Elusive Agenda Mainstreaming Women In Development:

The Elusive Agenda Rounaq Jahan, 1995 Reviewing the progress achieved in making gender a central concern in the development progress this book evaluates selected leading bilateral and multilateral donor agencies including the World Bank which have played a critical role in shaping the development agenda **Women, International Development**

Kathleen Staudt, 2010-09-17 In the seven years since the first edition of this book global attention has focused on some remarkable transitions to democracy on different continents Unfortunately those transitions have often failed to improve the situation of women and democratic practices have not included women in government homes and workplaces At the same time non governmental organizations have continued to expand a policy agenda with a concern for women thanks to the Fourth World Congress on Women and a series of United Nations affiliated meetings leading up to the one on population and development in Cairo in 1994 and most important the Beijing Conference in December 1995 attended by 50 000 people Two new essays and a new conclusion reflect the upsurge of interest in women and development since 1990 An introductory essay by Sally Baden and Anne Marie Goetz focuses on the conflict over the term gender at the Beijing Conference and the continuing divisions between conservative women and feminists and also between representatives of the North and South

Women and Disasters in South Asia Linda Racioppi, Swarna Rajagopalan, 2016-04-14 South Asia is one of the most vulnerable areas of an increasingly disaster impacted world with cyclones earthquakes floods and droughts causing several casualties and disrupting lives and livelihoods every year Yet the impacts of disasters are not equally distributed across the peoples of the region Women and men experience disaster differently and their needs in the aftermath of disaster often differ Bringing together perspectives from academics emergency response specialists and development practitioners the volume investigates to what extent and in what ways gender affects the course of post disaster reconstruction Conversely it also explores in what ways gender politics may be altered by disaster and post disaster reconstruction The study includes a comprehensive overview of key issues facing women and men as gendered beings in reconstruction and development a targeted observation of specific South Asian disaster contexts and a sustained discussion of case studies and their implications and lessons This book will interest scholars and researchers of disaster management rehabilitation studies gender environment ecology and sociology It will also be useful to institutions dealing with natural and man made disasters non governmental organisations and disaster recovery professionals Turkey's Engagement with Global Women's Human Rights

Nüket Kardam, 2017-11-30 Examining the rise of global women's human rights and their interpretation and application to Turkey Nüket Kardam provides an in depth study that applies global norms including women's empowerment overcoming violence against women and gender and good governance to a specific locale in order to examine events post application The volume examines whether a gender equality regime exists and looks into the Turkish attempt at compliance Moreover it analyzes the tension between abstract universalism Western enlightenment values and local values and identities

including the role of Islam regarding women's rights This groundbreaking study also includes research on the women's movement in Turkey its discourses and its relationship with the state from the 1980s onwards during which time multilateral and bilateral donors and the European Union came to exert more influence and new civil society partnerships were formed with the state *Evaluating a Decade of World Bank Gender Policy, 1990-99*, 2005-01-01 Annotation As part of the Bank's poverty reduction mandate the Bank's 1994 Operational Policy on Gender Dimensions of Development aimed to reduce gender disparity and increase the participation of women in the economic development of their countries This evaluation examines the relevance and results of this policy **Handbook of Research on Microfinancial Impacts on Women**

Empowerment, Poverty, and Inequality Das, Ramesh Chandra, 2018-08-17 One of the major tools of attaining proper development all around the world is complete financial inclusion such that all classes of people can secure their lifestyles through access to financial services from formal sectors Expanding access to resources and increasing self employment opportunities help reduce poverty and improve social development The Handbook of Research on Microfinancial Impacts on Women Empowerment Poverty and Inequality is an essential reference source that discusses the role of financial inclusion in gender equality as well as economic independence and self employment Featuring research on topics such as inequality collaborative economy and social responsibility this publication is ideally designed for policy makers economic researchers and academicians seeking coverage on social mobilization capital formation capacity building and pro poor economy designs

