a key role in modern debates about history writing from Kant through Hegel to Nietzsche and Heidegger and from Friedrich Creuzer through George Grote and Theodor Mommsen to Momigliano and Moses Finley yet scholarship has paid little attention to the theoretical implications of the reception of these ideas The essays in this collection cover a wide range of relevant topics and approaches and boast distinguished authors from across Europe in the fields of classics ancient and modern history and the theory of historiography

**Wherefrom Does History Emerge?** Tilo Schabert, John von Heyking, 2020-10-26

Powers of chaos accompany any order of the human world being the force against which this order is set Human experience of history is two fold There is history ruled by chaos and history ruled by order History occurs in a continuous flow of both histories The dialectics of life unto nothingness creation struggles for order order achieved is unceasingly actual In exploring it within a wide interdisciplinary and transcultural range this book reaches beyond a conventional philosophy of history It deals with the chaotic as well as the cosmic part of the human historical experience It stages this drama through the tales that religious mythical literary philosophical folkloristic and historiographical sources tell and which are retold and interpreted here From early on humans wished to know where why and wherefore all started and took place Couldn't the dialectics between chaos and order be meaningful Couldn't they assume a productive role as to the world's precarious event Power strife guilt divine grace and revelation literary symbolization as well as storytelling are discussed in this book Philosophy political theory theology religious studies and literary studies will greatly benefit from its width and density
