Feuerstein, 1992 Based on a vast diversity of religious and spiritual traditions this comprehensive exploration of sexuality's spiritual dimensions uncovers deeply hidden messages about sexuality and shows how to incorporate the concepts of Hinduism Christianity Judaism and other philosophies into our lives Illustrated Sacred Sexuality Georg

Feuerstein, 2003-11-14 A historical cross cultural survey of sexuality as a sacred spiritual practice Examines sacred sexuality in the world's religious and mystery traditions Explores contemporary sexual stress syndrome resulting from the absence of the sacred in sexual practice Reveals how to find the sacred in the ordinary This book examines the history of sexuality as a sacramental act In spite of our culture's recent sexual liberalizations sexual intimacy often remains unfulfilling Georg Feuerstein instructs that the fulfillment we long for in our sex lives can only be attained once we have explored the spiritual depths of our erotic natures Feuerstein delves into a wide variety of spiritual traditions including Christianity Judaism goddess worship Taoism and Hinduism in search of sacred truths regarding sexuality He reveals that all of these great teachings share the hidden message that spirituality is in essence erotic and that sexuality is inherently spiritual From the erotic cult of the Great Mother and the archaic ritual of hieros gamos sacred marriage to the institution of sacred prostitution and the erotic spirituality practiced in the mystery traditions Feuerstein offers a wealth of historical practices and perspectives that serve as the bases for a positive sexual spirituality suited to our contemporary needs **Fleshing the**

Spirit Elisa Facio, Irene Lara, 2014-04-10 **Fleshing the Spirit** brings together established and new writers to explore the relationships between the physical body the spirit and spirituality and social justice activism The anthology incorporates different genres of writing such as poetry testimonials critical essays and historical analysis and stimulates the reader to

engage spirituality in a critical personal and creative way *In the Beginning was the Spirit* Diarmuid O'Murchu,2012-09 This title provides an astonishing synthesis of humankind's understanding of the Great Spirit that energizes and runs through all creation *In the Life and in the Spirit* Marlon Rachquel Moore,2014-11-06 Taking up the perceived tensions between the LGBTQ community and religious African Americans Marlon Rachquel Moore examines how strategies of antihomophobic resistance dovetail into broader literary and cultural concerns *In the Life and in the Spirit* shows how creative writers integrate expressions of faith or the supernatural with sensuality desire and pleasure in a way that highlights a spectrum of black sexualities and gender expressions Through these fusions African American writers enact queer spiritualities that situate the well known work of James Baldwin into a broader community of artists including Bruce Nugent Ann Allen Shockley Alice Walker Langston Hughes Jewelle Gomez Becky Birtha and Octavia Butler In these texts from 1963 to 1999 Moore identifies a pervasive affirming stance toward LGBTQ people and culture in African American literary production

Spirit Possession in French, Haitian, and Vodou Thought Alessandra Benedicty-Kokken,2014-11-12 This book recuperates the important history that Haitian thought around Vodou possession has had in French critical theory The author takes the period of the 1930s and 40s as the centerfold of a more complex network of relations that places Haiti as one of the pivots of a more expanded intellectual conversation around possession which links anthropology literature psychoanalysis human rights and visual arts in France Haiti and the United States Benedicty argues that Haiti as the anthropological other serves as a kick starter to an entire French based theoretical apparatus Breton Leiris Bataille de Certeau Foucault and Butler but once up and running its role as catalyst is forgotten and the multiple iterations of the anthropological other are cast back into the net of Michel Rolph Trouillot's Savage slot The book offers the reader unfamiliar with Haiti a comprehensive interdisciplinary study of twentieth and early twenty first century Haitian thought including a detailed timeline of important moments in the intellectual history that connects Haiti to France and the United States The first part of the book is about global dispossessions in the first decades of the twentieth century the second part points to how the narratives of Haiti are intimately linked to a Franco U S American discursive space constructed over the course of the twentieth century a discursive order that has conflated the representation of Haiti with an understanding of Vodou primarily as an occult religion and not as a philosophical system The third and fourth parts of the book examine how the novels of Ren Depestre Jean Claude Fignol and Kettly Mars have revisited the notion of possession since the fall of the Duvalier dictatorships **The Spirit of Revolution** Drucilla Cornell,Stephen D. Seely,2016-05-27 In recent years feminist and queer theory have effectively disavowed both the human and revolutionary politics In the face of massive geopolitical crisis posthumanists have called for us to reconsider fundamentally the superiority and centrality of mankind and the human and question how Man can presume to change the world by revolutionary action particularly when Marx's dreams seem to have been swept into the dustbin of history This provocative book reaffirms what is most basic in feminism the attack on the universality and