Feminist Strategies in International Governance Gülay Çağlar, Elisabeth Prügl, Susanne Zwingel, 2013 The struggle for women's rights and to overcome gender oppression has long engaged the efforts of inter governmental and non governmental organizations Feminist Strategies in International Governance provides a new introduction to the contemporary forms of this struggle It brings together the voices of academics and practitioners to reflect in particular on the effectiveness of human rights strategies and gender mainstreaming It covers three international issue areas in which feminists currently seek change women's human rights and violence against women the participation of women in peace making and their protection during conflict and the gendered effects of development economic and financial governance The book combines a critical reflection on the current state of feminist politics with an introduction to urgent issues on the contemporary international agenda In addition the book draws on innovative conceptualizations from constructivism in international relations legal anthropology and discourse theory to provide new framings of current feminist struggles Offering an accessible guide to the engendering of international governance and examining the challenges for international feminist politics in the future this work will be of great interest to students and scholars of international organizations gender politics and global governance **Historical Dictionary of Bangladesh** Syedur Rahman, 2010-04-27 Bangladesh literally the land of the Bengalis is the most recent addition in 1971 to the independent nations of South Asia It had previously been known as East Pakistan and prior to that it was part of British India It has been inhabited by people of different races and

religions and ruled over by different leaders who imposed different regimes It is overpopulated and underdeveloped but there is much more to it than that Bangladesh has a long and oftentimes proud tradition it has produced writers and artists of genius and it is an important outpost of Islam And with a population of some 130 million it is one of the larger countries in the world The fourth edition of the Historical Dictionary of Bangladesh greatly expands on the previous edition through a chronology an introductory essay a bibliography and over 700 cross referenced dictionary entries on important people places events and institutions as well as significant political economic social and cultural aspects *PEACE STUDIES, PUBLIC POLICY AND GLOBAL SECURITY - Volume V* Ursula Oswald Spring, Ada Aharoni, Ralph V. scholars and activists on gender and developmental issues Presents a variety of perspectives by women from both industrialized and developing countries Summarizes the literature of established disciplines bringing together important material scattered in many sources Identifies new areas for research affecting gender and development in emerging fields such as legal rights Outlines strategies for action in such critical areas as ecology and urban issues An annotated bibliography and list of references at end of each chapter make it easy to expand your research Education, Poverty and Global Goals for Gender Equality Elaine Unterhalter, Amy North, 2017-08-07 Drawing on case study research that examined initiatives which engaged with global aspirations to advance gender equality in schooling in Kenya and South Africa this book looks at how global frameworks on gender education and poverty are interpreted in local settings and the politics of implementation It discusses the forms of global agreements in particular contexts and allows for an appraisal of how they have been understood by the people who implement them By using an innovative approach to comparative cross country research the book illuminates how ideas and actions connect and disconnect around particular meanings of poverty education and gender in large systems and different settings Its conclusions will allow assessments of the approach to the post 2015 agenda to be made taking account of how policy and practice relating to global social justice are negotiated sometimes negated the forms in which they are affirmed and the actions that might help enhance them This book will be valuable for students researchers academics senior teachers senior government and inter government officials and senior staff in NGOs working in the field of education and international development gender poverty reduction and social development Gender, Human Security and the United Nations Natalie Florea Hudson, 2009-09-22 This book examines the relationship between women gender and the international security agenda exploring the meaning of security in terms of discourse and practice as well as the larger goals and strategies of the global women s movement Today many complex global problems are being located within the security logic From the environment to HIV AIDS state and non state actors have made a practice out of securitizing issues that are not conventionally seen as such As most prominently demonstrated by the UN Security Council Resolution 1325 2001 activists for women s rights have increasingly framed women s rights and gender inequality as security issues in an attempt to gain access to the international security agenda particularly in the context of the United Nations This book explores the nature and implications of the use of security language as a political framework for women tracing and analyzing the organizational dynamics of women s activism in the United Nations system and how women have come to embrace and been impacted by the security framework globally and locally The book argues that from a feminist and human security perspective efforts to engender the security discourse have had both a broadening and limiting effect highlighting reasons to be sceptical of securitization as an inherently beneficial strategy Four cases studies are used to develop the core themes 1 the campaign to implement UN Security Council Resolution 1325 2 the strategies utilized by those advocating women s issues in the security arena compared to those advocating for children 3 the

organizational development of the UN Development Fund for Women and how it has come to securitize women and 4 the activity of the UN Peacebuilding Commission and its challenges in gendering its security approach The work will be of interest to students of critical security gender studies international organizations and international relations in general

