Elgin Affair The Abduction Of Antiquitys Greatest Treasures And The Passions It Aroused

Heather Burke, Claire E Smith

Elgin Affair The Abduction Of Antiquity's Greatest Treasures And The Passions It Aroused:

The Elgin Affair Theodore Vrettos, 1997 Every year millions of people visit London's British Museum to admire the magnificent Greek sculptures that adorned the Parthenon in Athens for more than two thousand years This compelling and controversial story of the Elgin Marbles named for Thomas Bruce seventh earl of Elgin who stripped the Parthenon of these exquisite works in what has been called the greatest art theft in history re creates in full and colorful detail a steamy tale of obsession intrigue adultery and ruin Drawing on original source material letters diaries official government reports and memoranda together with the full divorce proceedings of a scandalous adultery trial in Edinburgh and on his earlier work on the subject Vrettos brings brilliantly to life these fascinating events of history Rounding out the story of the marbles the author concludes with the latest battles between the Greek and English governments over the rightful ownership of these priceless treasures

Heretical Hellenism Shanyin Fiske, 2008 Heretical Hellenism examines sources such as theater history and popular journals to uncover the ways women acquired knowledge of Greek literature history and philosophy and challenged traditional humanist assumptions about the uniformity of classical knowledge and about women's place in literary history

The Parthenon Enigma Joan Breton Connelly, 2014-01-28 Built in the fifth century b c the Parthenon has been venerated for more than two millennia as the West's ultimate paragon of beauty and proportion Since the Enlightenment it has also come to represent our political ideals the lavish temple to the goddess Athena serving as the model for our most hallowed civic architecture But how much do the values of those who built the Parthenon truly correspond with our own And apart from the significance with which we have invested it what exactly did this marvel of human hands mean to those who made it In this revolutionary book Joan Breton Connelly challenges our most basic assumptions about the Parthenon and the ancient Athenians Beginning with the natural environment and its rich mythic associations she re creates the development of the Acropolis the Sacred Rock at the heart of the city state from its prehistoric origins to its Periklean glory days as a constellation of temples among which the Parthenon stood supreme In particular she probes the Parthenon's legendary frieze the 525 foot long relief sculpture that originally encircled the upper reaches before it was partially destroyed by Venetian cannon fire in the seventeenth century and most of what remained was shipped off to Britain in the nineteenth century among the Elgin marbles The frieze's vast enigmatic procession a dazzling pageant of cavalymen and elders musicians and maidens has for more than two hundred years been thought to represent a scene of annual civic celebration in the birthplace of democracy But thanks to a once lost play by Euripides the discovery of which in the wrappings of a Hellenistic Egyptian mummy is only one of this book's intriguing adventures Connelly has uncovered a long buried meaning a story of human sacrifice set during the city's mythic founding In a society startlingly preoccupied with cult ritual this story was at the core of what it meant to be Athenian Connelly reveals a world that beggars our popular notions of Athens as a city of staid philosophers rationalists and rhetoricians a world in which our modern secular conception of democracy would have been

