Karen A. Duncan,2004-08-30 The traumatic affects of childhood sexual abuse can remain and recur throughout life for women who have not healed emotionally This book by a family therapist shares stories from 18 women abused as children explaining that healing can occur at any stage of life and that healing itself occurs in stages The author offers guidance to recognize the long lingering potential affects of childhood sexual abuse including depression anxiety dissociation and chronic shock and she explains steps to take for recovery Also presented are letters from women who have healed or are in recovery Sexual abuse by men juveniles and female perpetrators is discussed as is how children may act out the abusive behavior taught by perpetrators The incidence of abuse by family members is also addressed Duncan explains the dual dilemma moral and legal that women face in exposing a sexual perpetrator within the family when not protected by the legal system due to statutes of limitations She also discusses controversial topics including false memory and disclosure of memory to the perpetrator **Introducing Narrative Psychology** Crossley, Michele,2000-02-01 This introductory textbook presents a coherent overview of the theory methodology and potential application of narrative psychological approaches It compares narrative psychology with other social constructionist approaches and argues that the experience of self only takes on meaning through specific linguistic historical and social structures **Rape** Joanna Bourke,2009-06-30 Joanna Bourke takes the issue of rape out from the academic ghettos and distills the truth so often exploited to sell newspapers Neither prurient nor overly sympathetic she investigates rape from a historical standpoint examining the history of sexual aggression the idea of rape as a social construct and the often ignored idea of embodiment and analyzes the physical response of rapists as well as the often cited rape is about power theories Indebted to a growing body of sophisticated feminist analyses about rape victims Bourke here shifts the emphasis from the victims to the perpetrators in order to place rapists in their historical context An invaluable study this book delivers the hard truth that if we are to imagine a world free of unwanted sexual violence then we must consider the issue of rape from every angle *Secret Spaces of Childhood* Elizabeth N.

Goodenough,2010-03-23 Whether it s real or imaginary every child has a secret space and this remarkable book explores them all For some it s a treehouse or a hidden spot beneath a bush for others it s a private psychic refuge a favorite book or a dollhouse that becomes a stage for a young imagination As the more than four dozen pieces collected here reveal such spaces play a key role in a child s development and retain a symbolic power that resonates throughout our adult lives No reader will put this book down without experiencing a rush of familiar memories and new insights into that bygone world Poet Diane Ackerman evokes that parallel universe behind the eyes which no one shared or dare discover Paul Brodeur recalls the fort where he and his brother defended Cape Cod against invaders in World War II Nobelist Wole Soyinka offers a poignant verse portrait of Africa s lost children and Paul West remembers youthful encounters with his eccentric neighbors Edith and Osbert Sitwell Elsewhere Robert Coles summons up memories of his first years as a doctor and a wise young patient who taught him a lesson he has never forgotten and Mary Galbraith shows how childhood loss is transformed into art in Ludwig Bemelmans s classic Madeline And these are just a few of the gems in a treasury that includes Anne Frank the controversial photographs of Sally Mann and the crudely eloquent drawings of young South African refugees clinical case studies and profoundly personal imagery A perceptive thought provoking work for general readers Secret Spaces of Childhood opens a wonderful window on the world of the young Elizabeth Goodenough is Lecturer in Comparative Literature the Residential College University of Michigan
