The Bubble Universe: Psychological Perspectives on Reality Eugene Subbotsky,2020-07-28 This book examines the role that human subjective experience plays in the creation of reality and introduces a new concept the Bubble Universe to describe the universe as it looks from the subjective viewpoint of an individual Drawing on a range of research the author questions the extent to which the scientific study of the origins of life consciousness and subjective experience is itself influenced by scientists subjective worlds The author argues that in many respects the Bubble Universe differs from the universe as described by science and religion and analyzes these differences The fabric and structure of subjective reality is described and various aspects of the Bubble Universe are examined including science religion life morality and history The differences between the views from inside the subjective universe and from scientific religious and sociocultural versions of

the universe are outlined and their significance for practical and theoretical problems are highlighted and illustrated with psychological experiments This book will be of value to all scholars interested in how subjectivity influences research and appeal in particular to those working in developmental and theoretical psychology consciousness epistemology phenomenology and the philosophy of science and of the mind **Spouses of Sex Addicts** , *A Headache in the Pelvis* David Wise, PhD, Dr. Rodney Anderson, 2018-05-22 A Headache in the Pelvis is a lamp in the dark human suffering of chronic pelvic pain This book is a precious document that will help many people Psychologist David Wise lived for 22 years with agonising chronic pelvic pain also known as prostatitis CPPS There was seemingly no cure until he began to make the connection between his anxiety and his physical pain He enlisted renowned NeuroUrologist Dr Rodney Anderson from Stanford University to develop a revolutionary new method for muscle relaxation Amazingly a third of their patients were able to stop taking drugs within six months of beginning their new daily holistic muscle relaxation treatment Sufferers of chronic pelvic pain are living a life of quiet desperation For the first time there is a solution that is helping patients empower themselves in their own healing and gain control over their chronic pain Patients and medical practitioners across the US and UK have called this method life changing This book is for patients who have tried everything to cure themselves of chronic pelvic pain and for the clinicians who want to work with their patients towards a long term solution Beyond Reality's Edge - Volume 5 B.A. Chapman, 2025-02-09 In a galaxy where survival is dictated by power and alliances Breanna faces her toughest trials yet With the peace accord fragile and her enemies growing bolder she must endure the merciless Eelott training designed to break spirits and forge assassins But Breanna is no ordinary warrior she s whole defying every rule of the Gorum conditioning As secrets of her past resurface Breanna discovers untapped powers far beyond her implants and modifications abilities that could shift the balance of the cosmos But such strength comes at a cost and mastering it requires sacrifices that threaten to tear her family apart Caught in a web of intrigue between the enigmatic Elder her fiercely loyal husband Rylo and the ruthless trainer Tokult Breanna must learn to navigate the line between warrior and mother strength and vulnerability When the ultimate betrayal forces her hand she ll unleash a force the galaxy has never seen one that could save her people or destroy them all With everything at stake Breanna must prove she s more than a pawn in the games of immortals In this explosive fifth volume of Beyond Reality s Edge love sacrifice and destiny collide on a journey beyond imagination Will Breanna triumph or will the galaxy s edge become her final resting place *Flames of Faith* Rev. L. C. M. Ibeh, 2023-10-24 Everything we need to live a peaceful and joyful life is in scripture yet people find it hard to take the time to meditate on it Through scripture the Lord sends us his Word to heal the sick to guide and direct His children who are lost and wandering to set free those in bondage and to comfort those who are grieving He implores us to give hope to our neighbors who are on the verge of despair and to renew those whose hearts are broken Finally He guides us to bring peace to those whose lives are filled with chaos fear and anxiety and to accompany those who feel lonely Flames of Faith offers

daily inspiring scripture passages and reflections for your everyday life They will motivate and encourage faith and help Christians build a daily habit of meditating on scripture **All White People Are Racist: Second Edition** Caleb

Murphey,2021-11-26 As a white man in Amerika I can tell you that most white people in Amerika and consequently the world are racist However most of us that are racist have no idea that we re racist The rest of us are in denial which itself is racist Nevertheless we have no idea that we re racist because we don t understand racism The majority of us learn about racism through the history of slavery and the subsequent civil rights movement Due to the limited nature of our exposure and insight to it we tend to have a very parochial and misguided understanding of racism and how it works Subsequently our racist attitudes and beliefs aren t necessarily conscious or intentional decisions that we made They re usually developed as a result of our misunderstanding of racism This book outlines and explains some of the most common aspects of the racism that we as white people develop which often go overlooked unnoticed and misunderstood It attempts to clarify the nuances and subtleties of our racism in easy to understand terms This book attempts to bring to the forefront how attitudes and beliefs that we have as well as our position in society are racist developments that we didn t necessarily choose but now cannot deny

Real Happiness the Workbook Paul Ferrini,2007-07 Helps you create your personal roadmap to a joyful and empowered life There is no defect or deficiency in us that prevents us from being happy This book provides guidelines for overcoming negative thinking and self defeating behaviours It is distilled from over 30 years of the author s experience leading workshops and retreats **Healing the Hurts of Your Past** F. Remy Diederich,2011-11 Do you find that you are your own worst enemy Are you your biggest critic Do others believe in you but you find yourself filled with doubt Why is that You are not alone in this Many of us do the same thing Why do we so often sabotage the success we long for The answer in a word is shame Shame plays a vital role in our lives and is often overlooked Shame can come from many things such as addiction and the hurts of our past How we deal with those issues can be the difference between healing and rising from the ashes as a more confident and powerful person to being stuck in the same old rut What do you want to do Are you reading to start dealing with the pain and find real healing This book is not a feel good story but a roll up your sleeves down and dirty look at the pain of shame F Remy Diederich helps you connect the dots to your self defeating behavior and then gives you practical how to advice about how a true understanding of God s love can free you to live the life you ve always wanted If you have been searching for a way to find Christian counseling or addiction treatment or just repairing the damage that has been done by living with the lies and hurts of your past Healing the Hurts of Your Past is a powerful first step to freedom A

