Eriskay Where I Was Born:

Eriskay Where I Was Born Angus Edward MacInnes, 2017-06-25 Angus Edward MacInnes born at Haun Eriskay in the Outer Hebrides in 1925 returned in his imagination to the island of his birth to create what since its first publication in 1997 has become a classic account of an almost forgotten way of life His autobiography told with the captivating rhythms and story telling techniques of his native Gaelic combines the author's personal experiences with his observations of life around him The result is a complete picture of Eriskay from its topography to descriptions of the islanders dress diet and schooling The island's traditions are brought vividly to life with amazing but the author insists true tales of giants strong men ghosts and the second sight *Tales From an Island* Christina Hall, 2017-10-12 In this enchanting and moving memoir Christina Hall writes with sharp observation about her childhood on the Hebridean island of South Uist in the 1940s and 50s Humour and anguish reflect the spirit of a girl living through a time of dramatic change in her life her family and the land that she loves Beginning with her earliest memories the book recounts her life up to the end of secondary school and is set in Uist Benbecula Barra and Fort William As a sequel to *To the Edge of the Sea* Twice Around the Bay follows Christina Hall's story during her time at teacher training college in Glasgow and her return to the Hebrides where she became the primary school teacher at South Glendale on her native island of South Uist It is a story full of vibrancy life and colourful Hebridean characters which recaptures with crystal clarity the joys and hardships of island life in the late 1950s and 1960s It was during this period that the army arrived on Benbecula and it was through them that Christina met a young English soldier The book ends with their wedding with faith in the future and the realisation that wherever that future might lead the island of Christina's birth would always be part of her **The Hebrides** Paul Murton, 2024-07-04 Paul Murton has spent half a lifetime exploring some of the most beautiful islands in the world the Hebrides He has travelled the length and breadth of the Scotland's rugged six thousand mile coast line and sailed to over eighty islands In this new and updated edition of his acclaimed book Paul visits each of the Hebridean islands in turn introducing their myths and legends history culture and extraordinary natural beauty In addition he also meets the people who live there and learns their story He has met crofters fishermen tweed weavers Gaelic singers clan chiefs artists postmen and bus drivers people from every walk of life who make the islands tick This blend of the contemporary and the traditional creates a vivid account of the Hebrides and serves as a unique guide to the less well known aspects of life among the islands *The Child and the State* Margaret McMillan, 1911 *A Waxing Moon* Roger Hutchinson, 2011-10-21 Thirty years ago the Gaelic language and culture which had been eminent in Scotland for 1 300 years seemed to be in the final stages of a 200 year terminal decline The number of Gaelic speakers in Scotland had fallen tenfold over the previous century The language itself was commonplace only in the scattered communities of the north west Highlands and Hebrides By the early years of the 21st century however a sea change had taken place Gaelic for so long a subject of mockery and hostility had become what some termed fashionable Gaelic speaking

jobs were available Gaelic medium education was established in many areas and politicians and business people saw benefits in acting as friends of the culture While the numbers of Gaelic speakers continued to fall as older people passed away the decline was slowed and for the first time in 100 years the percentage of young people using the language began to rise proportionately What had happened was a kind of renaissance a Gaelic revival that manifested itself in popular music literature art poetry publishing drama radio and television It was a phenomenon as obvious as it was unexpected And at the heart of that movement lay education A Gaelic Modern History will tell the story of one institution Sabhal Mor Ostaig the Gaelic College in Skye that has stood at the centre of this revival But chiefly the book will examine how a venerable culture was given hope for the future at the point when all seemed lost It recounts the scores of personalities from Sorley Maclean and Runrig to Michael Forsyth and Gordon Brown who have become involved in that process The Outer Hebrides and Their Legends Otta F. Swire,1966 *Love of Country* Madeleine Bunting,2017-04-11 Excellent Almost the perfect marriage of travelogue to the inner landscape of political ideas and cultural reflections a super read New Statesman Few landscapes are as striking as that of the Hebrides the hundreds of small islands that speckle the waters off Scotland's northwest coast The jagged rocky cliffs and roiling waves serve as a reminder of the islands dramatic geological history Facing the Atlantic the Hebrides were at the center of ancient shipping routes and have a remarkable cultural history After years of hearing about Scotland as a place interwoven with the story of her family Madeleine Bunting went to see for herself this place so full of history Over six years Bunting returned again and again to the Hebrides fascinated by the question of what it means to belong there With great sensitivity she takes readers through the Hebrides history of dispossession and displacement a history that can be understood only in the context of Britain's imperial past and she shows how the Hebrides have been repeatedly used to define and imagine Britain *Love of Country* is a revelatory journey through one of the world's most remote beautiful landscapes that encourages us to think of the many identities we wear as we walk our paths A remarkably thorough digest of the many histories of the Hebrides Wall Street Journal Moving and wonderful Both the author and reader of this book end up losing themselves not just in politics and history and the details of nature but a sense of wonder The Guardian Makes you feel you are there even if you have just left Observer Best Books of the Year *An Island Odyssey* Hamish Haswell-Smith,2014-04-03 In *An Island Odyssey* Hamish Haswell Smith casts off in his forty one foot sloop Jandara armed with his sketch pad and a route map of a journey first taken by Martin Martin in 1703 Haswell Smith sets sail on a voyage that will take him to fifty two different islands around the Scottish Coast from Ailsa Craig in the Firth of Clyde to St Kilda Fair Isle and Bass Rock Filled with natural history local legend and landscapes and accompanied by the author's own distinctive sketches and watercolours *An Island Odyssey* is a delightful way to discover or rediscover the romance beauty and inescapable magnetism of the Scottish Islands **Books in Scotland** ,1997 *Report to the Lords Commissioners of His Majesty's Treasury* Great Britain.
