It fills an obvious gap in the literature and offers an extensive and interdisciplinary discussion of the general approach of comparative research, its prospect and problems as well as its applications in crucial sub fields of communications. The first part of the volume charts the state of the art in the field, the second section introduces relevant areas of communication studies where the comparative approach has been successfully applied in recent years, the third part offers an analytical review of conceptual and methodological issues, and the last section proposes a roadmap for future research.

Strategic Urban Health Communication Charles C. Okigbo, 2013-12-05 Strategic Urban Health Communication Charles C Okigbo editor People are bombarded with messages continuously and sorting through them constantly. In this milieu, critical ideas about health promotion and illness prevention are forced to compete with distracting, conflicting, even contradictory information. To get vital messages through, communication must be effective, targeted, artful, in a word, strategic. Strategic Urban Health Communication provides a road map for understanding, strategy enhancing, strategic planning skills, and implementing strategic communication campaigns. Deftly written chapters link the art and science of strategic planning to world health goals such as reducing health inequities and eradicating diseases. Flexibility is at the heart of these cases, which span developed and developing countries, uses of traditional and digital media, and chronic and acute health challenges. And the contributors ground their dispatches in the larger context of health promotion, giving readers useful examples of thinking globally while working locally. Included in the coverage: Urbanization, population, and health myths; addressing common misconceptions; Integrating HIV family planning programs; opportunities for strategic communication; The role of sports in strategic health promotion in low income areas; The Internet as a sex education tool; a case study from Thailand; Advertising and childhood obesity in China; Health communication strategies for sustainable development in a globalized world; Balancing depth of understanding of audiences and methods of reaching them. Strategic Urban Health Communication is a forward looking resource geared toward professionals and researchers in urban health, global health, and health communication.

Sex Education Research William J. Taverner, 2023-02-20 Curated by the chief editor of the American Journal of Sexuality Education, this book presents engaging and accessible chapters that capture current and essential research findings from leaders in the sexuality education field. William J Taverner brings together an impressive array of contributors to help sexuality professionals remain up to date on the most relevant issues in sex education today. Covering a spectrum of hot sexuality education topics including abstinence, gender, innovative programs, pleasure, the politics of sexuality education, porn literacy, sexual orientation, and more, each chapter describes key findings on a particular topic, their significance, their practical application, and how these new developments have arrived. The book includes chapters that address individuals across all age ranges from children to older adults, as well as sexuality education and training programs.
