The Works of T. G. [With Preface to Vol. 1. by T. Owen and J. Barron.] Thomas GOODWIN (D.D.), 1692

The Satanward View James Kallas, 2020-01-30 I have written what I would call descriptive theology as differentiated from what could be termed applied theology That is my primary attempt has been to show what the motifs and concepts of the New Testament meant to those people then rather than to seek to show what they might mean to us today Only rarely and only in passing have I tried to apply Put another way my main attempt has not been to apply these truths to our time Indeed I am often cognizant of the fact that I cannot I am uncomfortable with many of the conclusions that have been forced on me by these studies My purpose then is not to argue for the relevancy of these motifs as much as it is to point out the danger we face if we fail to reckon seriously with the obvious intent of some very obvious New Testament language Preface page 9
