Women in God's Army Andrew Mark Eason,2009-10-22 The early Salvation Army professed its commitment to sexual equality in ministry and leadership In fact its founding constitution proclaimed women had the right to preach and hold any office in the organization But did they Women in God s Army is the first study of its kind devoted to the critical analysis of this central claim It traces the extent to which this egalitarian ideal was realized in the private and public lives of first and second generation female Salvationists in Britain and argues that the Salvation Army was found wanting in its overall commitment to women s equality with men Bold pronouncements were not matched by actual practice in the home or in public ministry Andrew Mark Eason traces the nature of these discrepancies as well as the Victorian and evangelical factors that lay behind them He demonstrates how Salvationists often assigned roles and responsibilities on the basis of gender rather than equality and the ways in which these discriminatory practices were supported by a male defined theology and authority He views this story from a number of angles including historical gender and feminist theology ensuring it will be of interest to a wide spectrum of readers Salvationists themselves will appreciate the light it sheds on recent debates Ultimately however anyone who wants to learn more about the human struggle for equality will find this book enlightening **Gender**

Equality and Women's Empowerment in Education Delfín Ortega-Sánchez,Esther Sanz De La Cal,Jaime Ibáñez Quintana,Beatrice Borghi,2022-02-23 *Resources in Women's Educational Equity: Special Issue* ,1979 **Resources in Women's Educational Equity** ,1979 *Effective Technology for Gender Equity in Business and Organizations* Darwish, Dina,2024-08-23 Despite decades of activism and efforts in society and government women still face significant barriers to gender equality and economic empowerment in the business world However advancements in modern technology may present an opportunity to upend the systems that support inequality The industrial revolution may have transformed industries but thus far it has failed to eradicate longstanding inequalities Effective Technology for Gender Equity in Business

and Organizations addresses this pressing issue by offering a collection of original research aimed at professionals policymakers and knowledge management experts and examines how new technology can be integrated into various levels of organizations to help continue breaking down barriers and advancing gender equity This book brings together relevant theoretical frameworks and the latest empirical research findings in gender equity with the aid of modern technology It targets professionals seeking to enhance their understanding of modern technology s strategic role in contemporary society including its application at the global economy network team building and information system levels By offering insights into the recent potential to reduce the gender gap and empower women with these advancements this book is a valuable resource for those working in healthcare business organizations information sciences and more *Minutes of Evidence Taken Before the Royal Commission on Divorce and Matrimonial Causes* Great Britain. Royal Commission on Divorce and Matrimonial Causes,1912 Contemporary Encounters in Gender and Religion Lena Gemzöe,Marja-Liisa Keinänen,Avril Maddrell,2016-11-16 The fields of gender and religious studies have often been criticized for neglecting to engage with one another and this volume responds to this dearth of interaction by placing the fields in an intimate dialogue Taking a multi disciplinary approach and drawing on feminist scholarship the book undertakes theoretical and empirical explorations of relational and co constitutive encounters of gender and religion Through varied perspectives the chapters address three interrelated themes religion as practice the relationship between religious practice and religion as prescribed by formal religious institutions and the feminization of religion in Europe *The Family in the USSR* Rudolf Schlesinger,2013-10-15 First Published in 1998 This is Volume III of eight in the Sociology of the Soviet Union series Written in 1949 this is a collection of translated essays and documents about the family in the USSR and the changing attitudes prevailing in Soviet Russia towards specific aspects of social and political life *Some Phases in the Development of the Subjective Point of View During the Post Aristotelian Period ...* Dagny Gunhilda Sunne,1911 *Three Cartesian Feminist Treatises* François Poullain de la Barre,2007-11-01 One of the most radical feminist theorists in Europe before the nineteenth century François Poullain de la Barre 1647 1723 was a man way ahead of his time Applying Cartesian principles to the Woman Question Poullain demonstrated by rational deduction that the supposedly self evident inequality of the sexes was nothing more than unfounded prejudice Poullain published three books anonymously on this topic in the 1670s all of which are included in English translation in this volume In *On the Equality of the Two Sexes* he argued that the supposedly natural inferiority of women was culturally produced To help women recognize and combat this prejudice Poullain advocated a modern enlightened feminine education in *On the Education of Ladies* Finally since his contemporaries largely ignored Poullain s writings he offered a rebuttal to his own arguments in *On the Excellence of Men* a rebuttal that he promptly countered strengthening his original positions A truly modern feminist Poullain laid the intellectual groundwork for the women s liberation movement centuries before it happened Appendices to the Minutes of Evidence and Report Great Britain.
