Health Policy in a Globalising World Kelley Lee, Kent Buse, Suzanne Fustukian, 2002-08-08 Increasing recognition of the impact that globalisation may be having on public health has led to widespread concern about the risks arising from emerging and re-emerging diseases environmental degradation and demographic change This book argues that health policy making is being affected by globalisation and that these effects are in turn contributing to the kind of global health issues being faced today The book explores how the actors context processes and content of health policy are changing as a result of globalisation raising concerns about growing differences in who can influence health policy what priorities are set what interventions are deemed appropriate and ultimately who enjoys good and bad health Bringing together a distinguished international group of contributors this book covers a comprehensive range of topics and

geographic regions and will be invaluable for all those interested in health social and public policy and globalisation

Rasheda Khan,2023-10-13 Inclusion and Exclusion of the Urban Poor in Dhaka explores how the inhabitants of poor neighborhoods in Dhaka Bangladesh gain inclusion in the city at the face of exclusion The book considers how the people of poor neighborhoods encounter the exclusionary behavior of city development and how their inclusionary attempts have influenced the urban design The book is presented in two parts first it explains how people in poor neighborhoods face exclusion because of the imbalance of power and politics Second it demonstrates how the existing exclusion of urban poor is affecting their strategies to gain access to urban services through people s power and politics Focusing on the transdisciplinary field of urban anthropology the chapters uncover the urban forces policies and actions that facilitate urban politics It also investigates the people who live in poor neighborhoods who in the face of exclusion have included themselves in urban development planning and design by employing diverse strategies against those forces in the urban politics e g accepting dominance bargaining or having control over their lives This book will recontextualize an ethnographic inquiry into

the exclusion and inclusion of the people within city development design plans and innovations in applications of anthropological theory and methodology This book will encourage the reader to understand the politics of state s development projects and plans and furthermore instigate the city government planners and policymakers to focus on the people s political power and agency that enables them to achieve inclusion It will therefore be of interest to researchers and students of urban planning and development urban geography and urban anthropology as well as planning professionals and policymakers *Guidelines for Analysis of Health Facilities Planning* Dennis R.