Natalie Florea Hudson received her PhD in Political Science from the University of Connecticut and is an Assistant Professor at the University of Dayton She specializes in gender and international relations human rights international security studies and international law and organization

The Oxford Handbook of Transnational Feminist Movements Daniel Beland, Christopher Howard, Kimberly J. Morgan, 2015-02-25 The American welfare state has long been a source of political contention and academic debate This Oxford Handbook pulls together much of our current knowledge about the origins development functions and challenges of American social policy After the Introduction the first substantive part of the handbook offers an historical overview of U S social policy from the colonial era to the present This is followed by a set of chapters on different theoretical perspectives available for understanding and explaining the development of U S social policy The three following parts of the volume focus on concrete social programs for the elderly the poor and near poor the disabled and workers and families Policy areas covered include health care pensions food assistance housing unemployment benefits disability benefits workers compensation family support and programs for soldiers and veterans The final part of the book focuses on some of the consequences of the U S welfare state for poverty inequality and citizenship Many of the chapters comprising this handbook emphasize the disjointed patterns of policy making inherent to U S policymaking and the public private mix of social provision in which the government helps certain groups of citizens directly e g social insurance or indirectly e g tax expenditures regulations The contributing authors are experts from political science sociology history economics and other social sciences

The Oxford Handbook of Transnational Feminist Movements Rawwida Baksh, Wendy Harcourt, 2015-03-25 The Oxford Handbook of Transnational Feminist Movements explores the historical political and economic context in which transnational feminist movements have emerged and spread and the contributions these movements have made to global knowledge policy and social change from the 1970s to the present As it includes contributions from scholars and practitioners from around the globe particularly from the Southern Hemisphere the chapters consider the interplay between the lived experience of transnational feminist movements and the way that women's rights and gender equality have been theorized in different locations and contexts

Agricultural Commercialization, Gender Equality and the Right to Food Joanna Bourke Martignoni, Christophe Gironde, Christophe Golay, Elisabeth Prügl, Dzodzi Tsikata, 2022-09-22 This volume explores agricultural commercialization from a gender equality and right to food perspective Agricultural commercialization involving not only the shift to selling crops and buying inputs but also the commodification of land and labour has always been controversial Strategies for commercialization have often reinforced and exacerbated inequalities been blind to gender differences and given rise to violations of the human rights to food land work and social

security While there is a body of evidence to trace these developments globally impacts vary considerably in local contexts This book systematically considers these dynamics in two countries Cambodia and Ghana Profoundly different in terms of their history and location they provide the basis for fruitful comparisons because they both transitioned to democracy in the early 1990s made agricultural development a priority and adopted orthodox policies of commercialization to develop the sector Chapters illustrate how commercialization processes are gendered highlighting distinctive gender ethnic and class dynamics in rural Ghana and Cambodia and the different outcomes these generate They also show the ways in which food cultures are changing and the often problematic impact of these changes on the safety and quality of food Specific policies and legal norms are examined with chapters addressing the development and implementation of frameworks on the right to food and land administration Overall the volume brings into relief multiple dimensions shaping the outcomes of processes of commercialization including gender orders food cultures policy translation national and sub national policies corporate investments and programmes and formal and informal legal norms In doing so it offers insight not only on our case countries but also provides proposals to advance rights based research on food security This book will be of great interest to students and scholars of food security agricultural development and economics gender human rights and sustainable development

Diverting the Flow Margreet Zwarteveen, Sara Ahmed, Suman Rimal Gautam, 2014-03-11 Across the South Asian region water determines livelihoods and in some cases even survival However water also creates exclusions Access to water and its social organisation are intimately tied up with power relations This book provides an overview of gender equity and water issues relevant to South Asia The essays empirically illustrate and theoretically argue how gender intersects with other axes of social difference such as class caste ethnicity age and religion to shape water access use and management practices Divided into six thematic sections each of which starts with an introduction of relevant concepts debates and theories the book looks at laws and rights policies technologies and intervention strategies In all the book clearly shows how understanding and changing the use distribution and management of water is conditional upon understanding and accommodating gender relations Published by Zubaan
