To Be Arleen Warnock, 2025-05-21 To Be is a guide for those seeking their true purpose in life. Arleen Warnock's life experiences have helped her to broaden her outlook toward many of her aspirations. Her views and achievements are based on the lessons she has learned from books that are recommended within this writing. Their wisdom and insights are valuable in our journey to enlightenment and in learning To Be. About the Author: Arleen Warnock was born and raised in Brooklyn, NY. She had two parents who were devoted to their three girls and to each other. Arleen has always found great enjoyment in caring for younger children and thought of pursuing a career in teaching. But first came marriage and children. Her plans changed when her father had a stroke. She and her sisters shared the role of caretaker for his many needs. This is when she became interested in working with special needs children. She earned her bachelor's and master's degrees from the Manhattan College of Human Services before working for the Helen Keller Services for the Blind for many years and then for the NYC Early Intervention Program. Arleen raised four children who are her pride and joy. She is now retired but keeps busy volunteering in her community and teaching Sunday School class for special needs children. Her spirit is at peace as she continues to learn to be.

Edgar Cayce in Context K. Paul Johnson, 2016-03-22 Edgar Cayce, widely acclaimed clairvoyant and forerunner of the holistic health movement, is revealed here as a pivotal figure in the transition from the esoteric and metaphysical movements of the late nineteenth century to the New Age movement. This book describes and evaluates his psychic readings, more than 14,000 trance discourses that address medical, theological, historical, and psychological concerns raised by thousands of inquirers. The author evaluates evidence for and against Cayce's reliability in the subject areas emphasized by the readings. Cayce's medical and psychological advice is shown to be well ahead of his time in many respects, and his spiritual teachings are appraised as a reconciliation of Protestant mysticism with New Thought and Theosophy. Although the medical readings provide intriguing evidence for Cayce's ESP, his clairvoyant time travel illustrates the fallibility of information derived through hypnotic trance. The author contends that the contents of the readings reflect the knowledge and interests of their recipients as much as Cayce's personal opinions and beliefs. This is the first book to focus solely on appraising the entire body of the Cayce readings from a scholarly

Two Occult Tales Theodore Lyons, 2008-03-28 TWO OCCULT TALES are now together in one volume Respect for the Dead set in Africa and the gripping sequel Sleight Return set in witchy New England *Limitless Possibilities* Kathleen Walsh, 2009-09-24 Each of us has felt the energy shift as the planet transitions into the fifth dimension We have felt time speed up and felt energies that are at times so chaotic and unpredictable that we have been thrown off our usual course Some of us have been rocked to our very core We are asking ourselves what is this and why is this happening We each have chosen to come to earth during this time of great transition We are all here sharing our lives with each other helping Mother Earth move into the Golden Age the spiritual Age of Aquarius This transition will complete on the date that the Mayan civilization predicted some 26 000 years ago December 21st 2012 There is much work to be done as we realize the need for the shift that must occur in our personal lives so that we can be in sync with the new fifth dimensional energy on this planet As our world resets itself so too must we reset ourselves What this means to each of us is that it is time to understand the meaning of how to live more fully in the fifth dimension Each of us must identify where we currently stand and where we need to go in order to experience the wonderment of fifth dimensional living Why Many of us may be existing as a two or a three dimensional person The energies that sustain those dimensions no longer exist on this planet So the old ways of thinking or operating that produced success at one time no longer exist It is now necessary for us if we are to exist in harmony with our planet to transition as well If we choose not to transition then frustration and anger will become paramount in our lives The choice is up to us To live in the fifth dimension is not only to experience the energy of magic and miracles but to learn that we can create all the perfection we desire in our lives by simply shifting our thinking into fifth dimensional thinking We are able to see the perfection where formerly we saw the illusion of imperfection This new vantage point allows us to become the center of our own reality and easily navigate through difficult individuals and challenging events while maintaining a state of balance and harmony We are then able to turn possibilities into probabilities and

