Headhunting In The Solomon Islands: Around The Coral Sea Caroline Mytinger, 2016-01-18 More than 80 years ago Caroline Mytinger a portrait artist and her childhood friend Margaret Warner set out by freighter from San Francisco with little more than 400 in their pocket and a tin of paints to their name Their objective was to paint portraits of the tribal people of Papua New Guinea and the Solomon Islands before the encroachment of modern European style culture changed their lives forever This gripping book tells of the two women s experiences whilst travelling through Melanesia between 1926 and 1930 **Headhunting in the Solomon Islands, Around the Coral Sea. Illustrated**, 1942 Headhunting in the Solomon Islands Around the Coral Sea Caroline Mytinger, 1942 **The Ambassador's Son** Homer H. Hickam, Homer Hickam, 2006-05-02 It is 1943 and the struggle against Japan rages across the steaming jungle choked Solomon Islands As the fate of the South Pacific hangs precariously in the balance Lieutenant David Armistead a Marine Corps hero and cousin of President Franklin Roosevelt is rumored to have deserted perhaps to the enemy For Coast Guard Commander Josh Thurlow the news is particularly bad He befriended Armistead while fighting by his side Now he has orders straight from the top to bring him back or kill him in the attempt Pressed into the mission is an officer who couldn t be less like Josh a shiftless PT boat skipper named John F Kennedy To find their elusive quarry they and Josh s crew of misfits must face dangers as exotic as the lush battleground that surrounds them including implacable Japanese an Australian coastwatcher turned warlord and a beautiful seductress who will either steal Josh s heart or have his head **Gender, Property and Politics in the Pacific** Rebecca Monson, 2023-01-26 Outlines how land disputes are entangled with gender ethnicity and territoriality shaping public authority and state formation Three Plays of Maureen Hunter Hunter, Maureen, 2003 Book is clean and tight No writing in text Like New **Wealth of the Solomons** Judith A. Bennett, 1987-05-01 Du site de l d The history of the Solomon Islands is in itself an intriguing story and Dr Bennett tells it more than well The depth and breadth of the work is impressive in at least two respects First it covers events in the Solomons from initial European contact in the middle 1500s to the country s emergence as an independent and sovereign state in 1978 Second all facets of colonial history are covered to name only a few the early contact period the whaling trade the development of plantations the nature of British colonial rule and missionization Considering the scope of this volume it represents a definitive history of the Solomon Islands and it will remain so for many years to come Religions of Melanesia Garry Trompf, 2006-09-30 Melanesia boasts over one quarter of the world s distinct religions and presents the most complex religious panorama on earth The region is famous for its unusual new religious movements that have adapted traditional beliefs to modernity in surprising ways As the first bibliographical survey to comprehensively cover the entire region Religions of Melanesia is an invaluable research aid for anyone interested in this growing field Trompf s work is a complete listing of scholarly publications and provides readable and concise descriptions that will clearly guide the researcher toward the most relevant sources This survey covers 2188 entries

Custom and Confrontation Roger M. Keesing, 1992-12 Anthropologists and students of anthropology may read this book because it is a superior ethnography detailed and enriched by theoretical insights But at the heart of this book is a moral take a simple but powerful story about an indigenous people who were wronged who resisted for more than 100 years and who may yet prevail This message ultimately lends the book its true meaning and value William Rodman *Anthropologica* A major contribution to the ethnography and history of Malaita and Melanesia and to the growing literature on cultural resistance But above all his humane and painful analysis of the meeting of peoples living in different worlds and constructing their agendas and moralities on incommensurate and apparently equally arbitrary principles represents a major contribution and challenge to anthropological thought addressing the basic issue of what it is to be human Fredrik Barth *The Naturalist and His 'beautiful Islands'* David Russell Lawrence, 2014-10-28 I know no place where firm and paternal government would sooner produce beneficial results than in the Solomons Here is an object worthy indeed the devotion of one's life Charles Morris Woodford devoted his working life to pursuing this dream becoming the first British Resident Commissioner in 1897 and remaining in office until 1915 establishing the colonial state almost singlehandedly His career in the Pacific extended beyond the Solomon Islands He worked briefly for the Western Pacific High Commission in Fiji was a temporary consul in Samoa and travelled as a Government Agent on a small labour vessel returning indentured workers to the Gilbert Islands As an independent naturalist he made three successful expeditions to the islands and even climbed Mt Popomanaseu the highest mountain in Guadalcanal However his natural history collection of over 20 000 specimens held by the British Museum of Natural History has not been comprehensively examined The British Solomon Islands Protectorate was established in order to control the Pacific Labour Trade and to counter possible expansion by French and German colonialists It remaining an impoverished largely neglected protectorate in the Western Pacific whose economic importance was large scale copra production with its copra considered the second worst in the world This book is a study of Woodford the man and what drove his desire to establish a colonial protectorate in the Solomon Islands In doing so it also addresses ongoing issues not so much why the independent state broke down but how imperfectly it was put together in the first place