sovereignty of Man but contends that the only way this can mean anything other than pessimistic rhetoric is to embrace human agency and the struggle against colonialism and capitalism In a series of creolized readings Foucault with Ali Shariati Lacan with Fanon and Spinoza with Sylvia Wynter the authors demonstrate what is at stake in the ongoing debate between humanism and posthumanism putting this debate in the context of contemporary global crises and the possibilities of revolution In its defense of political spirituality this book pushes for a new trajectory in response to the gross inequalities of today one that offers us a very different view of revolution and its present day potential **Exploring the Life of the**

Soul John Hanwell Riker, 2017-02-03 In this book John Hanwell Riker develops and expands the conceptual framework of self psychology in order to offer contemporary readers a naturalistic ground for adopting an ethical way of being in the world Riker stresses the need to find a balance between mature narcissism and ethics to address and understand differences among people and to reconceive social justice as based on the development of individual self This book is recommended for readers interested in psychology and philosophy and for those who wonder what it means to be human in the modern age

Spirit Becomes Matter Henry Staten, 2014-06-04 Explains how under the influence of the new mental materialism that held sway in mid Victorian scientific and medical thought the Brontës and George Eliot in their greatest novels broached a radical new form of novelistic moral psychology *Eros and Creativity in Russian Religious Renewal* Anna Lisa Crone, 2010-01-19 This book is a fascinating exploration of largely uncharted territory in the history of Russian religious thought Focusing on four brilliant representatives of the Russian religious renaissance of the late nineteenth and early twentieth centuries Vladimir Solovyov Vasily Rozanov Nikolai Berdyaev and Boris Vysheslavtsev Anna Lisa Crone masterfully details their efforts which were at first quite independent of the work of Sigmund Freud and later highly critical of it to establish the importance of the sex drive in human life and to reinterpret Christianity as a religion of the flesh as well as the spirit Crone's use of the concept of sexual sublimation developed by Solovyov and Rozanov before Freud had described it and its connection with human creativity is the perfect foil for bringing out and clarifying the agreements and differences between the Russian religious thinkers on the one hand and the secular psychoanalysts such as Freud Carl Jung and Otto Rank on the other New light is cast on all these figures by Crone's adroit analyses which will also be welcomed by anyone interested in the roots of creativity the cultural significance of sexuality or the essence of Christianity James P Scanlan Professor Emeritus of Philosophy The Ohio State University *Spiritual Democracy* Steven B. Herrmann, 2014-10-14 Exploring what the author calls the shaman poets Walt Whitman Herman Melville and Emily Dickinson this book demonstrates how far ahead of their times these writers were in forecasting developments of our current time It was Whitman who first wrote of Spiritual Democracy as a vision of transformation and global equality Steven Herrmann delves deep into the visionary expressions of this idea of Spiritual Democracy the realization of the oneness of humanity with the universe and all its forces in these early American writers showing the influence the groundbreaking work of the geologist

and thinker Alexander Von Humboldt had on Whitman and others Writing that every member of the global community regardless of color gender or sexual orientation can realize these freedoms the author explores how one can tap into the vitalizing source of equalizing vocational energy to bring a sense of purpose and peace Although the book shines as a work of literary criticism the author s insights as a Jungian psychotherapist take the reader ever deeper into the creative impulses of Whitman Melville Dickinson and other poets in their crafting of the seminal notion of Spiritual Democracy In addition Herrmann offers practical methodologies for personal and global transformation in the section Ten Ways to Practice Spiritual Democracy

