He Ascended Into Heaven:

He Ascended into Heaven Tim Perry, Aaron Perry, 2010-05-01 Why do you stand looking up toward heaven That s what the angels said to the baffled disciples who had just experienced the Ascension of Jesus Christ Peter James John and the others stood there squinty into the sky trying to make sense of it all Tim and Aaron Perry confess to being baffled too For centuries Christians have confessed He ascended into heaven in their creeds but what do these words actually mean The Perrys offer a probing look at this unfamiliar doctrine and offer new insight into how the actual event can shape the life of a follower of Jesus Theologians have long made the bold claim that we need to work the Ascension into our theology They claim in fact that without the Ascension our theology is weak The cry of the Church has been Why and Show me Theologians have yet to answer that pressing question and answer that claim Until right now In your hands is one of the only books written that makes the Ascension a part of the Christian life and I hope you read and devour this insightful study and become and

Jesus Ascended Gerrit Dawson, 2004-05-01 The book presents the Ascension as public truth examining questions such as when did Jesus ascend and how where did he go with what kind of body and into what kind of space It discusses the nature of Jesus victory how it has been challenged how it has been understood at different times in history and how it relates to his second coming The author examines the relevance of the doctrine for personal spiritual life our union with Christ Jesus praying for us worship and our own prayers He goes on to consider living in God s kingdom the tension between waiting for the kingdom and working for it now suffering humanisation and the church and the world today The book approaches the Ascension thematically making it a useful teaching tool Its themes arise from the categories in which the Church Fathers employed the doctrine Gerrit Dawson shows the Ascension to be a vital key to understanding in a fresh way the person and work of Christ union with Christ the mission of the church in the world Christian identity and spiritual theology A unique feature of the book is the way Dawson combines a full presentation of

Nicene trinitarian Christology with its application to the practicalities of Christian life today Praise for Jesus Ascended Gerrit Dawson harkens back to an older vision of ministry that of the pastor theologian This vision is remarkably illustrated in this beautifully written book that can properly lay claim to being practical theology Very highly recommended for both pastors and theologians who want to have a faith grounded in the continuing reality of the incarnation in the ascension of Jesus Andrew Purves Princeton Theological Seminary This is a truly outstanding book for students pastors and thinking Christians alike I could not recommend it more enthusiastically Alan Torrance St Andrew s University UK A yawning gulf often appears between the interests of preacher and scholar of pastor and theologian Serious attempts to bridge that gulf are too few This book is one of them It brings to life the voice of the Fathers on the subject of the ascension of Jesus and calls the church back to the roots of its faith Douglas Farrow McGill University Canada

Jesus Ascended. What Does That Mean? Scott Douglas, 2020-11 Discover the Power of the Ascension Something happened Jesus rose But Christ didn t just rise from the dead He ascended to Heaven We hear the stories about Peter and John and all the heroes of the New Testament and they re unstoppable Christians fearless and bold And sometimes we wrongly assume that they just got that way That Christ died for their sins and bam They re instantly changed On the contrary the disciples were actually quite cowardly in their actions after the Resurrection It wasn t until after the Ascension that they were on fire for Christ So what happened during the forty days Something happened There s more written about Christ s ministry before his death than the events that happened after his Resurrection but when we look at Ascension we begin to see that there s power in small details We begin to see that something happened after the Resurrection something happened to transform the lives of believers and make them more than followers Looking at what happened after the Resurrection and further at the Ascension of Christ we start to see what happened to transform the followers and in seeing this we might just be transformed ourselves Something did indeed happen during the forty days Jesus was not done teaching

An Exposition of the Creed John Pearson, 1832 **An Exposition of the Creed** John Pearson, 2023-04-16 Reprint of the original first published in 1859 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost

The Missing Ending Moira Astin, 2024-09-30 The Ascension is a key Christian doctrine that receives very little attention in the textbooks on Christian doctrine most widely used in ministerial training There are almost no books focusing solely on this topic and this dearth also affects those who preach at the Ascension a major feast day that concludes the Easter season and also at the Feast of Christ the King which concludes the Christian year and which has a central focus on the Ascension After more than twenty years of teaching ordinands and readers in training Moira Astin provides a comprehensive and readable book that also covers the required academic ground for those in training In straightforward language it considers the Ascension in the gospels in Paul s letters and in Hebrews and Revelation its heavenly and earthly meanings theological understandings over the centuries

why the Ascension matters today its importance for understanding other key doctrines such as the incarnation and resurrection

A Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease
