**The Earthwise Herbal, Volume II** Matthew Wood, 2011-07-05 The first part in a comprehensive two volume guide on the use of medicinal plants in Western herbal medicine from an author who has almost forty years of clinical experience The first in a two volume set The Earthwise Herbal

profiles Old World plants volume two will treat American plants Organized alphabetically the book encompasses all the major and many of the secondary herbs of traditional and modern Western herbalism Author Matthew Wood describes characteristic symptoms and conditions in which each plant has proved useful in the clinic often illustrated with appropriate case histories He also takes a historical view based on his extensive study of ancient and traditional herbal literature Written in an easy engaging non technical style The Earthwise Herbal offers insight into the logic of the plant how it works in what areas of the body it works how it has been used in the past what its pharmacological constituents indicate about its use and how all these different factors hang together to produce a portrait of the plant as a whole entity Ideal for beginners serious students or advanced practitioners The Earthwise Herbal is also useful for homeopaths and flower essence practitioners as it bridges these fields in its treatment of herbal medicines

**The Western Herbal Tradition** Graeme Toby, Alison Denham, Midge Whitelegg, 2016-02-21 Presenting a valuable new angle for your phytotherapy practice this book traces the uses of 27 vital plants through 2000 years of history From Dioscorides and Trotula to the great Renaissance folios and up to present day this book demonstrates how traditional usage can be transmuted into your current practice

**The Western Herbal Tradition E-Book** Graeme Toby, Alison Denham, Margaret Whitelegg, 2010-11-12 The Western Herbal Tradition provides a comprehensive and critical exploration of the use of plant medicines through 2000 years of history from Dioscorides to the present day It follows each of the 27 herbs through a wide range of key sources from European Arabic and American traditions including Greek Roman and Renaissance texts A rich discussion of the historical texts is balanced with current application and research The herbs have been selected on the basis of common use by practising herbalists Each illustrated monograph contains Species identification and botanical description A study of the characterisation and medicinal use of the plants consistently drawn from featured herbals which includes the authors own translations from the Latin Assessment of past and current texts in the transmission of herbal knowledge Consideration of traditional therapeutics including humoral and physiomedical approaches Suggestions towards a modern experiential approach through Goethean methodology Current evidence on pharmacological constituents Review of evidence on safety Recommendations for internal and external uses prescribing and dosage Excellent illustrations accompany each monograph to aid learning First book to cover broader historical perspective and discussions of issues surrounding each herb Written by leading experts who are well known in the field Includes some monographs of which there is little material already available The bibliographic evidence provided could support applications for registration of Herbal Medicinal Products under the provisions of the Traditional Herbal Medicinal Product Directive An excellent valuable resource for everyone interested in herbal medicine

**The Practice of Traditional Western Herbalism** Matthew Wood, 2013-04-02 The Practice of Traditional Western Herbalism places the function of western herbs in their true historical context apart from homeopathy traditional Chinese medicine and Ayurveda Recently there has been a revival of interest in western herbalism but practitioners haven't been able to explore its

benefits due to a void of information on the topic the system of medicine the herbs fit into had all but disappeared To remedy the situation herbalist Matthew Wood has researched the old time practices and reconstructed them for modern use In resuscitating western herbal medicine and bringing it up to date he gives his readers a powerful tool for holistic theory and treatment Wood makes the point that plant medicines because they are made from a broad range of chemical components are naturally suited for the treatment of general patterns in the body He argues against the biomedical model of standardization in which herbs are refined and advertised as if they were drugs suited to an exact disease or condition

Personal Spirituality Daniel J. Benor,2006 Dr Benor addresses his explorations from the standpoint of an advocate but one who is an open minded explorer neither from a religious nor a conventional medical perspective The breadth and depth of the research reports in this volume on the psychic intuitive and spiritual aspects of healing will engage even the knowledgeable reader This book is destined to take its place among the most influential and controversial in the field of claims reports and experiences of unconventional healing and spiritual awareness