simply incomprehensible The Parthenon's full significance has been obscured until now owing in no small part Connelly argues to the frieze's dismemberment And so her investigation concludes with a call to reunite the pieces in order that what is perhaps the greatest single work of art surviving from antiquity may be viewed more nearly as its makers intended Marshalling a breathtaking range of textual and visual evidence full of fresh insights woven into a thrilling narrative that brings the distant past to life The Parthenon Enigma is sure to become a landmark in our understanding of the civilization from which we claim cultural descent *Lord Elgin and Ancient Greek Architecture* Luciana Gallo,2009-06-08 This book analyses the collection of archaeological drawings drawn in Greece by a team of artists and architects in the service of Lord Elgin *Faulkner's Imperialism* Taylor Hagood,2008-11-15 In Faulkner's Imperialism Taylor Hagood explores two staples of Faulkner's world myth and place Using an interdisciplinary approach to examine the economic sociological and political factors in Faulkner's writing he applies postcolonial theory cultural materialism and the work of the New Southernists to analyze the ways myth and place come together to encode narratives of imperialism and anti imperialism in the worlds in which Faulkner lived and the one that he created The resulting discussion highlights the deeply embedded imperial impulses underpinning not just Yoknapatawpha and Mississippi but the Midwest the Caribbean France and a host of often overlooked corners of the Faulknerian map Faulkner defines space in his fiction by creating places through culturally compelling narratives Although these narrative spaces often have imperial roots Hagood reveals how the oppressed can subvert these mythic places by turning the myths against their oppressors The Greco Roman myths long recognized as part of Faulkner's fictional world for example define racially hybrid spaces ostensibly designed to articulate white patriarchal narratives of imperial control but which actually carry within their very dreams of Arcady an anti imperial narrative In Faulkner's Mississippi Delta which he modeled after the Nile Delta plantation owners evoke the imperial power of ancient Egypt to confirm their own cultural ascendancy even while African Americans use biblical narratives of the Israelites enslaved in Egypt to speak against the power that controls them Faulkner also used places he personally experienced such as New Orleans a city that he recognized as containing multiple layers of imperial design to dramatize the constant struggle between the oppressor and the oppressed Rather than reading the roles of myth and place according to conventional myth criticism or typical place models used by other Faulkner scholars Hagood examines the intertextuality within Faulkner's writing as well as the relationship of his writing to others work in an attempt to understand how the texts fit together and speak to one another One of the few books that examine Faulkner's work as a whole Faulkner's Imperialism moves beyond South versus North paradigms to encompass all the spaces within Faulkner's created cosmos considering their interrelationships in a precise holistic way **Cultural Security: Evaluating The Power Of Culture In International Affairs** Erik Nemeth,2014-11-27 Over the past two centuries abuse of antiquities and fine art has evolved from the spoils of war into a medium for conducting terrorism which strives to erase the cultural heritage of the other At the same time the growth of the

art market over the past fifty years has created opportunities for exploitation of cultural property Since World War II there has been maturing international awareness that armed conflict and looting pose a threat to cultural property but simultaneously art trafficking and the politics of cultural property create opportunities amidst risks in developed collecting nations and emerging source nations This is the first book in the literature that touches on the interrelation of the financial value politics and security of cultural property and suggests the implications for the power of culture in global affairs The intersection of these issues forms the basis for a new field which this book examines cultural security As part of the changing significance of cultural property in foreign relations Cultural Security assesses corresponding security threats and opportunities for diplomacy This book will take readers through the concepts and issues surrounding cultural property cultural currency and cultural power leaving readers with invaluable insights on the political economy of cultural property and the resulting source of alternative power in global affairs

Romantic Generations Robert F. Gleckner, 2001 These essays express a common belief that the study of Romantic literature must be at once professionally serious and personally engaging Topics discussed range from Wordsworth to Lady Caroline Lamb and from Blake and Burke to the contemporary Irish poet Paul Muldoon Each essay also offers close readings of essential works on English and Irish Romanticism Introducing the collection is a tribute by the celebrated Romanticist Peter Manning

The Mirror of Antiquity David Wills, 2009-03-26 During the last century writers as diverse as William Golding Henry Miller Lawrence Durrell Evelyn Waugh Virginia Woolf and Laurie Lee were captivated by Greece They were joined in their production of travel accounts by hundreds of lesser known authors This book exposes how the responses of travellers were conditioned by much more than their own opinions and personalities The British education system classical scholarship and the heroism demonstrated by the Greeks during the Nazi invasion of their country all contributed to shaping travel narratives The author analyses the way in which all of the major archaeological sites were described including the Athenian Acropolis Delphi Olympia Heinrich Schliemann's Mycenae and Sir Arthur Evans Knossos in Crete The representation of the modern Greek people particularly in the period after the Second World War is also explored at length Viewed as relics of the past the Greeks in literature were given the qualities and appearance of their ancestors David Wills shows how in the hands of twentieth century travel writers Greece became less a modern country and more a mirror of antiquity This book is essential reading for all who are interested in the history of travel and tourism reception of the classical past and recent Greek history

