Eloquent Testimony The Story Of The Mental Health Services In Western Australia 1830 1975:

"Madness" in Australia Catharine Coleborne, Dolly MacKinnon, 2003 No Marketing Blurb *Eloquent Testimony* Archie Samuel Ellis, 1984 The Confinement of the Insane Roy Porter, David Wright, 2003-08-07 The rise of the asylum constitutes one of the most profound and controversial events in the history of medicine Academics around the world have begun to direct their attention to the origins of the confinement of those deemed insane exploring patient records in an attempt to understand the rise of the asylum within the wider context of social and economic change of nations undergoing modernisation Originally published in 2003 this edited volume brings together thirteen original research papers to answer key questions in the history of asylums What forces led to the emergence of mental hospitals in different national contexts To what extent did patient populations vary in terms of their psychiatric profile and socio economic background What was the role of families communities and the medical profession in the confinement process This volume therefore represents a landmark study in the history of psychiatry by examining asylum confinement in a global context Rozelle Hospital Edward H. Moxon, 2024-11-29 In the 1960s psychiatry was entering a new phase of its development However many people were uncomfortable with these changes and fought against what they saw as apostasy dangerous and unprofessional decisions by the bureaucracy The role of Nurses before 1960 was task oriented to control behaviour give somatic treatments when ordered and provide the daily personal needs of their patients a custodial model Since 1960 the nursing profession ancillary staff and Doctors have been forced to reassess their traditional involvement and develop new skills All previous somatic treatments were abandoned or rarely used in mainstream psychiatry The only tools left for nurses were consciously using self in a therapeutic relationship communicating sharing developing empathy and compassion and helping the patient gain insight self awareness and problem solving skills No longer were the staff seen as the boss demanding obedience Nurses had to learn how to work in alternative environments halfway houses day clinics community clinics night hospitals acute units work with mixed sexes and learn new skills through family therapy TA cognitive behaviour modification encounter groups gestalt therapy reality therapy and a therapeutic community and adapt to different age and cultural groups Management of wards and staff presented a challenge to administrators In patients attained much more freedom and self government with these developments The hierarchy was flatter industrial democracy was expected and workers had to cope with changing organisational structures Government decision making was a constant source of conflict A new approach to management emerged trust replaced control and self government replaced regimentation Where were all these developments leading What of the future Volume Two explores the sequel and exposes the intrigues promises hypocrisy lies neglect social engineering and the fate of long term residents and people with acute psychiatric episodes **Law, history, colonialism** Diane Kirkby, Catharine Coleborne, 2017-03-01 Drawing on the latest contemporary research from an internationally acclaimed group of scholars Law history colonialism brings together the disciplines of law history and post colonial studies in

a singular exploration of imperialism In fresh innovative essays from a range of disciplinary backgrounds this collection offers exciting new perspectives on the length and breadth of empire As issues of native title truth and reconciliation commissions and access to land and natural resources are contested in courtrooms and legislation of former colonies the disciplines of law and history afford new ways of seeing hearing and creating knowledge Issues explored include the judicial construction of racial categories the gendered definitions of nation states the historical construction of citizenship sovereignty and land rights the limits to legality and the charting of empire constructions of madness among colonised peoples reforming property rights of married women questions of legal and historical evidence and the rule of law This collection will be an indispensable reference work to scholars students and teachers

CALLAN PARK: 'THE JEWEL OF THE WEST' Edward Moxon, 2022-04-19 This book is a record of events that happened at Callan Park before 1960 It is a journey of discovery that uncovers facts and manoeuvring not published before In time dramatic changes did happen there was a paradigm shift from mothering to encouraging independence The government's predominant focus through its bureaucrats was on costs structure and process Others had different ideas The change came through a handful of unlikely people a female psychiatrist and her friends two young nurses one psychopathic doctor a patient's brother a few buck passing bureaucrats a newspaper and a Royal Commission This story involves the CIA Sexual favours one doctor proudly claimed that there were three things necessary for a happy life to eat in style to drive in style and to f in style The use of spies to gather information for personal gain or write headlines for a paper Political gameplay and deals Lies and empire builders hatchet people and scapegoats Callan Park is littered with the refuse of dedicated staff who succumbed to suicide alcoholism PTSD depression and family breakdown written off as collateral damage Treatments for psychiatric conditions are continually changing not necessarily due to scientific advances A popular treatment in the 1920s was isolation an aperient in the 1940s and 50s brain surgery psychotropic drugs and LSD in the 1950s and 60s The stage was set to usher in a revolution in the care and treatment of people with a mental health problem and to experience the worse of political intervention

