

The image shows a close-up, low-angle view of a large, cylindrical stone pillar. The pillar is covered in ancient inscriptions, likely in Devanagari script. The text is carved into the stone surface and is arranged in horizontal lines around the circumference of the pillar. The stone is a light, warm color, possibly sandstone or limestone, and shows signs of weathering and age. The background is a bright, overexposed sky, suggesting the pillar is outdoors. The perspective is looking up at the pillar, emphasizing its height and the density of the inscriptions.

Indian History, Culture & Panorama Quick Revision Material for UPSC & State PSC General Studies Exams Disha Experts, 2021-08-01 [Great Kings in The World](#)

Manoj Dole, India is one of the richest countries in the world in terms of history and heritage. Many great rulers have been born in our country in the history of the world. The list in this book covers the kings who ruled India and other countries from BC to modern India. The list may include some names who were not kings in the traditional sense but who played important roles in their kingdoms. Beautiful country India is the most populous democracy in the whole world. This vibrant democracy is run with the help of a heavy political and executive machinery. From around 600 BC, the country has seen the ups and downs of various empires, and many great rulers were needed to ensure proper governance of this vast land. Needless to say, India has a vibrant history filled with fascinating tales of empires and rulers. Here is a list of some such great rulers. These mighty rulers and their regimes provide a glimpse into India's turbulent but glorious past. Our great nation also came under fire from several Venab emperors including Cyrus the Great and of course the Persian Achaemenids led by Alexander the Great. Over the years, various kingdoms emerged here, remnants of some of which still exist. And in these states, there are some states which have had a deep impact on the history and culture of India. There are many kings and kingdoms that the world has seen. So it is not possible to give a straight answer to the greatest king of all time as he has to face various situations and circumstances and even betrayals before the rise of his kingdom. But in my opinion, the list of kings in this book are the greatest kings the world has ever seen.
