issues through a discussion of intervention and how to engage with these concerns before finally relating these practical issues to theoretical foundations. Additional features include tasks with commentaries, a glossary of key terms and an annotated further reading section. In this book Philip Seargeant surveys varieties of English existing within the world today and the debates and controversies surrounding its present forms, functions and status in diverse world contexts. It examines how English has evolved to become a global language and looks at the political and cultural history that has influenced this evolution. Beginning with a discussion of real life challenges relating to world Englishes that are faced by language professionals, particularly in the contexts of language education and language planning, the book explores and illustrates the ways in which the actual use and management of English as well as the beliefs and ideologies associated with it play an increasingly important role in contemporary globalized society. (English) JADAM Organic Farming Youngsang Cho, 2020-02-10. ULTRA Powerful Pest and Disease Control Solution. Make all Natural Pesticide. Farm at 100 per acre a year. Everything you need to know to Go completely organic. Boost quality and yield. Save huge huge HUGE costs. Make all natural fertilizer, pesticide and microorganism inputs yourself. JADAM's ultimate objective is to bring farming back to farmers. Through JADAM's method, farming can become ultra low cost, completely organic, and farmers can once again become the masters of farming. Farmers will possess the knowledge, method and technology of farming. When organic farming becomes easy, effective and inexpensive, it can finally become a practical alternative. Farmers, consumers and Mother Nature will all rejoice in this splendid new world we wish to open. You will learn many useful new methods including increasing microbial diversity and population, boosting soil minerals, tackling soil compaction, reducing salt levels, raising soil fertility and more. This book also shows you how to make natural pesticides that can replace chemical ones. He started organic farming and raised animals himself from 1991 in Asan, Chungnam province. He went on to establish Jadam Organic Farming and started to promote this farming system through books and website www.jadam.kr. He established Jadam Natural Pesticide Institute in 2002 from where he continued his research while integrating knowledge from many experienced farmers, which led to the completion of the system of ultra low cost Jadam organic farming. He invented and developed many technologies for a natural pesticide which he voluntarily did not patent but rather shared through books and website. His Natural Pesticide Workshops teach the essence of ultra low cost JADAM organic farming. Lectures too are disclosed on JADAM website en.jadam.kr.
