Healing Made Simple:

Divine Healing Made Simple Praying Medic, 2013-12-13 Divine Healing Made Simple is a training manual for the supernatural life. It not only covers the topic of divine healing but deliverance, raising the dead, making disciples, proclaiming the kingdom of God, dreams, fasting, words of knowledge, healing in the work place and in health care, and it takes a prophetic look at the future of healing. Isn't it time someone wrote a book that gives honest answers to the difficult questions you have about healing and the supernatural? Why are my prayers ineffective when I ask God to heal someone? Many people have prayed for my healing, so why am I still not healed? Does God want me to learn a lesson through physical suffering and sickness? I was miraculously healed through prayer, why have my symptoms returned? This book takes a bold new approach by addressing the questions about healing that many authors have avoided so far. Three chapters are devoted to the problems of why some people are not healed and why some people seem to lose their healing. The author answers these questions by sharing revelation he received through dreams from God. He also teaches from his many personal experiences and shares the observations of other healers. This is the first book on healing to harness the power of Facebook. By hosting discussion questions on Facebook, the author has collected the wisdom and experiences of hundreds of different healers. This may be the most comprehensive book on healing ever written. Praying Medic has worked as a paramedic for decades. He has prayed for many of his patients and seen them healed. You'll be encouraged and given hope for healing by the testimonies and dreams you'll read about in this book.

Healing Made Simple Michael Cameneti, 2003-12 It is God's will for His people to walk in divine health every day of their lives. He has promised healing in His Word. Why then do so many believers struggle with sickness and disease or settle with ailments, often claiming them as lessons from the Lord? Through the ages, the Biblical truths about healing have been lost through man's own attempts to explain why one person is healed and another is not. Such misconceptions have made healing into a complex process which does more to hinder one's faith than encourage it. A pastor known for boldly teaching the uncompromised Word of God, Pastor Michael Cameneti takes you to
