**The Healing Presence** A. J. Meek, 2014-02-14

Do images heal Yes they do That is the thesis of renowned photographer A J Meek with these photographs of the clouds paired with children's perceptions of hope The feeling of freedom is exhilarating Meek says in his photographer's comments for the work contained within The total package of sky and children's perception is designed to evoke a positive healing attitude within the viewer When studied and meditated upon the audience cannot maintain a negative thought Heavily influenced by Native American culture these pictures which were made in New Mexico and Louisiana promote a feeling of well being and inspiration To be in the world but not of it is certainly the road less traveled and the most challenging for there are no earthly rewards for this choice only peace

**Negotiating a Presence-Centred Christian**

**Counselling** Simon Shui-Man Kwan, 2016-04-26 How Christian is Christian counselling In what ways should one's counselling practice be conducted in order to fulfil one's role as a Christian counsellor Is there a counselling practice that truly penetrates into the secular approaches while remaining faithful to the Christian traditions of healing What are the theological roots of secular counselling How may secular counselling both reinforce and challenge the Christian faith In answering these questions this book engages readers to navigate between two frames of reference one Eastern secular social scientific and modern the other Western Christian theological and traditional At levels of both theory and practice this book undertakes to integrate synthesize hybridize revise dichotomize and antagonize the two It proposes a revised presence centred counselling approach which may serve as a perspective that helps us to see things in more depth as we shuttle back and forth between the two frames This book thus negotiates a revised presence centred form of counselling that is theologically grounded social scientifically informed and cross culturally sensitive As the author's counselling practice proceeds mainly in societies where Chinese is the majority the cross cultural examinations and proposals offered in this book have been bred in a space where Chinese culture meets the Christian Protestantism in particular West This book is an outgrowth of the author's experience teaching Christian counselling courses for 17 years and his 30 year clinical practice
