23-F. El golpe del Rey Antonio J. Candil, 2020-08-25 Lo que ocurri3 realmente el 23 de febrero de 1981 est3 claro hoy no fue un intento de golpe de estado sino una operaci3n especial para reparar el sistema pol3tico Una operaci3n con la que estaba de acuerdo la mayor parte de la clase dirigente y por supuesto la instituci3n mon3rquica En principio su objetivo era el de solucionar los problemas surgidos con el desarrollo del proceso auton3mico reformar la Constituci3n en aspectos que parec3an necesarios modificar la ley y proceso electoral y acabar con la violencia terrorista Nada de esto se hizo y a fecha de hoy sigue sin haberse hecho a excepci3n de la amenaza terrorista ya que el verdadero objetivo era solo reforzar la posici3n y el papel de la monarqu3a sacrificando cualquier otra posible finalidad La consecuencia inmediata del 23 de febrero no fue otra que la de que la Corona emergiera de forma poderosa ante la opini3n p3blica y toda la naci3n como un baluarte imprescindible con el benepl3cito de la clase pol3tica c3mplice de aquella farsa Antonio J Candil era militar en activo durante los meses clave de estos acontecimientos y amigo o conocido de muchos de los militares involucrados Retirado del ej3rcito desde hace m3s de una d3cada goza ahora de mayor distancia tanto cr3tica como historiogr3fica Como recoge en su Pr3logo el historiador Stanley G Payne aporta aspectos nuevos al estudio de esta problem3tica Expone los recuerdos de un militar en activo de esos a3os con muchos contactos militares tanto directos como indirectos acompa3ados de unos datos nuevos Ofrece tambi3n un conocimiento detallado y sistem3tico de la enorme literatura sobre esta cuesti3n mientras presenta un an3lisis cr3tico y riguroso que abre perspectivas diferentes Adem3s dedica una atenci3n original a ciertos aspectos como el subsiguiente proceso militar de los implicados

El elefante blanco Francisco Mora, 2000 *El mito de la transici3n pac3fica* Sophie Baby, 2022-10-18 La transici3n ocupa un lugar destacado en el imaginario espa3ol Reverso positivo de la tragedia representada por la Guerra Civil la transici3n se ha convertido en el mito fundacional de la nueva Espa3a que emerge del franquismo Promocionada en el exterior como un modelo que emular buena parte del mito se fundamenta en la idea de que estuvo exenta de violencia pol3tica de que apenas hubo derramamiento de sangre Pero fue la transici3n tan pac3fica como se pretende A partir de una ingente cantidad de datos no publicados este estudio definitivo desvela el ciclo de violencia que lejos de ser culpa nica y exclusivamente de ETA cabe atribuir tanto a radicales de toda ndole como a miembros de las fuerzas y cuerpos de seguridad del Estado en ocasiones m3s partidarios de desatar la represi3n que de servir a la naciente democracia Este libro explora adem3s de las motivaciones y las pr3cticas de todos los actores implicados en la violencia la reforma del sistema represivo franquista afectada por el recurso a la tortura o a la guerra sucia contra un terrorismo creciente Sophie Baby estudia igualmente con magistral pericia el peso de los imaginarios pol3ticos y sociales en una Espa3a traumatizada por un pasado doloroso de p3rdida y represi3n que reactiva el uso de la violencia De esta forma al colocar la violencia y su memoria en el centro del an3lisis la autora construye una nueva interpretaci3n de este periodo crucial de la historia de Espa3a

Tarradellas Joan Esculies, 2022-03-23 Tarradellas Una cierta idea de Catalu3a es un recorrido por la

trayectoria vital y política de quien fue uno de los presidentes más celebres de la Generalitat de Catalunya. Se trata de la biografía más exhaustiva sobre el político que se ha escrito hasta ahora y que está llamada a convertirse en la obra de referencia sobre su figura en los próximos años. Este minucioso trabajo analiza la evolución profesional y política de Josep Tarradellas 1899-1988 y a su vez se convierte en un relato de la historia del catalanismo y de la relación Cataluña-España a lo largo del siglo XX. Por primera vez se plasma con claridad cuál era la filosofía del tarradellismo. Es además un completo manual de política y gestión gubernamental imprescindible para todas aquellas personas que quieran conocer con una mayor profundidad a una de las principales figuras políticas de la historia de Cataluña.

Política y violencia en la España contemporánea II Eduardo González Calleja, 2024-04-23. Lejos de constituir una particularidad del comportamiento político de los españoles, la violencia es a la luz de una historiografía global y comparativa, ingrediente definitorio de las transformaciones experimentadas por las sociedades europeas desde finales del siglo XVIII. Fenómeno a la vez estructurante y de oportunidad, la naturaleza y expresiones de la violencia colectiva responden a procesos de largo aliento vinculados a mudanzas de orden social, económico, científico cultural y político, pero también a cambios de coyuntura en los espacios donde se plantean conflictos de poder desde el ámbito local al internacional. El presente tomo aborda acontecimientos clave del siglo pasado como la Semana Trágica de 1909, la huelga general de 1917, el pistolero surgido o el pronunciamiento de Primo de Rivera, así como la Guerra Civil y el maquis, el 23-F o el rebrote del terrorismo en el último cuarto de la centuria. Y adentrándose en el siglo XXI, revisa el declive y la disolución de ETA, la irrupción del terrorismo yihadista y las implicaciones violentas del Procés catalán. Conforme a la explicación dada por Eric J. Hobsbawm del siglo XX como era de las catástrofes, esta magna obra del profesor González Calleja arroja luz sobre las violencias subversivas y represivas que en sucesivas oleadas han modelado la historia reciente de España.

Le mythe de la transition pacifique Sophie Baby, 2012. La transition vers la démocratie occupe une place de choix dans l'imaginaire espagnol. Miroir positif de la tragédie représentée par la Guerre civile de 1936-1939, vante l'extérieur comme un modèle. Suivre cette transition est devenue en Espagne un mythe fondateur. Rupture pacifique, elle n'aurait pas ou peu fait couler le sang. Ce livre souligne pourtant le contraire. À partir de données inédites, il conclut l'existence d'un cycle de violences qui loin d'être mettre sur le seul compte de l'ETA, est imputable des protestataires de tous bords, ainsi qu'aux agents de l'État, parfois enclins à la bavure. Cet ouvrage se penche sur les motivations et les pratiques des acteurs, ainsi que sur la forme du système répressif franquiste entaché par le recours à la torture ou la guerre sale contre un terrorisme croissant. Il décrypte en outre le poids des imaginaires dans une Espagne traumatisée par un passage douloureux qui réactive la violence du présent. Ainsi en replaçant la violence et sa mémoire au cœur de l'analyse, il contribue renouveler l'interprétation de cette période clef de l'Espagne contemporaine.

La transition démocratique Thierry Maurice, 2013. Cet ouvrage revisite la Transition démocratique espagnole, alors qu'elle fait l'objet de

nombreuses controverses entre mythe de réconciliation et source des maux actuels Par l'analyse des principaux éléments en interaction que sont les acteurs et les contempteurs du changement le cadre légal et institutionnel de son déroulement et les propos publics tenus par ces mêmes protagonistes Thierry Maurice interroge les ruses mémorielles auxquelles les Espagnols ont eu recours pour se débarrasser de leur passé *Bibliografía española* ,2000-06 Claves del 23-F Ricardo de la Cierva,1997
