Health Care Crisis? Robert I. Misbin, 1995-01-01 *Ethical Issues in Health Care on the Frontiers of the Twenty-First Century* S. Wear, J.J. Bono, G. Logue, A. McEvoy, 2006-04-11 of UB's medical school that UB developed its School of Arts and Sciences and thus assumed its place among the other institutions of higher education Had Fillmore lived throughout UB's first seventy years he would probably have been elated by the success of his university and he should have been satisfied and pleased that UB remained intrinsically bonded to its community while at the same time engrafting the values and standards important to higher education's mission in the region UB and its medical school have undergone many challenging transitions since 1846 Included among them were 1 the completion of an academic campus in the far northeast corner of the City of Buffalo while leaving its medical dental and law schools firmly situated in the core of downtown Buffalo 2 the eventual relocation after the second world war of the law school to the newer campus in Amherst and the medical and dental school to the original academic campus and 3 the merger with the State University of New York System in 1962 Despite these significant transitions any one of which could have changed the intrinsic integrity of UB and disrupted the bonding between community and university that did not happen To this day the ties between community and academe persist Fillmore and White should celebrate their success and important contribution to Buffalo and Western New York Making Medical Spending Decisions Mark A. Hall, 1997 This book explores the making of health care rationing decisions through the analysis of three alternative decision makers patients paying out of pocket officials setting limits on treatments and coverage and physicians at the bedside Hall develops this analysis along three dimensions political economics ethics and law The economic dimension addresses the practical feasibility of each method The ethical dimension discusses the moral aspects of these methods while the legal dimension traces the most recent developments in jurisprudence and health law The Ethics of Managed Care Mary R. Majumder, 2001-07-27 The Ethics of Managed Care A Pragmatic Approach Mary R Anderlik A breakthrough reappraisal of the managed healthcare debate Discussions of managed care frequently begin and end with an opposition between the Hippocratic ethic of dedication to patient welfare and a business ethic of self interest in the service of efficiency Mary R Anderlik approaches managed care as a problem of organizations Rejecting a simple medicine vs business analysis she directs attention to management as manipulation the neglect of such personal goods as satisfaction in professional accomplishment and organizational moral myopia In this account pragmatic suggests practical idealism not the jettisoning of principle in the interests of expediency In The Ethics of Managed Care Anderlik favors a broad empiricism and a moral vision centered on values of democracy and community She describes how organizations can nourish or destroy openness creativity cooperation and faithfulness and display virtues such as justice integrity responsiveness and efficiency rightly understood She uses community care clinics asthma outreach programs and new contexts for participatory decision making to show the promise of managed care She also explains the complexities of financial arrangements arguing for an end

to schemes that reward clinicians for providing less care and profiting from avoiding people who need a lot of it The book concludes with a look at the future of managed care proposing a program for reform Mary R Anderlik is Research Professor at the Health Law and Policy Institute University of Houston Law Center Medical Ethics Series David H Smith and Robert M Veatch editors April 2001 352 pages 6 1 8 x 9 1 4 cloth 0 253 33848 4 39 95 s 30 50 Medical Futility Marjorie Bass Zucker, Howard D. Zucker, 1997-03-13 A wide ranging and authoritative survey of the complex issue of futile medical treatments Nutrition and Food Services for Integrated Health Care Rita Jackson, 1997 Dietetics educators and practitioners will find much in these pages to challenge them As integrated health care systems evolve For better or for worse dietitians need to develop the skills and attitudes that will facilitate not just survival but also expansion of the profession Journal of the American Dietetic Association A must have resource for nutrition and food service administrators providing vital information about trends in the industry how others are meeting current demands with innovative programs that contain costs without compromising quality The standards of care in more progressive settings and how innovative techniques and technological advancements can be implemented to control resources while upholding these standards Optional methods For The delivery of food service and nutrition care are presented along with actual case studies illustrating innovative solutions To The common dilemmas confronting dietetic professionals today Includes an Instructor s Manual

Medical Ethics in China Jing-Bao Nie, 2013-06-17 Drawing on a wide range of primary historical and sociological sources and employing sharp philosophical analysis this book investigates medical ethics from a Chinese Western comparative perspective In doing so it offers a fascinating exploration of both cultural differences and commonalities exhibited by China and the West in medicine and medical ethics The book carefully examines a number of key bioethical issues in the Chinese socio cultural context including attitudes toward fetuses disclosure of information by medical professionals informed consent professional medical ethics health promotion feminist bioethics and human rights It not only provides insights into Chinese perspectives but also sheds light on the appropriate methods for comparative cultural and ethical studies Through his pioneering study Jing Bao Nie has put forward a theory of trans cultural bioethics an ethical paradigm which upholds the primacy of morality whilst resisting cultural stereotypes and appreciating the internal plurality richness dynamism and openness of medical ethics in any culture Medical Ethics in China will be of particular interest to students and academics in the fields of Medical Law Bioethics Medical Ethics Cross Cultural Ethics as well as Chinese Asian Studies and Comparative Cross Cultural Studies **The Price of Life** Robert H. Blank, 1997-02-14 How can America become a healthy nation Blank asks when it is beset by poverty illiteracy and crime No new health care system can succeed unless or until the links between social problems and sickness are understood and addressed On the national level Blank calls for a more aggressive redistribution of social and public health resources to the poor and elderly at the same time he describes sanctions that would encourage individuals to be more careful about their own health and limit or change destructive behavior