History of the World in Six Plagues Edna Bonhomme,2025-03-11 An account of humankind s battles with epidemic disease and their outsized role in deepening inequality along racial ethnic class and gender lines Based on in depth research and cultural analysis Bonhomme explores Cholera HIV AIDS the Spanish Flu Sleeping Sickness Ebola and COVID 19 amidst the backdrop of unequal public policy *Fibonacci Tales* eLBe,2016-10-31 Fibonacci Tales are fiction written in the format of

the Fibonacci sequence hence the name Fibonacci Tales What Fibonacci did is plug a 0 and a 1 and set the rule to always add the next two numbers Each Fibonacci Tales book has two one page chapters one two page chapter one three page chapter one five page chapter one eight page chapter one thirteen page chapter one twenty one page chapter one thirty four page chapter one fifty five page chapter and one eighty nine page chapter for a total of 232 pages per book Fibonacci Tales are written for all ages and in paired sets of books The first pair of Fibonacci Tales books are Fibonacci Tales Vampire Tales and Fibonacci Tales Knights Tales The second pair of Fibonacci Tales books are Fibonacci Tales Dust Tales and Fibonacci Tales Mother Tales The third pair of Fibonacci Tales books will be called Fibonacci Tales Cat Tales and Fibonacci Tales Goddess Tales These books are works in progress during mid September 2016 The author expects to complete the third pair of Fibonacci Tales books and available around early to mid 2017 Fibonacci Tales books are designed for electronic book reading Each pair of books includes music callouts that are essential to the stories music has the power to calm the savage beast and therefore Fibonacci Tales books do not lend themselves to printed book format Plus the cost of printing two pairs of books and pressing two CDs for each pair of books would not be cost effective and it would be an outright irritant for the dear reader who would have to advance the CD one tune at a time and stop the CD before the next tune began as CD players are designed to do I would utterly hate to read Fibonacci Tales in printed book format For that reason alone scratch the idea of publishing Fibonacci Tales in physical book format I will not agree On the plus side again I have two disinterested readers who will read and comment on Fibonacci Tales books once they are available in e book format *Feel, Heal, and Let That Sh*t Go* Rachel Kaplan, 2024-10-15 A game changing approach to emotional health and well being After suffering profound tragedy in her teens and coping by suppressing the emotions Rachel Kaplan began a journey of study therapy and eventual breakthrough She knows from experience that many of us avoid actually feeling our feelings Instead we store them in a kind of emotional constipation chasing distraction addiction and other forms of suppression The only way to heal and to live healthier happier lives is to move the emotions through our bodies Kaplan presents a revolutionary and irreverent approach to personal transformation and self care that teaches you precisely how to feel emotions and release them as nature intended Doing so is the definitive means for establishing a baseline of well being and self trust and overcoming the debilitating effects of core wounds chronic stress depression and backlogged emotional pain By letting that sh t go you can enjoy the life you're living and know your worth no matter what **Negligent by Design** Vanessa Grubbs, MD, 2025-09-02 A searing critique of medical racism and a powerful call for health care professionals to make real change in their field written by a leading activist and doctor Unequal access to care Misdiagnosis Mistreatment Medical gaslighting An increasing number of studies show the profound impacts racism has on communities of color particularly Black Americans But these disparities in health care and wellbeing are not the result of a handful of uninformed or malicious doctors racism in the medical system is institutional woven into the very fabric of diagnostic criteria and even hospital infrastructure Medicine denies fair treatment

to Black patients not in error but by design Drawing from extensive research in depth interviews with medical students and resident physicians and over twenty five years of experience as a medical doctor Dr Vanessa Grubbs argues that the reason racism in medicine continues to go unchecked is because it is in fact the standard of care Any attempts to dismantle medical racism through placebo efforts such as forming diversity committees or releasing statements condemning racism will fail she says because they don t address the reality of how the institution of Medicine has been and continues to be negligent when it comes to the treatment of Black people Dr Grubbs skillfully unpacks the three core problems of how our health care system currently considers the race of patients which she identifies as being race based race disregarded and race denied When medical diagnoses and trainings are race based they lead doctors to make different treatment decisions for Black patients and create a dangerous disadvantage At the same time medical textbooks and trainings may inappropriately disregard race in cases when it does matter like failing to include pictures of how rashes may appear differently on light and dark skin leading to misdiagnosis and death And finally many medical institutions still deny the extent to which racism is an issue at all resulting in fewer Black physicians and disastrous outcomes for Black patients Calling on her medical colleagues to join her in working against the negligence of American medicine Dr Grubbs lays out a pathway to true equity and inclusion in health care getting to the root of the underlying fears and insecurities that have led to racist medical negligence recruiting and retaining a diverse physician workforce and forcing Medicine to commit to the cultural humility necessary to rebuild not just replaster a broken institution ,