probabilities into actualities This journey begins with describing and identifying all of the unseen but certainly not unfelt influences in our lives that have been given to each of us to help us live our life on earth in the best and easiest manner possible Each reader will be able to identify their birthright gift as well as the other gifts available to tap into and expand one's energy thereby allowing this innate knowledge to grow and develop All of the necessary techniques and tools are explained in detail in this book so that you can easily make the transition from your current dimension into the fifth dimension allowing you to create a new future You are able to learn and make friends with each of your bodies of consciousness and their respective inner child and together you begin a journey of healing You as parent of these inner children learn how to set the stage and the rules so that everyone is playing by the same playbook You learn that you may win as a team or you may lose as a team but you are all on the same team working together to achieve that balance that allows you to maintain your newly found center By removing fears one by one each of us can transition from a place of fear into a place of love learning to live from the heart As we work towards this goal we isolate and identify the negative emotions that have been growing and harvesting within These negative emotions equate disease This book is your guide to help acknowledge these fears recognize and release them one by one creating a new you a lighter you We then experience a new energy a more evolved energy a higher vibrating energy as we invite the energy of excellent health and balance into our bodies It is here that It Is All about You! Reneé Perry,2013-02 BREAK ALL THE RULES Rene Perry displays the unique ability to supply the tools needed to help unlock your talents organize your thoughts and guide your actions through the process of getting comfortable jumping over business hurdles She facilitates recognition of your personal strengths and weaknesses and how each affects your business decisions I have a deep respect for Rene's business skills and judgment Sue Gott president of TallGrass Signs CREATE THE LIFE OF YOUR DREAMS SIMPLY AND NATURALLY Reality is merely an illusion albeit a very persistent one Albert Einstein What disconnects you from success is not a lack of talent but the perspective that you hold that has created your life so far Whether you are starting a business or starting a family once you know how to re-pattern your perspective you will change the trajectory of your life and business thus doing less while achieving more joy and fulfillment It IS All about You coaches you to your success so you can create the life you have always dreamed of with peace of mind **Women's Rites of Passage** Abigail Brenner,2007 Women's Rites of Passage grew out of Abigail Brenner's desire to answer some fundamental questions about the role of rites of passage in contemporary women's lives Relying on a research study involving over 50 women Brenner shows how women today understand the need to take responsibility for their lives and for directing their own paths and are beginning to do so by creating their own very personal rites of passage **On the Other Side of the Rainbow** Lonny Dargavel,2018-06-29 The deaths of my parents on consecutive days and with the interference of the enemy caused extreme grief in my life It did however open the door of the spirit world for me in a real very profound and personal manner In On the Other Side of the Rainbow I recount how my grief was transcended by remembering past

readings and teachings to strengthen me and I came to develop abilities to perceive and experience my loved ones who were sharing time with me in the present. The seeking to heal my soul also led me to connect with Jesus in a very real and personal way. His friendship and mentorship has helped me to heal and develop spiritually. He has also provided me with the protection I needed and he lifted me up when I needed it and continues to daily. Eventually we grew quite close as did my relationship with Mother Mary and Michael the archangel. Without their divine help I am sure I could not have lasted in the face of the enemy. Encounters with them as well as my loved ones on the other side of life have become normal occurrences. I have also had encounters with other spiritual beings whom I consider allies such as Buddha, Ganesh, King David, a fairy princess, a British guard from Fort George during the 1812 War, St. Theresa, St. John Paul II and others. It is especially interesting to see how my parents continued evolving once they reached the other side and how my spiritual growth and relationship with the Lord changed their course as well as my own. Prior to my experiences with the Christian faith I had followed and had many other firsthand experiences that are based on truths that simply are. Included in this are experiences with past lives and spiritualism as well as Buddhist teachings and Native American as well. My personal experiences are based on truths and were a guided path that led to my development as a spiritual clairvoyant and light worker. The book starts in more of the self-help variety but soon evolves into a more complex novel that is experiential as well as unique as it embraces many teachings but is not confined by anything that is not based on truth. It eventually broadens onto a serious journey with Christ but it does not leave out any past experiences and knowledge gained as a result of these truths. It is not typical or confined by any religious teaching but it does not attempt to say they are not significant or important quite the opposite. It is I believe a guided path from above that is meant to bring together many to break down walls, not build them as what Jesus desires as are other teachers and great beings who work together to try to win this world away from the dark side and lead it into a world that desires light and welcomes it when it soon arrives. I hope that my first book helps to achieve some of these.

Exploring Spirituality from a Post-Jungian Perspective Ruth Williams, 2023-03-03. Derived from Ruth Williams more than 40 year immersion in spiritual practice as well as her clinical experience as a Jungian analyst, this thought provoking volume explores the nature of spiritual paths and trajectories in practical ways incorporating personal anecdote and ground breaking academic research and providing a window into how Jungian practitioners work with soul and spirit. Williams explores the nature of being a human using the Yiddish idea of a person being a mensch which means being a decent human being having humanity and living ethically with integrity. The idea of grace is the thread that runs through the book, the mystery that binds things together and makes life meaningful, purposeful, potentially joyful and spiritually fulfilling. Williams sees grace as being that which underpins and lies behind synchronicity and divinatory practices and as a force by which we can learn to be guided. Rooted in clinical work, *Exploring Spirituality from a Post Jungian Perspective* is fascinating reading for Jungian analysts, therapists and academics as well as for general readers interested in a spiritual journey both personally and for

clinical purposes *Talk Your Way to the Top* Kevin Hogan, 1999-10-01 Drawing from two decades of professional experience Hogan reveals how to speak and how to listen in order to achieve personal and professional goals Illustrations