Sex and the Goddess Karin E Weiss Ph.D.,2019-11-20 It has been over twenty years since the full manuscript of my book was edited for publication in 1998 I had begun writing it in the previous decade the 1980 s a period of flourishing women s liberation movements against the patriarchal status quo Books about women s sexuality and spirituality were flooding the bookstores and many writers were producing profound studies of the untold heroism of women throughout history I was a pioneer in the burgeoning field of Sex therapy and education at the University of Minnesota Medical School s Program in Human Sexuality In addition I conducted women s self enrichment groups and workshops in my private practice Woman s Discovery Institute where I also gave professional Astrology readings and classes This rich mix of psychology philosophy spirituality and a knowledge of the cyclic patterns of life shown by astrology created within me an avid interest in researching women s unsung heroism throughout history It brewed in me a heady fascination to stitch it all together in a circle montage that connects all women and all aspects of our multi layered lives I based my theory on the lunar cycle which is eternally linked to women s menstrual emotional and psychic cycles With a friend I created a series of workshops for women to celebrate their many faceted selves and gain confidence to pursue their goals Yet for various reasons my book manuscript remained in my own bookshelf never getting published Until now the times again call for women to claim their autonomy and gain equality in an overly male dominated and viciously callous world I am blessed to find in Xlibris a publisher ready to take on the project with me I am thrilled to finally see my Life s Masterwork in print You will find many divergent ideas in these two volumes No single woman encompasses all that are described but as you read and recognize these

characters in yourselves and your friends I hope it will help you gain a full appreciation of your own awesome erotic spirit and sacred sexual powers Gifted by Otherness L. William Countryman, M. R. Ritley, 2001-09 As outsiders gay men and lesbians challenge the church to be inclusive of all God's children the central message of the gospel God has drawn us to this difficult place they write in order to reveal God's grace to us and in us and through us Basing their book on retreats they have presented to churches and seminaries Countryman and Ritley explore what it means to affirm not merely accept being gay or lesbian as well as Christian Written primarily for the lesbian community and for their families and communities they explore the ways in which the gay and lesbian community can appropriate and re-tell the biblical story and find confidence in their unique spiritual journey and gifts This pro-active and self-affirming book provides new hope for those who feel that it is impossible to be gay or lesbian as well as Christian Women of Will Tina Packer, 2016-03-08 Women of Will is a fierce and funny exploration of Shakespeare's understanding of the feminine Tina Packer one of our foremost Shakespeare experts shows that Shakespeare began in his early comedies by writing women as shrews to be tamed or as sweet little things with no independence of thought The women of the history plays are much more interesting beginning with Joan of Arc Then with the extraordinary Juliet there is a dramatic shift suddenly Shakespeare's women have depth motivation and understanding of life more than equal to that of the men As Shakespeare ceases to write women as predictable caricatures and starts writing them from the inside his women become as dimensional spirited spiritual active and sexual as any of his male characters Wondering if Shakespeare had fallen in love Packer considers with whom and what she may have been like the author observes that from Juliet on Shakespeare's characters demonstrate that when women and men are equal in status and passion they can and do change the world The Spirit of Life Jürgen Moltmann, 2001-05-11 Moltmann the foremost Protestant theologian in the world Church Times brings his characteristic audacity to this traditional topic and cuts to the heart of the matter with a simple identification What we experience every day as the spirit of life is the spirit of God Such considerations give Moltmann's treatment of the different aspects of life in Spirit a verve and vitality that are concrete and existential Veteran readers will find here a rich and subtle extension of Moltmann's trinitarian and christological works even as he makes bold use of key insights from feminist and ecological theologies from recent attention to embodiment and from charismatic movements Newcomers will find a fascinating entree into the heart of his work the transformative potential of the future Moltmann develops a theology of the Holy Spirit that links the Christian community's experience of the Spirit to the sanctification and liberation of life He brilliantly displays the ecological and political significance of Christian belief in the Trinity **Winds of the Spirit** Peter Crafts Hodgson, 1994-01-01 Contextual theology postmodernism and theology
