and cultural contexts, the essays in this collection focus on the dialogues that shape processes of remembrance between and beyond borders, critiquing the problems and possibilities inherent in current discourses in memorial practice and theory as they approach the challenge of transculturalism.

Saidel,2012 The book s 45 visuals include rare documentation of correspondence during the Holocaust Author Dr Rochelle G Saidel s research was carried out as a Research Fellow at the Yad Vashem International Research Institute as well

as under the auspices of Remember the Women Institute Mielec Poland is just one of many small dots on the map of the Holocaust but its remarkable and unique history calls for closer scrutiny Using an experimental process that was not repeated the Nazis destroyed the Mielec Jewish community on March 9 1942 After murdering those deemed too old or disabled to be useful the German occupiers selected able bodied survivors mostly men for slave labour and then deported the rest 4 000 mostly women some with children to another sector of the Generalgouvernement the Lublin district This process was recorded not only by the Nazis but also by some members of the local Jewish and non Jewish population The visual and written documentation in this book allows us to learn about the Jewish community that had flourished in Mielec until the Holocaust as well as the unusual way in which it was wiped out by the Nazis In addition testimonies and war criminal trial records describe an almost unknown brutal slave labour camp that operated on the outskirts of Mielec from before March 1942 until July 1944 Mielec is located in the Rzesz w province in southern Poland quite close to Tarn w and was in the Krak w district of the Generalgouvernement Both the Jewish community and the concentration camp of Mielec have almost vanished from history and evidence at the site is sparse Nevertheless what happened there can be recounted using old and new testimonies rare photographs and documents survivor interviews and archival material With the exception of a small number of people fortunate enough to survive by running and hiding the entire population was murdered sent to slave labor camps or later deported to death camps from the Lublin district Mielec was the first town in the Generalgouvernement from which the entire Jewish population was deported in the context of the Final Solution The Nazis well documented decision to deport the Jews of Mielec was made very early in January 1942 Furthermore after deportation to the Lublin district following an Aktion on March 9 1942 the Mielec Jews were not murdered immediately They were allowed to live for months under terrible circumstances in some of the small towns in that district near Sobib r and Be ec Ultimately these two death camps would be the final destination for Mielec s Jews Another unusual aspect of the Mielec story is the labor camp that was located there The site of the Polish National Aircraft Company PZL part of a Centralny Okreg Przemys owy Central Industrial District was taken over by the Nazis for the manufacture of Heinkel airplanes Later this work camp became a concentration camp complete with tattoos and sadistic commandants Despite these facts histories of the Holocaust rarely mention Mielec Today this site is a Euro Park industrial complex The rare visuals about Mielec during the Holocaust are from survivor Moshe Borger who was given a photograph album and correspondence by a Polish neighbour after World War II from archives the deportation from research trips to Mielec and from other survivors Very early and much more recent survivor testimonies as well as Nazi documentation help to tell the story The author interviewed survivors and also found Nazi war criminal trial records Material from the unpublished manuscript of a Mielec concentration camp survivor and from the diary and unpublished manuscript of a Mielec shtetl survivor are included as is testimony from a Mielec resident who was one of ten women to survive the Sobib r revolt Research was carried out in Yad Vashem the United States Holocaust Memorial Museum
