Long drawn to the Native American spiritual tradition, she planned a visit to the United States and an extraordinary journey of personal transformation under the guidance of Native American Healers. However, the end of her time of motherhood coincided tragically with the sudden death of one of her daughters and so her odyssey was to become far sadder and more urgent than she could have imagined. *HEALING QUEST* is the fascinating description of Marie Herbert's inner and outer journey of the heart. Vivid portraits of the people she met along the way are combined with honest accounts of the change in her feelings.

*Healing Journey in Nature's Embrace* Pasquale De Marco, 2025-08-14 My Healing Journey in Nature's Embrace is a deeply personal and transformative memoir that explores the healing power of nature in the face of loss. Through a series of poignant and reflective essays, Pasquale De Marco shares their journey of navigating grief and finding renewal within the embrace of the natural world. With raw honesty and vivid storytelling, Pasquale De Marco delves into the complexities of emotions that accompany loss, from the depths of despair to the gradual emergence of hope. They explore the transformative power of nature as a balm for the soul, offering solace, guidance, and a path towards healing. From the wisdom of animals to the healing power of landscapes, Pasquale De Marco weaves together a tapestry of experiences that illuminate the profound connection between nature and the human spirit. They share stories of animal encounters that offer unexpected lessons, the restorative power of nature's rhythms, and the therapeutic benefits of immersing oneself in the beauty of the natural world. This book is not merely a memoir of grief but a testament to the resilience of the human spirit and the transformative power of nature. It is a deeply moving and inspiring account of one person's journey through loss and healing, and it offers a beacon of hope for anyone who has experienced the pain of losing a loved one. Within these pages, readers will find solace, comfort, and inspiration. They will discover the transformative power of nature's embrace, a force that can mend broken hearts, nurture growth, and guide us towards a path of peace and acceptance. If you like this book, write a review. [Healing Mind](#) Janice McDermott M.Ed. LCSW, 2015-07-31 *Healing Mind* describes a way of organizing your thinking with the intention of awakening you to your complete self. Because our conscious and unconscious thinking creates our life story, the power of our thoughts affects us in profound ways: contentment and health or illness and turmoil. In these pages, you become your own therapist. Using practical tools for healing a whole variety of emotional and spiritual ills, you approach the past and future in the here and now, which then heals your experience of life. Psychological and theological concepts merge more effectively than ever before to create an incredible inner peace for the religious and non-religious alike. The result is human freedom: a confident and unique way of being that has the potential to overcome the world through profound love. Our unrecognized and forgotten reactions to hurt are stored in our muscles as stress that limits our ability to respond to our body or emotions, causing us to settle for less than our life's full potential. The majority of individuals prevent themselves from living happy, productive lives because they never address their stored feelings. Don't be most people. Be determined to experience your hidden, unresolved physical tension and modify aspects of yourself that do not serve you. Become fully alive. Stand on your own feet and give your own free response to the call of each moment. Experience your life's deep inner satisfaction through a well-managed mind. Achieve ultimate healing. **Science and Spiritual Healing** Rolf A. F. Witzsche, 2003
