Young People, Citizenship and Political Participation Mark Chou,Jean-Paul Gagnon,Catherine Hartung,Lesley J. Pruitt,2017-03-17 Prominent studies and opinion polls often claim that young people are disengaged from political institutions distrustful of politicians and disillusioned about democracy Young People Citizenship and Political Participation challenges these political stereotypes by asking whether young people have been contributing to or rectifying our civic deficit In particular it examines the role of civics education in addressing the so called crisis of democracy Turning away from conventional suggestions often advocated by politicians and educators that offer civics education as the solution the book advances an alternate approach to civics one that acknowledges the

increasingly diverse ways in which young people are both engaging and disengaging politically **England's Citizenship Education Experiment** Lee Jerome, 2012-11-02 How do we prepare young people to understand the complex problems confronting our society and their place as citizens in shaping solutions Until 1997 the contribution of schools to these challenges was ad hoc and uncoordinated but with the introduction of citizenship education into the National Curriculum in England a new political project began Between 2002 and 2012 England has become a leading player in the debate about how to induct young people into democracy Jerome explores the connections between the values promoted by the government and the forms of citizenship promoted through the National Curriculum and considers What did the politicians want the policy to achieve What kinds of citizens were teachers trying to create What kind of citizens do the young people feel that they have become To answer these questions this book considers a range of evidence from large scale national and international research projects to single school case studies conducted with student co researchers The study illustrates the complexity of policy making and reveals the gap between curriculum policy and implementation **Responsibility and**

Responsibilisation in Education Christine Halse, Catherine Hartung, Jan Wright, 2019-10-23 Concerns with the nature of and relationship between responsibility and responsibilisation pervade contemporary social political and moral life This book turns the analytical lens on the ways in which responsibility and responsibilisation operate in diverse educational settings and relationships and social policy and geographical contexts in the USA Europe the UK New Zealand and Australia Scholars have sought to explain the genealogy and the m range of rationalities technologies bio politics and modes of governmentality that bring responsibility and responsibilisation into being how they act on and are taken up by individuals groups and organisations and the risks and possibilities they create and delimit for individuals social collectives and their freedoms Contributors to this collection have diverse views and perspectives on responsibility and responsibilisation This disagreement is a strength It underlines the importance of unravelling both the differences and similarities across scholars and contexts It also issues a salutatory warning about assumptions that reduce the complex concepts of responsibility and responsibilisation to simplistic fixed categories or to generalising and universalising single cases or experiences to all areas of education This volume was originally published as a special issue of Discourse Studies in the Cultural Politics of Education **Holding**

Accountability Accountable Kenneth A. Sirotnik, 2004 Kenneth Sirotnik asserts that however well intentioned past and current accountability practices in public education are miseducative misdirected and misanthropic In this provocative book well respected educators join Sirotnik to provide critical analyses and sophisticated perspectives on prevailing high stakes accountability practices They offer both conceptual and practical foundations for rethinking what it means to act responsibly when it comes to calling our schools school systems educators and students into account **The Oxford Handbook of**

Music Education, Volume 1 Gary E. McPherson, Graham F. Welch, 2012-09-13 The two volumes of The Oxford Handbook of Music Education offer a comprehensive overview of the many facets of musical experience behavior and development in

relation to the diverse variety of educational contexts in which they occur In these volumes an international list of contributors update and redefine the discipline through fresh and innovative principles and approaches to music learning and teaching

Handbook of Research on Education for Participative Citizenship and Global Prosperity Pineda-Alfonso, José A., De Alba-Fernández, Nicolás, Navarro-Medina, Elisa, 2018-11-23 Active participation in processes of change are an essential aspect of community participation and proper recognition of opportunities for participation facilitate community engagement nationally and internationally Education and its relation to citizenship in recent years has become one of the most important fields of research From different areas and contexts it has been revealed that there is a prevailing need for education for citizens to take part actively in the processes of change and improvement that the current global situation requires The Handbook of Research on Education for Participative Citizenship and Global Prosperity is a pivotal reference source focusing on the productions and fields of study that are carried out all over the world on education for citizenship namely the devices that provide young people with the consciousness and highlight the aspects of an active democratic life While highlighting topics such as citizenship identity educational policy and social justice this publication explores participation instruction as well as the methods of community involvement This book is ideally designed for educational administrators policymakers researchers professionals and educators seeking current research on instructional methods for teaching active community and political involvement

Teaching for Dissent Sarah Marie Stitzlein, 2015-11-17 Teaching for Dissent looks at the implications of new forms of dissent for educational practice The reappearance of dissent in political meetings and street protests opens new possibilities for improved democratic life and citizen participation This book argues that this possibility will not be fulfilled if schools do not cultivate the skills necessary for our citizens to engage in political dissent The authors look at how practices in schools such as the testing regime and the hidden curriculum suppress students ability to voice ideas that stand in opposition to the status quo Teaching for Dissent calls for a realignment of the curriculum and the practices of schooling with a guiding vision of democratic participation
