## **Healing Grief Reclaiming Life After Any Loss:**

**Healing Grief** James Van Praagh, 2001-04-01 James Van Praagh's first two books both New York Times bestsellers have been a powerful healing force for millions of readers. Using his talents as a medium, Van Praagh has not only helped the bereaved reach their lost loved ones and find peace but he has also illuminated the mysteries of death, the afterlife, and rebirth. His new book *Healing Grief* will once again draw from his compelling and uplifting readings but with a new and special purpose to show what the spirit world can teach us about the grieving process itself. While grief is clearly a natural response to death, it should also properly accompany life's other difficult passages including times of transition, the loss of a relationship, or even the loss of a pet. *Healing Grief* begins with chapters that each examine a specific kind of loss: death of a parent, a spouse, or a child; the end of a marriage; or the onset of a troubling life change such as unemployment or grave illness, and considers the particular bereavement issues it may engender. The book also offers advice on explaining death to children, on distinguishing healthy from destructive grief, and on harnessing the powers of healing through special exercises, meditation, and affirmations. *Healing Grief* should be in Van Praagh's words, a manual for grieving well, offering an inspiring new perspective on grief from a world-renowned medium who has become an expert at helping people cope with unresolvable sorrow.

**Healing Grief** James Van Praagh, 2000-07-01 Reveals how the devastating sorrow of a loss can transform our lives into opportunities for growth, bring about a sense of renewal, focus, and warns against conforming our grief to what is expected, as the norm encourages each of us to grieve in our own way, in our own time, offering constructive guidance through each step of the grieving process. Whether it is the loss of a loved one or losses such as divorce, coping with a terminal illness, mid-life problems, losing a home or job, or aging, if we suppress the feelings that arise from such traumas, we impede our progress. Offers hope for a healing of the mind, spirit, as we move beyond grief, loss, to a life of freedom, joy, purpose.

**51% Christian** Mark Stenberg,2015-11-01 God is not an idea Christian faith is not a set of propositions you either believe or reject According to a proper Trinitarian understanding God is essentially relationship a relationship of sheer active ecstatic self giving love If we truly are encountered by this magnificent love of the Trinity then faith becomes a living and active daily practice Just like a healthy marriage or a close and loyal friendship it becomes something you choose every day This 51% Christian moniker is a ridiculous label with a deadly serious point You now have permission to doubt to question to get angry at God But in the end it s not about you Faith is about relationship a living daily relationship based on trust and active in concrete daily practices With this sort of freedom in grace Stenberg takes a fresh new look at theology thirteen topics that one by one examine the best of what the Bible and the history of Christian practitioners have to say Looking through this grace based radically relational lens the author offers a lively and engaging discussion of topics such as creation violence love death heaven and hell You might not always agree But you will not be bored
