He Who Hunted Birds In His Fathers Village:

He who Hunted Birds in His Father's Village Gary Snyder, 1979 *He Who Hunted Birds in His Father's Village* Gary Snyder, 2007-05-01 In 1951 as a student of anthropology in Oregon Gary Snyder set himself to the task of analyzing the many levels of meaning a single Native American myth might hold *He Who Hunted Birds in His Father's Village* is the result of Snyder's critical look at a Haida tale that was told by the great oral poet Ghandl Walter McGregor to John Swanton sometime before 1905 A version of the ubiquitous swan maiden story it tells of a chief's son who falls in love with a wild goose girl loses her follows her into the sky and returns to land as a seagull Snyder goes deep into the transformations that occur in the myth considering versions of myth from around the world and explaining how the story might apply here and now He writes To go beyond and become what a seagull on a reef Why not Our nature is no particular nature look out across the beach at the gulls For an empty moment while their soar and cry enters your heart like sunshaft through water you are that totally We do this every day So this is the aspect of mind that gives art style and self transcendence to the inescapable human plantedness in a social and ecological nexus The challenge is to do it well by your neighbors and by the trees and that maybe once in a great while we can get where we see through the same eye at the same time for a moment That would be doing it well Old tales and myths and stories are the k_ans of the human race ***He Who Hunted Birds in His Father's Village*** Gary Snyder, 1979 *Gary Snyder and the Pacific Rim* Timothy Gray, 2006-10 In *Gary Snyder and the Pacific Rim* Timothy Gray draws upon previously unpublished journals and letters as well as his own close readings of Gary Snyder's well crafted poetry and prose to track the early career of a maverick intellectual whose writings powered the San Francisco Renaissance of the 1950s and 1960s Exploring various aspects of cultural geography Gray asserts that this west coast literary community seized upon the idea of a Pacific Rim regional structure in part to recognize their Orientalist desires and in part to consolidate their opposition to America's cold war ideology which tended to divide East from West The geographical consciousness of Snyder's writing was particularly influential Gray argues because it gave San Francisco's Beat and hippie cultures a set of physical coordinates by which they could chart their utopian visions of peace and love Gray's introduction tracks the increased use of Pacific Rim discourse by politicians and business leaders following World War II Ensuing chapters analyze Snyder's countercultural invocation of this regional idea concentrating on the poet's migratory or creaturely sensibility his gift for literary translation his physical embodiment of trans Pacific ideals his role as tribal spokesperson for Haight Ashbury hippies and his burgeoning interest in environmental issues Throughout Gray's citations of such writers as Allen Ginsberg Philip Whalen and Joanne Kyger shed light on Snyder's communal role providing an amazingly intimate portrait of the west coast counterculture An interdisciplinary project that utilizes models of ecology sociology and comparative religion to supplement traditional methods of literary biography *Gary Snyder and the Pacific Rim* offers a unique perspective on Snyder's life and work This book will fascinate literary and Asian studies scholars as well as the general reader interested in the Beat

Fieldworks Lytle Shaw,2013-01-22 Fieldworks offers a historical account of the social rhetorical and material attempts to ground art and poetry in the physicality of a site Arguing that place oriented inquiries allowed poets and artists to develop new experimental models of historiography and ethnography Lytle Shaw draws out the shifting terms of this practice from World War II to the present through a series of illuminating case studies Beginning with the alternate national genealogies unearthed by William Carlos Williams in Paterson and Charles Olson in Gloucester Shaw demonstrates how subsequent poets sought to ground such inquiries in concrete social formations to in effect live the poetics of place Gary Snyder in his back to the land familial compound Kitkitdizze Amiri Baraka in a black nationalist community in Newark Robert Creeley and the poets of Bolinas California in the capacious now of their poet run town Turning to the work of Robert Smithson who called one of his essays an appendix to Paterson and who in turn has exerted a major influence on poets since the 1970s Shaw then traces the emergence of site specific art in relation both to the poetics of place and to the larger linguistic turn in the humanities considering poets including Clark Coolidge Bernadette Mayer and Lisa Robertson By putting the poetics of place into dialog with site specificity in art Shaw demonstrates how poets and artists became experimental explicators not just of concrete locations and their histories but of the discourses used to interpret sites more broadly It is this dual sense of fieldwork that organizes Shaw s groundbreaking history of site specific poetry
