**"Heal the Sick" was Their Motto** Gerald H. Choa,1990      **A Protestant Church in Communist China** John Craig William Keating,2012-02-16 Freedom of religious belief is guaranteed under the constitution of the People s Republic of China but the degree to which this freedom is able to be exercised remains a highly controversial issue Much scholarly attention has been given to persecuted underground groups such as Falun but one area that remains largely unexplored is the relationship between officially registered churches and the communist government This study investigates the history of one such official church Moore Memorial Church in Shanghai This church was founded by American Methodist missionaries By the time of the 1949 revolution it was the largest Protestant church in East Asia running seven day a week programs As a case study of one individual church operating from an historical rather than theological perspective this study examines the experience of people at this church against the backdrop of the turbulent politics of the Mao and Deng eras It asks and seeks to answer questions such as were the people at the church pleased to see the foreign missionaries leave Were people forced to sign the so called Christian manifesto Once the church doors were closed in 1966 did worshipers go underground Why was this particular church especially chosen to be the first re opened in Shanghai in 1979 What explanations are there for its phenomenal growth since then A considerable proportion of the data for this study is drawn from Chinese language sources including interviews personal correspondence statistics internal church documents and archives many of which have never previously been published or accessed by foreign researchers The main focus of this study is on the period from 1949 to 1989 a period in which the church experienced many ups and downs restrictions and limitations The Mao era in particular remains one of the least understood and seldom written about periods in the history of Christianity in China This study therefore makes a significant contribution to our evolving understanding of the delicate balancing act between compromise co operation and compliance that categorizes church state relations in modern China      **The American Asian Review** ,1991

Thomas,2018-02-20 Learn to use four characteristics of preaching with moral imagination to proclaim freedom for all The author describes the four characteristics using examples like Robert F Kennedy Dr Martin Luther King Jr Prathia Hall and the Moral Monday Movement along with musicians and other artists of today Moral imagination helps the hearer to see what they cannot see to hear what they cannot hear to inhabit the lives of others so that they can embody Christ and true freedom for those others This book equips and empowers preachers to transcend their basic

skills and techniques so that their proclamation of the Word causes actual turnaround in the hearts and lives of their hearers and in their communities Frank Thomas has written a passionate summons amid the current destructive chaos of our society there is an urgent need for moral imagination Such imagination is the antithesis of diabolic and idolatrous imagination that is all to the fore in our public discourse and practice Thomas fleshes out moral imagination with close reflection on the practice of Robert F Kennedy and Martin Luther King Before he finishes Thomas shows how the urgency of moral imagination belongs peculiarly to the work of the preacher This book is a welcome call for gospel grounded courage and truth about the neighbor issued in a way that refuses the self serving fakery that dominates our public life Walter Brueggemann Columbia Theological Seminary Timely and prophetic *How to Preach a Dangerous Sermon* presents a homiletic essential for our churches today Thomas insists that it is up to the preacher to recapture and reclaim the moral imagination of our nation so that the Gospel's message of freedom is true for all people With attention to specific figures whose witness models the qualities and characteristics of moral imagination Thomas inspires the preacher toward powerful proclamation that both challenges and critiques any speech that subjugates or subordinates *How to Preach a Dangerous Sermon* is must read for preachers to recover and reimagine the leadership role of the church for the sake of justice for all Karoline M Lewis Associate Professor of Biblical Preaching and the Marbury E Anderson Chair of Biblical Preaching Luther Seminary author of *She Five Keys to Unlock the Power of Women in Ministry* In this lucid and compelling book Frank Thomas plumbs the depths of American moral rhetoric for insights that will help preachers *How to Preach a Dangerous Sermon* provides new and dramatic ways in which the moral imagination in a democratic society can be nurtured by visionary empathic wise and artistic preachers John S McClure Charles G Finney Professor of Preaching and Worship Vanderbilt Divinity School Warning Preachers if you are comfortable with the status quo of white privilege patriarchy hetero normativity and classism do not read this book If you are comfortable with sermon series that reduce the gospel to self help acronyms don't read this book But if you have the courage to look honestly at our landscape and bring the moral imagination of the Christian tradition to bear on it open these pages and your sermons may never be the same again But then again neither will the church or the world be the same anymore if enough of us follow Thomas's advice O Wesley Allen Jr Lois Craddock Perkins Professor of Homiletics Perkins School of Theology Southern Methodist University Congressional Record United States. Michael Butler, 2016-04-12 In 1975 Florida's Escambia County and the city of Pensacola experienced a pernicious chain of events A sheriff's deputy killed a young black man at point blank range Months of protests against police brutality followed culminating in the arrest and conviction of the Reverend H K

Matthews the leading civil rights organizer in the county Viewing the events of Escambia County within the context of the broader civil rights movement J Michael Butler demonstrates that while activism of the previous decade destroyed most visible and dramatic signs of racial segregation institutionalized forms of cultural racism still persisted In Florida white leaders insisted that because blacks obtained legislative victories in the 1960s African Americans could no longer claim that racism existed even while public schools displayed Confederate imagery and allegations of police brutality against black citizens multiplied Offering a new perspective on the literature of the black freedom struggle Beyond Integration reveals how with each legal step taken toward racial equality notions of black inferiority became more entrenched reminding us just how deeply racism remained and still remains in our society Spirit of Rebellion Jarod Roll,2010-04-15 Winner of the Herbert G Gutman Prize from the Labor and Working Class History Association In Spirit of Rebellion Jarod Roll documents an alternative tradition of American protest by linking working class political movements to grassroots religious revivals He reveals how ordinary rural citizens in the south used available resources and their shared faith to defend their agrarian livelihoods amid the political and economic upheaval of the first half of the twentieth century On the frontier of the New Cotton South in Missouri s Bootheel the relationships between black and white farmers were complicated by racial tensions and bitter competition Despite these divisions workers found common ground as dissidents fighting for economic security decent housing and basic health ultimately drawing on the democratic potential of evangelical religion to wage working class revolts against commodity agriculture and the political forces that buoyed it Roll convincingly shows how the moral clarity and spiritual vigor these working people found in the burgeoning Pentecostal revivals gave them the courage and fortitude to develop an expansive agenda of workers rights by tapping into the powers of existing organizations such as the Socialist Party the Universal Negro Improvement Association the NAACP and the interracial Southern Tenant Farmers Union

Radiation Sickness Lama Milkweed L. Augustine,2007-07-31 I speak candidly about radiation sickness in a poignant manner because of not only the fact concerning myself succumbing to it but I wanted to create a memorable impact as well as there exist people scattered about this world as these same people are suffering and dying from this copiously sad disease or affliction or mans desires to alter the enviornment as he is now doing more harm than aiding it But as this story that is heart touching as it is revealing the young victim still maintained a sense of gentleness and patience in the direction of his unprovoked enemies which were those at the very nuclear power plant in his eyes gave him life a chance at hope for a brighter future in a rural place but still candidly holding onto the past in which he has grown Becomming completely ravaged from the terrible effects of the high level of nuclear radiation and from the industrial accident in which he fell prey this toxic waste worker still manages to keep himself peacefully aware of not only the ultimate consequences of their mistake or inexcusable blunder that should never be forgotten or done again **Light** ,1905 **Medicinal Plants used in**
