*Reluctant Prophets and Clueless Disciples* Robert Darden, 2005-02-01 It was once said that all a person has to do to realize God has a very good sense of humor is to look at a platypus The same sentiment applies to the Bible The Bible often seems like foreign territory not only for students encountering it in introductory classes but also for those who have spent many years in church To many people it is an intimidating collection of rules lists and theological arguments But in reality most of the Bible is made up of fascinating stories Sometimes they're funny sometimes they're weird sometimes they're inspiring but they're never dull This college level introduction invites students into biblical studies through creative humorous retellings and a few cartoons here and there of the basic biblical narratives The best way to get into the Bible says Robert F Darden is to get to know its stories In this new approach to introducing the Bible to students Darden covers the major biblical stories and characters retelling them in such a way as to bring out their original humor and pathos and inviting the student to encounter them more fully by moving into the text itself Click here to listen to Terri Gross's interview with Robert Darden on NPR's Fresh Air about the Black Gospel Music Restoration Project Darden runs the project at Baylor University where he is a journalism professor The purpose of the project is to identify acquire preserve record and catalogue the most at risk music from the black gospel

*The Christian Advocate* ,1913 **The Fall of the God of Money** Keith McMahon,2002 In this first truly cross cultural study of opium Keith McMahon considers the perspectives of both smokers and non smokers from China and the Euro West and from both sides of the issue of opium prohibition The author stages a dramatic confrontation between the Chinese opium user and the Euro Westerner who saw in opium the image of an uncanny Asiatic menace The rise of the opium demon meant the fall of the god of money that is Chinese money and the irreversible trend in which Confucianism gave way to Christianity The book explores early Western observations of opium smoking the formation of arguments for and against the legalization of opium the portrayals of opium smoking in Chinese poetry and prose and scenes of opium smoking interactions among male and female smokers and smokers of all social levels in 19th century China Visit our website for sample chapters [The Meaning of Social Interaction](#) Jeffrey E. Mayfield,2009-12-16 This is a coming of age story that chronicles my early years growing up in inner city Brooklyn New York amidst the turbulent racially and socially explosive 1960s The Civil Rights Movement was in full swing and while many older Negroes supported Dr Martin Luther King Jr and his calls for peaceful protests many young Negroes gravitated to a more militant and confrontational approach to winning freedom and equal treatment under the law for all Negroes Young people were constantly being called upon to be down with the revolution and encouraged to hate Whitey and to fear the Police in particular who were looked upon as an occupying force within the Negro community All of this was swirling around me as I struggled to just be a kid I certainly didn t hate anyone and my being bussed to a White school only served to complicate things as I found myself eventually feeling trapped in my own community and walking a tightrope between two diverse cultures Surprisingly I found peace friendship and acceptance in the most unlikely of places My years in Sheepshead Bay Brooklyn were both character building and life changing and laid the foundation for my becoming the man that I am today

This story is told through the eyes of a precocious and intelligent little boy and it is told with humor and love. It is my hope that while you are reading this book you will get a strong sense of the love I had for my family, my community, and the new world of friendships that embraced me. Being away from my mother's watchful eye offered me a newfound freedom, but it also demanded that I grow up quickly, keep my wits about me, and utilize everything I'd ever learned. Willie Jack Stem and Calvin Robert Honea, 2006-11 This is the story of two men that learn the hard lessons of the country during the Civil War. During this the hardest point in the life of America, they lose their innocence and struggle to survive from day to day.

Annals of Saint Joseph, 1909      **Religious Telescope**, 1903      **My Country Has Fallen and It Can't Get Up** Judy Forster, 2006-04-14 Why did Hurricane Katrina tell us so much about what is really happening in America today? Why are we not getting the leadership from those we have sent to the helms of our federal and state governments to represent us? Why are there so many more people finding it easier and more worthwhile to not work and let the rest of us take care of them? What do we need to do to help America back up? *Blues and Evil* Jon Michael Spencer, 1993 The term blues has traditionally conveyed an image of hard living, hard drinking, carousing singers and musicians grinding out melancholy tunes and evil lyrics. Contesting that stereotypical notion, this study argues that spiritual values are clearly reflected in the blues mythologized history, folk theological language, and philosophical speculation on the dual existence of good and evil. By using a theomusical approach, Yahya Jongintaba, formerly Jon Michael Spencer, is able to push aside accepted attitudes and present a unique study of the blues and the culture that created it. He reveals religious substance in this music's content and language that has been gradually obscured as the blues evolved from a simple rural music following Reconstruction to its present urban form. The evidence strongly implies a fundamental religious concern for the same life issues expressed in orthodox religious music. Spencer suggests that white blues scholars have tended to overlook the religious nature of the blues, partly because they have not fully understood African American culture. They have tended to give validity to the old southern folkloric belief that blues music was devil's music, disregarding the ethos of the blues as it exists on the periphery of doctrinal Christianity, where religious pondering as well as opposition to white oppression could be expressed behind a protective veil of music. *Western Christian Advocate*, 1915      The Manchester Illuminator, and general Catholic record, ed. by W.F. Cleary William Francis Cleary, 1850      *The Self-interpreting Bible*, 1896      **National Stockman and Farmer**, 1916
