**Roman Imperial Frontier in the West** Julie Nelson, Steven K. Sons of Hellenism, Fathers of the Church Susanna Elm, 2015-09-08 This groundbreaking study brings into dialogue for the first time the writings of Julian the last non Christian Roman Emperor and his most outspoken critic Bishop Gregory of Nazianzus a central figure of Christianity Susanna Elm compares these two men not to draw out the obvious contrast between the Church and the Emperor's neo Paganism but rather to find their common intellectual and social grounding Her insightful analysis supplemented by her magisterial command of sources demonstrates the ways in which both men were part of the same dialectical whole Elm recasts both Julian and Gregory as men entirely of their times showing how the Roman Empire in fact provided Christianity with the ideological and social matrix without which its longevity and dynamism would have been inconceivable

**A Companion to Julian the Apostate**, 2020-01-20 Few Roman emperors enjoy such fame as Flavius Claudius Iulianus although he was sole ruler of the Roman Empire for only eighteen months 361-363 Since his early death he has been known as Julian the Apostate the nephew of Constantine the Great who in vain tried to reverse the transformation of the Imperium Romanum into a Christian Empire This companion synthesizes research on Julian conducted in many languages over the last decades and develops new perspectives The authors scrutinize the voluminous and variegated sources for Julian's life and rule and reflect on the perceptions of modern research Since Julian is the subject of scholarly discussion in various fields this companion offers an interdisciplinary dialogue in which experts from many countries participate Contributors are Bruno Bleckmann Scott Bradbury Peter Heather Arnaldo Marcone Neil McLynn Heinz G nther Nesselrath Stefan Rebenich Christoph Riedweg Sebastian Schmidt Hofner Peter van Nuffelen Konrad V ssing Hans Ulrich Wiemer

Sporting with the Classics Estelle Haan, 2010 Focuses on the original Latin poetry of William Dillingham a 17th cent editor and Vice Chancellor of Cambridge Univ It does so in an attempt to disprove claims that Dillingham's talent lay in criticism rather than in original composition and that his Latin verse shows his complete independence of the old school of classical imitation This study highlights both the classical and the contemporary intertexts with which this hitherto neglected poetry engages This highly talented verse sports with the classics in several ways first in its self consciously interaction with the Latin poets Virgil and Ovid second in its appropriation of a classical world and its linguistic medium to describe such 17th cent sports or pastimes as bowling horticulture and bell ringing

Cicero in Basel Cédric Scheidegger Laemmle, 2024-11-18 The fifteen contributions to the multilingual volume together chart Cicero's

presence in the cultural history of Basel from the city's foundation to the heyday of humanist print culture to the cultural politics of the modern day. Written by scholars working from different academic traditions and organised in four sections they trace a broad range of engagements with Cicero in Basel across time thus offering the rudiments of a localised form of reception history. *Ciceronian Foundations* focuses on Cicero's role in the city's and her university's foundation myths. *Editions and Commentaries* centres on the Ciceronian editions and commentaries in the heyday of humanist printing culture. *Discussions and Engagements* situates his reception in the intellectual currents that define humanist Basel from stylistic and literary debates to the controversies of the theologians. *Scholarship and Education* explores the entanglements of academic and civic life that come to define Cicero's place in Basel from the 17th century. For all their diversity the contributions are united in their aim to contribute both to the study of Ciceronian reception and to the cultural history and development of Basel in its European context.

**Ancient Rome** R. Scott Smith, 2014-03-15. Terrific exactly the sort of collection we have long needed one offering a wide range of texts both literary and documentary and that with the inclusion of Sulpicia and Perpetua allows students to hear the voices of actual women from the ancient world. The translations themselves are fluid the inclusion of long extracts allows students to sink their teeth into material in ways not possible with traditional source books. The anonymous texts inscriptions and other non literary material topically arranged in the Documentary section will enable students to see how the documentary evidence supplements or undermines the views advanced in the literary texts. This is a book that should be of great use to anyone teaching a survey of the history of Ancient Rome or a Roman Civilization course. I look forward to teaching with this book which is I think the best source book I have seen for the way we teach these days. David Potter University of Michigan.

**The Trial and Crucifixion of Jesus** David W. Chapman, Eckhard J. Schnabel, 2019-01-01. *The Trial and Crucifixion of Jesus* is a comprehensive sourcebook for those looking to gain a more robust understanding of this event through the eyes of ancient writers. Featuring extrabiblical primary texts along with a new translation and commentary by David W. Chapman and Eckhard J. Schnabel this work is relevant for understanding Jesus' last days. The significance of Jesus' death is apparent from the space that Matthew, Mark, Luke and John devote to the Passion narrative from the emphasis of many speeches in the book of Acts and from the missionary preaching and the theology of the apostle Paul. Exegetical discussions of Jesus' trial and death have employed biblical Old Testament and extrabiblical texts in order to understand the events during the Passover of AD 30 that led to Jesus' execution by crucifixion. The purpose of this book is to publish the primary texts that have been cited in the scholarly literature as relevant for understanding Jesus' trial and crucifixion. The texts in the first part deal with Jesus' trial and interrogation before the Sanhedrin and the texts in the second part concern Jesus' trial before Pilate. The texts in part three represent crucifixion as a method of execution in antiquity. For each document the authors provide the original text Hebrew Aramaic Greek or Latin a translation and commentary. The commentary describes the literary context and the purpose of each document in context.

before details are clarified along with observations on the contribution of these texts to understanding Jesus trial and crucifixion     **Erasmus and His Books** Egbertus Van Gulik,     British Museum Catalogue of printed Books ,1894
