**Labour and the Poor in England and Wales - The letters to The Morning Chronicle from the Correspondants in the Manufacturing and Mining Districts, the Towns of Liverpool and Birmingham, and the Rural Districts** J. Ginswick, 2016-09-13 The Morning Chronicle presented the state of the working classes of Britain before the public with clarity insight and honesty Consisting mainly of verbatim statements from the people themselves it was a medium through which the previously inarticulate masses were able to speak with one firm voice First published in 1983 this book collates the letters from correspondents based in Lancashire Cheshire and Yorkshire The letters improve our knowledge of working class life in nineteenth century England and Wales and provide a unique insight into the impact of industrialization This book will be of interest to those studying the history of the working class labour and poverty

**Lecturing the Victorians** Anne B. Rodrick, 2024-07-25 We are a much lectured people wrote Robert Spence Watson in 1897 Beginning at mid century cities and towns across England used the popular lecture for purposes ranging from serious education to effervescent entertainment and from regional pride to imperial belonging Over time the popular lecture became the quintessential embodiment of Victorian knowledge based culture which itself ranged from the production of new knowledge in the most elite of learned societies to the consumption of established knowledge in middle class clubs and the hundreds of humble mechanics institutions initially founded to provide scientific instruction to workers What did the average Victorian talk and think about How did the knowledge based culture of lecture and debate enable men and women to demonstrate both civic engagement and cultural competence How does this knowledge based culture and its changing expression give us ways to look at Victorian citizenship long before the extension of the franchise With engaging and accessible prose Anne Rodrick draws from a variety of primary sources to provide fascinating answers to these pertinent questions Based on the analysis of several thousand lectures and debates delivered over more than 50 years this book digs deeply into what those individuals below the most elite levels thought heard debated and claimed as a badge of cultural competence By the turn of the 20th century the popular lecture was competing for attention with new institutions of leisure and of higher education and the discourse surrounding its place in contemporary England helps illuminate important debates over access to and deployment of knowledge and culture

Institutions, Innovation, and Industrialization Avner Greif, Lynne

Kiesling, John V.C. Nye, 2020-05-26 This book brings together a group of leading economic historians to examine how institutions innovation and industrialization have determined the development of nations Presented in honor of Joel Mokyr arguably the preeminent economic historian of his generation these wide ranging essays address a host of core economic questions What are the origins of markets How do governments shape our economic fortunes What role has entrepreneurship played in the rise and success of capitalism Tackling these and other issues the book looks at coercion and exchange in the markets of twelfth century China sovereign debt in the age of Philip II of Spain the regulation of child labor in nineteenth century Europe meat provisioning in pre Civil War New York aircraft manufacturing before World War I and more The book also features an essay that surveys Mokyr s important contributions to the field of economic history and an essay by Mokyr himself on the origins of the Industrial Revolution In addition to the editors the contributors are Gergely Baics Hoyt Bleakley Fabio Braggion Joyce Burnette Louis Cain Mauricio Drelichman Narly Dwarkasing Joseph Ferrie Noel Johnson Eric Jones Mark Koyama Ralf Meisenzahl Peter Meyer Joel Mokyr Lyndon Moore Cormac Gr da Rick Szostak Carolyn Tuttle Karine van der Beek Hans Joachim Voth and Simone Wegge

**History and Heritage** Alan Fox, 2024-10-21 History and Heritage 1985 offers the first comprehensive exploration and assessment of the historical developments that form Britain s industrial relations system its institutions texture and place in wider society It looks at pre industrial patterns of thought and behaviour at religious and political struggles different strategies of rule and social control and at the central significance of the ruling order s conditional commitment to the rule of law and certain liberal freedoms

Social Paralysis and Social Change Neil J. Smelser, 1991-09-03 Neil Smelser s Social Paralysis and Social Change is one of the most comprehensive histories of mass education ever written It tells the story of how working class education in nineteenth century Britain often paralyzed by class religious and economic conflict struggled forward toward change This book is ambitious in scope It is both a detailed history of educational development and a theoretical study of social change at once a case study of Britain and a comparative study of variations within Britain Smelser simultaneously meets the scholarly standards of historians and critically addresses accepted theories of educational change progress conflict and functional theories He also sheds new light on the process of secularization the relations between industrialization and education structural differentiation and the role of the state in social change This work marks a return for the author to the same historical arena Victorian Britain that inspired his classic work Social Change in the Industrial Revolution thirty five years ago Smelser s research has again been exhaustive He has achieved a remarkable synthesis of the huge body of available materials both primary and secondary Smelser s latest book will be most controversial in its treatment of class as a

primordial social grouping beyond its economic significance Indeed his demonstration that class ethnic and religious groupings were decisive in determining the course of British working class education has broad ranging implications These groupings remain at the heart of educational conflict debate and change in most societies including our own and prompt us to pose again and again the chronic question who controls the educational terrain London Higher Roderick Floud, Sean Glynn, 2000-12-01 This volume of historical essays explores the full ramifications of the beginnings and development of the various branches of higher education in the area of London It discusses the contributions of the London County Council and the City of London the economic and social context questions of funding class and gender the polytechnics teacher training university extension technical and scientific education and the arts This book will be an important contribution both to the history of London and the history of higher education on the UK *International Bibliography of Business History* Francis Goodall, Terry Gourvish, Steven Tolliday, 2013-12-16 The field of business history has changed and grown dramatically over the last few years There is less interest in the traditional company centred approach and more concern about the wider business context With the growth of multi national corporations in the 1980s international and inter firm comparisons have gained in importance In addition there has been a move towards improving links with mainstream economic financial and social history through techniques and outlook The International Bibliography of Business History brings all of the strands together and provides the user with a comprehensive guide to the literature in the field The Bibliography is a unique volume which covers the depth and breadth of research in business history This exhaustive volume has been compiled by a team of subject specialists from around the world under the editorship of three prestigious business historians Rutherford's Ladder Joan Allen, R. J. Buswell, 2005 Rutherford's Ladder is the story of one of the largest universities in Britain and the academic institutions from which it was created **The Great Exhibition of 1851** Jeffrey A. Auerbach, 1999-01-01 The book challenges the common view that the Exhibition symbolized peace progress prosperity and the emergence of an industrial middle class Auerbach suggests instead that the Great Exhibition became a cultural battlefield on which proponents of different visions of industrialization modernization and internationalism fought for ascendancy in the struggle for a new national identity **BOOK JACKET Industrial Training and Technological Innovation** Howard Gospel, 2010-11 Taking an international and comparative perspective this book focuses on the relationship between industrial training and technological change in three major global economies the UK USA and Japan The contributors an international group of leading researchers look at the origins and development of training in these countries and analyse the benefits resulting from the interaction of a skilled workforce and technological change This analysis of training in major industrial nations reveals the full complexity of the relationship between labour and technological change It shows the value of an approach which is both historical and comparative and highlights the importance of education and training as a necessary basis for successful innovation