Volume two explores these two concepts

Reflections of a Psychiatrist Shailja Chaturvedi, 2021-04-20 This book illustrates one of the most significant phases of international development of psychiatry with emphasis on Australian psychiatry and its recognition as the fundamental branch of medicine Every sensation and thought create an emotion with its impact on the functioning of our brain and the status of our health The book illustrates the journey of psychiatry from the times of lunatic asylums the days of anti psychiatry Freudian psychoanalysis as the only treatment to the refinement of the state of art technology psychopharmacology and present day equal human rights of the people with mental illness The author has attempted to include the current scientific explorations debates and information above the robust foundation of psychiatry which can also make it a reference book with its wide coverage and simplified concepts The inclusion of case studies with changed identity of the patients make it even more readable and understanding the enigma of human emotions

Greater Expectations Jan Gothard, 2011-03-01 Based on more than 60 personal interviews and supported by scholarly research this book shows the varied attitudes and approaches that make up the rich experience of living with disability in a changing society Covering Down syndrome from conception to old age this historical analysis touches upon a variety of themes including education friendship health recreation sexuality employment and independence This moving partly autobiographical account is a must read for all parents teachers health professionals and policy makers who make choices that affect people with disabilities

Permeable Walls Graham Mooney, Jonathan Reinartz, 2009 In the first book devoted to the history of hospital and asylum visiting covering the 18th to the late 20th centuries and taking case studies from around the globe the authors demonstrate that hospitals and asylums could be remarkably permeable institutions

Disability and Rurality Karen Soldatic, Kelley Johnson, 2017-04-21 This is the first book to explore how far disability challenges dominant understandings of rurality identity gender and belonging within the rural literature The book focuses particularly on the ways disabled people give and are given meaning and value in relation to ethical rural considerations of place physical strength productivity and social reciprocity A range of different perspectives to the issues of living rurally with a disability inform this work It includes the lived experience of people with disabilities through the use of life history methodologies rich qualitative accounts and theoretical perspectives It goes beyond conventional notions of rurality grounding its analysis in a range of disability spaces and places and including the work of disability sociologists geographers cultural theorists and policy analysts This interdisciplinary focus reveals the contradictory and competing relations of rurality for disabled people and the resultant impacts and effects upon disabled people and their communities materially discursively and symbolically Of interest to all scholars of disability rural studies social work and welfare this book provides a critical intervention into the growing scholarship of rurality that has bypassed the pivotal role of disability in understanding the lived experience of rural landscapes

Attending Madness Lee-Ann Monk, 2015-06-29 He is what we would call a very good attendant who would not run away or flinch from any patient but would try to have his orders carried out if possible Such was the view of William Coady attendant to the insane in the British settler colony of Victoria Australia in the 1870s This book is a history of William Coady's occupation a history asylum work and workers in nineteenth century Australia It considers not only who attendants were and why they worked in the asylum but also how they and others variously defined the very good attendant Colonial asylum advocates imagined the attendant as an archetype drawing on ideas from Britain about the nature of insanity and its treatment In exploring the articulation of these ideas in a specific colonial context and their effect on the colonial asylum workplace Lee Ann Monk makes an important contribution to the international history of the asylum She also opens new dimensions in the history of this occupation on which the fate of patients very much depended by analysing attendants efforts to construct an occupational identity and give meaning to their work thus providing new insights into their sense of themselves and their occupation