The Deatabase Book International Debate Education Association, 2004 An invaluable resource for debaters The Deatabase Book provides background arguments and resources on more than 125 debate topics in areas as diverse as business science and technology environment politics religion culture and education All topics have been updated and 15 new topics added for the revised edition Each entry presents an introduction placing the topic in context arguments pro and con sample motions and Web links and print resources for further research Organized in a handy A Z format the book also includes a topical index for easy

searching BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **A Research Guide to the Ancient World** John M. Weeks, Jason de Medeiros, 2014-11-25 The archaeological study of the ancient world has become increasingly popular in recent years A Research Guide to the Ancient World Print and Electronic Sources is a partially annotated bibliography The study of the ancient world is usually although not exclusively considered a branch of the humanities including archaeology art history languages literature philosophy and related cultural disciplines which consider the ancient cultures of the Mediterranean world and adjacent Egypt and southwestern Asia Chronologically the ancient world would extend from the beginning of the Bronze Age of ancient Greece ca 1000 BCE to the fall of the Western Roman Empire ca 500 CE This book will close the traditional subject gap between the humanities Classical World Egyptology and the social sciences anthropological archaeology Near East in the study of the ancient world This book is uniquely the only bibliographic resource available for such holistic coverage The volume consists of 17 chapters and seven appendixes arranged according to the traditional types of library research materials bibliographies dictionaries atlases etc The appendixes are mostly subject specific including graduate programs in ancient studies reports from significant archaeological sites numismatics and paleography and writing systems These extensive author and subject indexes help facilitate ease of use Archaeology to Delight and Instruct Heather Burke, Claire E Smith, 2016-09-16 This book presents novel and interesting ways of teaching archaeological concepts and processes to college and university students Seeking alternatives to the formal lecture format the various contributions seek better ways of communicating the complexities of human behavior and of engaging students in active learning about the past This collection of imaginative exercises designed by 20 master instructors on three continents includes role playing games simulations activities and performance all designed to teach archaeological concepts in interesting and engaging ways Who Owns History? Geoffrey Robertson, 2019-11-05 The biggest question in the world of art and culture concerns the return of property taken without consent Throughout history conquerors or colonial masters have taken artefacts from subjugated peoples who now want them returned from museums and private collections in Europe and the USA The controversy rages on over the Elgin Marbles and has been given immediacy by figures such as France's President Macron who says he will order French museums to return hundreds of artworks acquired by force or fraud in Africa and by British opposition leader Jeremy Corbyn who has pledged that a Labour government would return the Elgin Marbles to Greece Elsewhere there is a debate in Belgium about whether the Africa Museum newly opened with 120 000 items acquired mainly by armed forces in the Congo should close Although there is an international convention dated 1970 that deals with the restoration of artefacts stolen since that time there is no agreement on the rules of law or ethics which should govern the fate of objects forcefully or lawlessly acquired in previous centuries Who Owns History delves into the crucial debate over the Elgin Marbles but also offers a system for the return of cultural property based on human rights law principles that are being developed by the courts It is not a legal text but rather an examination of how the past can be

experienced by everyone as well as by the people of the country of origin *Faulkner and Whiteness* Jay Watson, 2011-05-11 William Faulkner wrote during a tumultuous period in southern racial consciousness between the years of the enactment of Jim Crow and the beginnings of the civil rights movement in the South Throughout the writer's career racial paradigms were in flux and these shifting notions are reflected in Faulkner's prose Faulkner's fiction contains frequent questions about the ways in which white Americans view themselves with regard to race along with challenges to the racial codes and standards of the region and complex portrayals of the interactions between blacks and whites Throughout his work Faulkner contests white identity its performance by whites and those passing for white its role in shaping the South and its assumption of normative identity in opposition to non white Others This is true even in novels without a strong visible African American presence such as *As I Lay Dying* *The Hamlet* *The Town* and *The Mansion* Faulkner and Whiteness explores the ways in which Faulkner's fiction addresses and destabilizes the concept of whiteness in American culture Collectively the essays argue that whiteness as part of the Nobel Laureate's consistent querying of racial dynamics is a central element This anthology places Faulkner's oeuvre and scholarly views of it in the contexts of its contemporary literature and academic trends exploring race and texts

