Ernest Hemingway's The Old Man and the Sea Harold Bloom, 2008 Hemingway's last work published during his lifetime remains one of his most popular and best known A man's symbolic quest to land the catch of a lifetime engages classic themes of the human struggle against nature as well as explores the intersection of expectation and desire

Hemingway's Theaters of Masculinity Thomas Strychacz, 2003-11-11 In this provocative book Thomas Strychacz pursues an entirely new approach to the question of masculinity in Ernest Hemingway's work He begins with a close reading of Hemingway's famous story The Short Happy Life of Francis Macomber and continues through the story cycle In Our Time the short story The Undefeated the novels The Sun Also Rises A Farewell to Arms For Whom the Bell Tolls and The Old Man and the Sea and the nonfiction books Death in the Afternoon and Green Hills of Africa Challenging the traditional wisdom that Hemingway fashions a quintessentially masculine style and promotes an ideal of stoic independent manhood Strychacz argues that Hemingway's fiction poses masculinity as a theatrical performance Masculinity emerges from a series of complex negotiations between male characters readers and cultural codes of manhood Hemingway's masculine style should be seen as deeply rhetorical inviting the audience to think of masculinity as a contention to be debated rather than a fact that demands acquiescence Drawing on feminism gender studies and the New Men's Studies this book casts brilliant interpretive light on Hemingway's artistry It contributes significantly to the larger cultural discussions about the nature of masculinity while offering an analysis and critique of masculinity in Hemingway's work that greatly extends recent scholarly debates about masculine modernism It raises the compelling question What is modernism if masculinity is exposed as more problematic and elusive than previously suspected

The Critical Reception of Hemingway's The Sun Also Rises Peter L. Hays, 2011 This History of the criticism of The Sun Also Rises shows not only how Hemingway's first major novel was received over the decades but also how different critical modes have dominated different decades and what besides tenure critics of different eras looked for in it As such it shows what has interested critics how they have reinterpreted the novel and how they have seen the characters playing different roles Thus the novel becomes a mirror reflecting not only Paris and Spain in 1925 but us

Hemingway's Neglected Short Fiction Susan F. Beegel, 1992 Some 25 Hemingway scholars critique Hemingway's works from the early apprentice fiction of 1919 stories Hemingway wrote

The Critics and Hemingway, 1924-2014 Laurence W. Mazzeno, 2015 Traces Hemingway's critical fortunes over the ninety years of his prominence telling us something about what

we value in literature and why scholarly reputations rise and fall Hemingway burst on the literary scene in the 1920s with spare penetrating short stories and brilliant novels Soon he was held as a standard for modern writers Meanwhile he used his celebrity to create a persona like the stoic macho heroes of his fiction After a decline during the 1930s and 1940s he came roaring back with *The Old Man and the Sea* in 1952 Two years later he received the Nobel Prize While his popularity waxed and waned during his lifetime Hemingway's reputation among scholars remained strong as long as traditional scholarship dominated New approaches beginning in the 1960s brought a sea change however finding grave fault with his work and making him a figure ripe for vilification Yet during this time scholarship on him continued to appear His works still sell well and several are staples on high school and college syllabi A new scholarly edition of his letters is drawing prominent attention and there is a resurgence in scholarly attention to and approbation for his work Tracing Hemingway's critical fortunes tells us something about what we value in literature and why reputations rise and fall as scholars find new ways to examine and interpret creative work Laurence W Mazzeno is President Emeritus of Alvernia University Among other books he has written volumes on Austen Dickens Tennyson Updike and Matthew Arnold for Camden House's *Literary Criticism in Perspective* series

The Narcissism Conundrum Apoorva Bharadwaj, 2014-01-14 This book presents a psycho biographic analysis of Ernest Hemingway's works so as to map the complex mindscape of the author in order to unearth those thought processes that culminated in the character architecture of his protagonists inaugurating a tradition of a narcissistic self fictionalization His epistolary literature has been primarily used as an opulent source of biographic information for profiling the real Hemingway de skinning the photogenic cosmetic layers of glamour that this hunter fisherman soldier author had a fetish to don flamboyantly This methodical meticulous book dissecting the character anatomies of Hemingway's protagonists using the tool of biographic chronicle will enable Hemingway aficionados to decipher the narcissism conundrum that haloes this author's mystic persona

Men Alone Jopi Nyman, 2022-02-28 This study examines masculinity and individualism in four American novels of the 1920s and 1930s usually regarded as belonging to the genre of hard boiled fiction The novels under study are *Red Harvest* by Dashiell Hammett *The Postman Always Rings Twice* by James M Cain *They Shoot Horses Don't They* by Horace McCoy and *To Have and Have Not* by Ernest Hemingway In this first full length study of gender in hard boiled fiction the genre is discussed as a representation of the ideologies of masculinity and individualism Hard boiled fiction is located in its historical and cultural context and it is argued that the genre with its explicit emphasis on masculinity and masculine virtues attempts to reaffirm a masculine order The study argues that this emphasis is a counter reaction to more general changes in the gender relations of the period Indeed hard boiled fiction is argued to be an attempt to reconstruct a masculine identity based on anti modern values generally accepted in the cultural context of the genre
