Emergency Kit Poems For Strange Times:

Emergency Kit Jo Shapcott, Matthew Sweeney, 1996 *Emergency Kit* is an anthology with many differences It is to begin with a book which gives prominence to poems rather than to the poets who wrote them It is truly international bringing together poems not just from these islands but from many parts of the English speaking world It is the first book to identify a strain in the poetry of the last half century which is characteristic of the strange times we live in an age when as the editors note scientific discovery itself has encouraged us to make free with the boundaries of realism It values imagination surprise vivid expression the outlandish and the playful above ideology and sententiousness It is in short living proof that poetry in the English language continues to thrive and to matter *Elegy* David Kennedy, 2008-03-10 Grief and mourning are generally considered to be private yet universal instincts But in a media age of televised funerals and visible bereavement elegies are increasingly significant and open to public scrutiny Providing an overview of the history of the term and the different ways in which it is used David Kennedy outlines the origins of elegy and the characteristics of the genre examines the psychology and cultural background underlying works of mourning explores how the modern elegy has evolved and how it differs from canonical elegy also looking at female elegists and feminist readings considers the elegy in the light of writing by theorists such as Jacques Derrida and Catherine Waldby looks at the elegy in contemporary writing and particularly at how it has emerged and been adapted as a response to terrorist attacks such as 9 11 Emphasising and explaining the significance of elegy today this illuminating guide to an emotive literary genre will be of interest to students of literature media and culture

A History of Twentieth-Century British Women's Poetry Jane Dowson, Alice Entwistle, 2005-05-19 Publisher Description

Distant Reading Peter Middleton, 2005 A dynamic account of the history practice and theory of poetry as performance Distant Reading considers poetry as performance offers new insights into its popularity and proposes a new history of its origins It also explores related issues concerning the reception of poetry the impact of the computer on how we read poetry the persistence of the letter I in poems by avant garde poets the strangeness of the line break as a demand on the reader's attention and the idea of the reader as consumer These themes are connected by a historically contextualized and theoretically sophisticated discussion of contemporary American and British poets continuing to work in the modernist tradition The introductory essay establishes a new methodology that transforms close reading into what Middleton calls distant reading interpretive reading that acknowledges the distances that texts travel from their point of composition to readers in other geographical and historical locations It indicates that poetic innovation is often driven by a desire on the part of the poet to make this distance do cultural work in the meanings that the poem generates Ultimately Distant Reading treats poetry as a cultural practice that is always situated within specific sites of performance recited on stage displayed in magazines laid out on a page scrolled on the computer screen rather than as a transcendent cloud of meaning tethered only to its words

Fractals Sudeep Sen, 2016-04-01 Sudeep Sen's Fractals includes a wide swath of his poetry from 1980 to the present as well as a representative collection of his translations into English of other poets writing in Bengali Hindu Urdu and other languages Sen's poems are both vivid observations and insightful meditations often ekphrastic in that they are inspired by other art forms from modern European painters to classical Indian dancers Narratives generally underlie his poems giving us stories from around the world past and present from the grit of war to the mysteries of mythology
