**Native Removal Writing** Sabine N. Meyer,2022-01-27 During the Standing Rock Sioux protest against the Dakota Access Pipeline an activist observed Forced removal isn t just in the history books Sabine N Meyer concurs noting the prominence of Indian Removal the nineteenth century policy of expelling Native peoples from their land in Native American aesthetic and political praxis across the centuries Removal has functioned both as a specific set of historical events and a synecdoche for settler colonial dispossession of Indigenous communities across hemispheres and generations It has generated a plethora of Native American writings that negotiate forms of belonging the identities of Native collectives their proprietary relationships and their most intimate relations among one another By analyzing these writings in light of domestic settler colonial international and tribal law Meyer reveals their coherence as a distinct genre of Native literature that has played a significant role in negotiating Indigenous identity Critically engaging with Native Removal writings across the centuries Meyer s work shows how these texts need to be viewed as articulations of Native identity that respond to immediate political concerns and that take up the question of how Native peoples can define and assert their own social cultural and legal political forms of living being and belonging within the settler colonial order Placing novels in conversation with nonfiction writings Native Removal Writing ranges from texts produced in response to the legal and political struggle over Cherokee Removal in the late 1820s and 1830s to works written by African Native writers dealing with the freedmen disenrollment crisis to contemporary speculative fiction that links the appropriation of Native intangible property culture with the earlier dispossession of their real property land In close contextualized readings of John Rollin Ridge John Milton Oskison Robert J Conley Diane Glancy Sharon Ewell Foster Zelda Lockhart and Gerald Vizenor as well as politicians and scholars such as John Ross Elias Boudinot and Rachel Caroline Eaton Meyer identifies the links these writers create between historical past narrated present and political future Native Removal Writing thus testifies to both the ongoing power of Native Removal writing and its significance as a critical practice of resistance
