*Language Standardization and Language Variation in Multilingual Contexts* Nicola McLelland,Hui Zhao,2021-11-24 This important contribution to the sociolinguistics of Asian languages breaks new ground in the study of language standards and standardization in two key ways in its focus on Asia with particular attention paid to China and its neighbours and in the attention paid to multilingual contexts The chapters address various kinds of sometimes hidden multilingualism and examine the interactions between multilingualism and language standardization offering a corrective to earlier work on standardization which has tended to assume a monolingual nation state and monolingual individuals Taken together the chapters in this book thus add to our understanding of the ways in which multilingualism is implicated in language standardization as well as the impact of language standards on multilingualism The introduction Chapter 6 and Chapter 8 are free to download as open access publications under a CC BY NC licence You can access them here Introduction <https://zenodo.org/record/5749388> YaiwuNDP3cs Chapter 6 <https://zenodo.org/record/5749522> Yaiw 9DP3cs Chapter 8 <https://zenodo.org/record/5749586> Yai0RNDP3cs

Communist Party policies This book offers a powerful comprehensive examination of this ongoing phenomenon how it works and how Tibetans resist it **Amdo Lullaby** Shannon M. Ward,2024-10-01 In Amdo a region of eastern Tibet incorporated into mainland China young children are being raised in a time of social change In the first decades of the twenty first century Chinese state development policies are catalysing rural to urban migration consolidating schooling in urban centres and leading Tibetan farmers and nomads to give up their traditional livelihoods As a result children face increasing pressure to adopt the state s official language of Mandarin Amdo Lullaby charts the contrasting language socialization trajectories of rural and urban children from one extended family who are native speakers of a Tibetan language known locally as Farmer Talk By integrating a fine grained analysis of everyday conversations and oral history interviews linguistic anthropologist Shannon M Ward examines the forms of migration and resulting language contact that contribute to Farmer Talk s unique grammatical structures and that shape Amdo Tibetan children s language choices This analysis reveals that young children are not passively abandoning their mother tongue for standard Mandarin but instead are reformatting traditional Amdo Tibetan cultural associations among language place and kinship as they build their peer relationships in everyday play

Politics of Tranquility Yasmin Cho,2025-01-15 Politics of Tranquility concerns the Tibetan Buddhist revival in China illustrating the lives of Tibetan Buddhist nuns and exploring the political effects that arise from their nonpolitical daily engagements in the remote mega sized Tibetan Buddhist encampment of Yachen Gar Yasmin Cho s book challenges two assumptions about Tibetan Buddhist communities in China First against the assumption that a Buddhist monastic community is best understood in terms of its esoteric qualities Cho focuses on the material and mundane daily practices that are indispensable to the existence and persistence of such a community and shows how deeply gendered these practices are Second against the assumption that Tibetan politics toward the Chinese state is best understood as rebellious incendiary and centered upon Tibetan victimhood the nuns demonstrate how it can be otherwise Tibetan politics can be unassuming calm and self contained and yet still have substantial political effects As Politics of Tranquility shows the nuns in Yachen Gar have called forth an alternative way of living and expressing themselves as Tibetans and as female monastics despite a repressive context

Caple,2019-03-31 The speed and extent of the Tibetan Buddhist monastic revival make it one of the most extraordinary stories of religious resurgence in post Mao China At the end of the 1970s there were no working monasteries within a decade thousands had been reconstructed and repopulated Most studies have focused on the political challenges facing Tibetan monasteries emphasizing their relationship to the Chinese state Yet in their efforts to revive and develop their institutions monks have also had to negotiate a rapidly changing society playing a delicate balancing act fraught with moral dilemma as well as political danger Drawing on the recent moral turn in anthropology this volume the first full length ethnographic study of the subject explores the social and moral dimensions of monastic revival and reform across a range of Geluk monasteries in northeast Tibet Amdo Qinghai Province from the 1980s on Author Jane Caple s analysis shows that ideas and debates about how best to maintain the mundane bases of monastic Buddhism economy and population are intermeshed with those concerning the proper role and conduct of monks and the ethics of monastic lay relations Facing a shrinking monastic population monks are grappling with the impacts of secular education demographic transition rising living standards urbanization and marketization all of which have driven debates within Buddhism elsewhere and fueled perceptions of monastic decline Some Tibetans including monks are even questioning the good of the mass form of monasticism that has been a distinctive feature of Tibetan society for hundreds of years Given monastic Buddhism s integral position in Tibetan community life and association with Tibetan identity Caple argues that its precarity in relation to Tibetan society raises questions about its future that go well beyond the issue of religious freedom Contemporary Tibet Barry Sautman,June Teufel Dreyer,2017-03-02 The subject of Tibet is highly controversial and Tibet as a political entity is defined differently from source to source and audience to audience The
