House,1878 The British Constitution Resettled Jim McConalogue,2019-07-17 Adopting a political constitutionalist view of the British constitution this book critically explores the history of legal and political thought on parliamentary sovereignty in the UK It argues that EU membership strongly unsettled the historical precedents underpinning UK parliamentary sovereignty Successive governments adopted practices which although preserving fundamental legal rules were at odds with past precedents The author uses three key EU case studies the financial transactions tax freedom of movement of persons and the working time directive to illustrate that since 1973 the UK incorporated EU institutions which unsettled those precedents The book further shows that the parliament s place since the referendum on Brexit in June 2016 and the scrutinising of the terms of the withdrawal agreement constitute an enhanced new constitutional resettlement and a realignment of parliament with the historical precedent of consent and its sovereignty **The Johns Hopkins University Circular** Johns Hopkins University,1884 **Cincinnati Public Library** ,1884 **Studies in Political Economy** Anthony Musgrave,1875 **The Political Economy of Devolution in Britain from the Postwar Era to Brexit** Nick Vlahos,2020-06-29 This book examines the political economy of devolution in Britain from the postwar period to the present It situates devolution in Britain within an understanding of the partisan recalibration of political economic and democratic scales or levels of the state The author utilizes various explanatory tools to unpack complex social economic spatial and political phenomena across national regional and local scales The book further contributes to our conceptual understanding of decentralization as a broader comparative phenomenon Particular emphasis is placed on examining why decentralization and devolution occur at particular points in time which enables the investigation
