Healing In The Wilderness A History Of The United Church Mission Hospitals:

Healing in the Wilderness Bob Burrows,2004 *Spirits of Protestantism* Pamela E. Klassen,2011-07-14 Klassen s book is much more than a first rate study of how two churches in Canada positioned themselves within the ostensibly parallel worlds of biomedicine and spiritual healing It is at its core an insightful meditation on the relationship between liberal Protestantism and the project of modernity A must read not only for students of Christianity but all those interested in the legacies of secularism and enchantment Matthew Engelke London School of Economics *The United Church of Canada* Don Schweitzer,2011-11-01 From its inception in the early 1900s The United Church of Canada set out to become the national church of Canada This book recounts and analyzes the history of the church of Canada s largest Protestant denomination and its engagement with issues of social and private morality evangelistic campaigns and its response to the restructuring of religion in the 1960s A chronological history is followed by chapters on the United Church s worship theology understanding of ministry relationships with the Canadian Jewish community Israel and Palestinians changing mission goals in relation to First Nations peoples and changing social imaginary The result is an original accessible and engaging account of The United Church of Canada s pilgrimage that will be useful for students historians and general readers From this account there emerges a complex portrait of the United Church as a distinctly Canadian Protestant church shaped by both its Christian faith and its engagement with the changing society of which it is a part **Healing Henan** Sonya Grypma,2008-07-01 While volumes have been written about the Protestant missionary movement in China scant attention has been paid to the role of nursing and nurses in these missions Set against a backdrop of war and revolution Healing Henan brings sixty years of missionary nursing out of the shadows by examining how Canadian nurses shaped health care in the province of Henan and how China in turn influenced the nature of missionary nursing From the time Presbyterian later United Church missionaries arrived in China in 1888 until the abrupt closure of the North China Mission in 1947 Canadian nurses were ubiquitous in Henan As China underwent a tumultuous transition from dynastic kingdom to independent republic Canadian nurses advanced a version of hospital based nursing education and practice that rivalled modern nursing care in Canada In Healing Henan Sonya Grypma offers a highly readable and fresh perspective on China missions and the global expansion of professional nursing As the first comprehensive study of missionary nursing in China it will be of particular interest to nurses and missionaries and to historians of Canada China nursing medicine women s work and missions **A Church with the Soul of a Nation** Phyllis D. Airhart,2014-01-01 As Canadian as the maple leaf is how one observer summed up the United Church of Canada after its founding in 1925 But was this Canadian made church flawed in its design as critics have charged A Church with the Soul of a Nation explores this question by weaving together the history of the United Church with a provocative analysis of religion and cultural change *Nursing History Review, Volume 25* Patricia D'Antonio, PhD, RN, FAAN,2016-08-09 Nursing History Review an annual peer reviewed publication of the American Association for the History of

Place and Practice in Canadian Nursing History Jayne Elliott, Meryn Stuart, Cynthia Toman, 2009-05-01 The close association between nurses and hospitals obscures the diversity and complexity of nursing work in other contexts This collection looks at nurses and nursing in a wide range of settings from the mid 1800s to the 1970s including indigenous women on the Canadian prairies First World War nurses posted overseas outpost nurses in rural and remote areas of Saskatchewan Ontario and Quebec public health nurses in Winnipeg and religious congregations in nursing education in New Brunswick The contributors use feminist and historical perspectives to illustrate how place understood as both social context and geographic setting shaped nursing identities and practices Many nurses found place both liberating and constraining often simultaneously Paying attention to place also situates these nurses and their work within larger historical themes of nation building war and political change *Wilful Neglect* Jane Thomas, 2025-10-14 Tuberculosis once a leading cause of death in Europe and North America was understood to be preventable and even curable by the early twentieth century Yet despite growing knowledge about the disease and interventions that would slow its spread tuberculosis deaths among First Nations in Canada remained staggeringly high Government policies rooted in colonialism exacerbated a tuberculosis epidemic *Wilful Neglect* explores the devastating consequences of the Department of Indian Affairs failed responses to tuberculosis among First Nations in Canada from 1867 to 1945 Even when medical treatment for tuberculosis became widely available and despite the codification of the federal government s obligations in treaties and other legislation the basic health needs of First Nations remained unmet The government instead prioritized an assimilationist agenda including the placement of Indigenous children in residential schools which became hotbeds for the spread of the infection Drawing on the department s own annual reports memoranda and budgets over more than seventy years Jane Thomas traces key moments decisions and individuals involved in shaping federal health policy laying bare the repercussions of racializing a disease Health policies developed by colonial governments without the involvement of First Nations have always failed *Wilful Neglect* demonstrates a direct link between the federal government s historical health policies and the disparities that continue into the present **Bad Faith** Paul A Offit, 2015-03-10 In recent years there have been major outbreaks of whooping cough

