Truth and Consequences Mike Miley, 2019-12-30 Although nearly every other television form or genre has undergone a massive critical and popular reassessment or resurgence in the past twenty years the game show's reputation has remained both remarkably stagnant and remarkably low Scholarship on game shows concerns itself primarily with the history and aesthetics of the form and few works assess the influence the format has had on American society or how the aesthetics and rhythms of contemporary life model themselves on the aesthetics and rhythms of game shows In *Truth and Consequences: Game Shows in Fiction and Film* author Mike Miley seeks to broaden the conversation about game shows by studying how they are represented in fiction and film Writers and filmmakers find the game show to be the ideal metaphor for life in a media saturated era from selfhood to love to family to state power The book is divided into rounds each chapter looking at different themes that books and movies explore via the game show By studying over two dozen works of fiction and film bestsellers blockbusters disasters modern legends forgotten gems award winners self published curios and everything in between *Truth and Consequences* argues that game shows offer a deeper understanding of modern day America a land of high stakes spectacle where a game show host can become president of the United States

The End(s) of Community

Joshua Ben David Nichols, 2013-09-03 This book stems from an examination of how Western philosophy has accounted for the foundations of law In this tradition the character of the sovereign or lawgiver has provided the solution to this problem But how does the sovereign acquire the right to found law As soon as we ask this question we are immediately confronted with a convoluted combination of jurisprudence and theology The author begins by tracing a lengthy and deeply nuanced exchange between Derrida and Nancy on the question of community and fraternity and then moves on to engage with a diverse set of texts from the Marquis de Sade Saint Augustine Kant Hegel and Kafka These texts which range from the canonical to the apocryphal all struggle in their own manner with the question of the foundations of law Each offers a path to the law If a reader accepts any path as it is and follows without question the law is set and determined and the possibility of dialogue is closed The aim of this book is to approach the foundations of law from a series of different angles so that we can begin to see that those foundations are always in question and open to the possibility of dialogue

1100 - 1198 William Flewelling,2024-12-18 This book joins the series of titles assembling my sequence of Reflective Prayers Earlier productions have taken up the more recent examples of the series this volume takes up the prior 89 reflective prayers in order I have come to consider these as perhaps the most significant of my productions certainly of those I continue to write In that light I am hoping to extend the sequence back in time through those I consider to represent a maturity in the engagement with the scriptures I have developed in the course of my ministry At this time I am at number 2021 this collection takes the published sequence back to number 1110 **The Absolute** Daniel Guebel,2022-05-17 Winner Premio Municipal de la Novela 2021 Premio Nacional de Literatura Argentina 2018 Premio Literario de la Academia Argentina de Letras 2017 Best Novel Award by La Naci n 2016 A provocative multigenerational exploration of creative genius madness and family relationships With the ambition and density of style of Vladimir Nabokov or Olga Tokarczuk this is a story both profound and handled with a light touch The Absolute is a sprawling historical novel about the Deliuskin Scriabin family made up of six generations of geniuses and madmen Beginning in the mid 18th century in Russia across Europe and ending in late 20th century Argentina the characters lives play out in different branches of art politics and science in such radical ways that they transform the world and its reality The narrator s ancestor Frantisek Deliuskin invents a new form of music in the 18th century his son Andrei Deliuskin makes some marginal annotations to the Spiritual Exercises of Saint Ignatius of Loyola that are later interpreted by Lenin as an instruction manual to carry out the Russian Revolution of 1917 Esau Deliuskin following the course of his father creates a socialist utopian society and down through the generations to the narrator whose creation takes him back in time and space to the moment of the Big Bang The Absolute is a monumental work about the creation of art and about family about spiritual traditions and about throwing oneself into the world not to capture life but to create it in and through words This is a masterpiece at a time when masterpieces seem impossible and at the same time challenges the very idea of a masterpiece It s the novel one should read if they want to know what an artist is La Naci n
