## Epitaphs Of A Broken Society:

*Epitaphs of a Broken Society* Brennan Chadwick Emerson,2000-10 This version of the book is old It has since been revised It should no longer be for sale      *Religion, Toleration, and British Writing, 1790-1830* Mark Canuel,2002-10-17 In Religion Toleration and British Writing 1790 1830 Mark Canuel examines the way that Romantic poets novelists and political writers criticized the traditional grounding of British political unity in religious conformity Canuel shows how a wide range of writers including Jeremy Bentham Ann Radcliffe Maria Edgeworth and Lord Byron not only undermined the validity of religion in the British state but also imagined a new tolerant and more organized mode of social inclusion To argue against the authority of religion Canuel claims was to argue for a thoroughly revised form of tolerant yet highly organized government in other words a mode of political authority that provided unprecedented levels of inclusion and protection Canuel argues that these writers saw their works as political and literary commentaries on the extent and limits of religious toleration His study throws light on political history as well as the literature of the Romantic period      *Australian National Bibliography* ,1978      Curious Epitaphs William Andrews,2025-02-17 Curious Epitaphs by William Andrews is a captivating exploration into the world of gravestone inscriptions revealing not just names and dates but the lives professions beliefs and even the humor of those who have passed on It s a journey through churchyards and cemeteries each epitaph a tiny window into the soul and society of bygone eras The book isn t a somber lament instead it s a lively narrative filled with the wit wisdom and sometimes the peculiar quirks of humanity      *THE CHURCH HERALD.* ,1873      **Why Africa?** Bona Udeze,2009 Why Africa an abstract first painted in 1993 and reproduced in collage in 2004 is variously described by his admirers as an emotional revelation The work depicts the African question problems and prospects including political instability corruption and poverty in the midst of rich natural and human resources Thus Why Africa inspired him to write a book on the subject applying his creativity with a unique perspective on the African case Bona has written one book unpublished titled The Ancient and Modern 1992 a story on Urualla his ancestral origin in Nigeria      Restoring Women's History Through Historic Preservation Gail Lee Dubrow,Jennifer B. Goodman,2003-01-28 This essay collection draws upon work presented at three national conferences on women and historic preservation held at Bryn Mawr College in 1994 Arizona State University in 1997 and at Mount Vernon College in 2000      *The Methodist Review Quarterly* ,1920      **Yesterday** Robert J. Firth,2013-01-17 Yesterday is a book that each of us needs to write based on who and what we were and have become the sum total of our education and experiences as we made our way through our allotted years Any of us can do this at any time but to me it seemed that in my younger and middle years there was never time What Yesterday is then is a general reminiscing a ruminating if you will over my life and times It s not about me per se but rather focuses on those verities and understandings learned along the way that we all recognize to be true The book presents those thoughts and memories I felt worth passing on In a way writing this was like sifting through the detritus of seventy odd years sort of

panning for gold letting my collected thoughts and experiences swirl in the pan looking for those shining bits of value I m certain that you too have such knowledge and I know that you too have probably considered setting them down for the ages so go ahead do it Do it now Once your mind ceases to function overtaken by death or disease memories evaporate like morning mist as if they never were While you can I urge you to create draw film write do something to leave your mark Keep a diary record your experiences and thoughts You are valuable you are unique don t pass us by without a sound We need to hear what you have heard we need to know what you have learned So tell us Here you will find thoughts on choices and directions values and truths morality and relationships We present a great number of facts and opinions and ask our readers sift though them taking and using whatever you believe of value enriching your own thoughts and hopefully passing them on to others