Terrorism for Self-glorification Albert Borowitz, 2005 In this timely study of the roots of terrorism author Albert Borowitz deftly assesses the phenomenon of violent crime motivated by a craving for notoriety or self glorification He traces this particular brand of terrorism back to 356 BCE and the destruction of the Temple of Artemis at Ephesus by arsonist Herostratos and then examines similar crimes through history to the present time detailing many examples of what the author calls the Herostratos Syndrome such as the attempted explosion of the Greenwich Observatory in 1894 the Taliban's destruction of the giant Buddhas in Afghanistan the assassination of John Lennon the Unabomber strikes and the attacks on the World Trade Center buildings terrorism cannot be the exclusive focus of a single field of scholarship Borowitz presents this complex subject using sources based in religion philosophy history Greek mythology and world literature including works of Chaucer Cervantes Mark Twain and Jean Paul Sartre *Terrorism for Self Glorification* written in clear and direct prose is original thorough and thought provoking Scholars specialists and general readers will find their understanding of terrorism greatly enhanced by this book **The Idea of Cultural Heritage** Derek Gillman, 2010-04-12

This book reviews the competing claims that works of art belong either to a particular people and place or to humankind

Report on the Aeginetan Sculptures Johann Martin Wagner, 2017-04-24 The controversial removal of the Parthenon sculptures from Greece to England in the first decade of the nineteenth century by Thomas Bruce seventh Earl of Elgin sparked an international competition for classical antiquities This volume tells a lesser known chapter of that story concerning sculptures from the Temple of Aphaia on the Greek island of Aegina Discovered in 1811 as the Parthenon project was nearing its completion these ancient sculptures were acquired at auction by Johann Martin Wagner 1777 1858 on behalf of Crown Prince Ludwig of Bavaria The sculptures turned out to be significant in a number of ways offering important

evidence for a transitional period of Greek art between the archaic and classical eras for the existence of an independent Aeginetan school that was the equal of Athenian art at the time and for Greek sculptures having been elaborately painted and adorned Originally published in 1817 and presented here for the first time in English this book reproduces the report commissioned by the crown prince that was written by Wagner and edited by F W J Schelling and contained richly detailed descriptions of the sculptures In addition Louis A Ruprecht Jr provides a comprehensive historical introduction featuring a constellation of intellectual figures an afterword notes appendices and more than forty images to tell the fascinating story of the sculptures and their legacy from excavation to the present day **Screening the Golden Ages of the Classical**

Tradition Meredith E. Safran, 2018-10-24 Analyses of Rancière's philosophy and its potential for understanding the conversation between contemporary politics and art cinema *Art and Architecture of the World's Religions* Leslie D. Ross, 2009-06-04 Two abundantly illustrated volumes offer a vibrant discussion of how the divine is and has been represented in art and architecture the world over Beginning with the ancient worlds of Mesopotamia Egypt Greece and Rome and moving forward through time *Art and Architecture of the World's Religions* explores the major faiths from countries and continents around the globe helping readers better understand the creations their beliefs have inspired After tracing the history and development of a religion the book provides a general overview of its principal beliefs and key practices It then offers specific examples of how works of art architecture reflect that religion's values The focus of each chapter is on the temples churches and religious buildings statues paintings and other works of art and architecture created by believers Each representative work of art or architecture is examined in terms of its history materials symbols colors and patterns as its significance is explained to the reader With extensive illustrations these volumes are the definitive reference work on art and architecture of the world's religions *Cassette Books* Library of Congress. National Library Service for the Blind and Physically Handicapped, 1999 **Southwestern Lore** Clarence Thomas Hurst, 2005

Reviewing **Elgin Affair The Abduction Of Antiquitys Greatest Treasures And The Passions It Aroused**: Unlocking the Spellbinding Force of Linguistics