among children in California mumps in New York and measles in Ohio s Amish country despite the fact that these are all vaccine preventable diseases Although America is the most medically advanced place in the world many people disregard modern medicine in favor of using their faith to fight life threatening illnesses Christian Scientists pray for healing instead of going to the doctor Jehovah s Witnesses refuse blood transfusions and ultra Orthodox Jewish mohels spread herpes by using a primitive ritual to clean the wound Tragically children suffer and die every year from treatable diseases and in most states it is legal for parents to deny their children care for religious reasons In twenty first century America how could this be happening In *Bad Faith* acclaimed physician and author Dr Paul Offit gives readers a never before seen look into the minds of those who choose to medically martyr themselves or their children in the name of religion Offit chronicles the stories of these faithful and their children whose devastating experiences highlight the tangled relationship between religion and medicine in America Religious or not this issue reaches everyone whether you are seeking treatment at a Catholic hospital or trying to keep your kids safe from diseases spread by their unvaccinated peers Replete with vivid storytelling and complex compelling characters *Bad Faith* makes a strenuous case that denying medicine to children in the name of religion isn t t just unwise and immoral but a rejection of the very best aspects of what belief itself has to offer **America, History and Life** ,2006 Article abstracts and citations of reviews and dissertations covering the United States and Canada *Uppity Women We Are* Eileen Nason Cambon,2008 [Canadian Books in Print. Author and Title Index](#) ,1975 **Hope Lives Here** Bob Burrows,2010 No church in Canada has generated more news coverage for more years than Vancouver s First United That has everything to do with its location in the heart of the Downtown Eastside and with its role as caregiver and defender of the poor the needy and the homeless inhabitants of Canada s poorest postal code Famous for its defence of the jobless poor during the Great Depression under the leadership of the Reverend Andrew Roddan the church is now equally renowned as a bastion of support for modern day street people with more complicated problems With its roots in the early Presbyterian and Methodist Church Missions established in Vancouver in 1885 and 1888 the history of the First United Church spans that of the city it resides in During that time it has seen the area around it and the population it serves undergo tremendous changes as initial generations moved out to the suburbs and the congregation assisted with the settling of newcomers from all over the world Publisher description p 4 of cover *International Christian Literature Documentation Project* Douglas W. Geyer,1993 *Hospital and Haven* Mary F. Ehrlander,Hild M. Peters,2023-10 *Hospital and Haven* tells the story of an Episcopal missionary couple who lived their entire married life from 1910 to 1938 among the Gwich in peoples of northern Alaska devoting themselves to the peoples physical social and spiritual well being The era was marked by great social disruption within Alaska Native communities and high disease and death rates owing to the influx of non Natives in the region inadequate sanitation and hygiene minimal law enforcement and insufficient government funding for Alaska Native health care *Hospital and Haven* reveals the sometimes contentious yet promising relationship between missionaries Alaska Natives

other migrants and Progressive Era medicine St Stephen s Mission stood at the center of community life and formed a bulwark against the forces that threatened the Native peoples lifeways and lives Dr Grafton Happy or Hap Burke directed the Hudson Stuck Memorial Hospital the only hospital to serve Alaska Natives within a several hundred mile radius Clara Burke focused on orphaned needy and convalescing children raising hundreds in St Stephen s Mission Home The Gwich in in turn embraced and engaged in the church and hospital work making them community institutions Bishop Peter Trimble Rowe came to recognize the hospital and orphanage work at Fort Yukon as the church s most important work in Alaska
