

Spread of Cold War Tensions in Africa and the Middle East

English In Africa After The Cold War

Michael Rajnik

English In Africa After The Cold War:

English in Africa Alamin M. Mazrui, 2004 This text offers a critical examination of aspects of the politics of the role of English in Africa and its Diaspora It looks at its changed location in the post Cold War era and the challenges it poses to the enduring quest for intellectual liberation pan Africanism and Afrocentricity The study also explores the spaces and possibilities for appropriating the language towards a counter hegemonic African centred agenda under the present global order

Foreign Intervention in Africa after the Cold War Elizabeth Schmidt, 2018-10-22 In Foreign Intervention in Africa after the Cold War interdisciplinary in approach and intended for nonspecialists Elizabeth Schmidt provides a new framework for thinking about foreign political and military intervention in Africa its purposes and its consequences She focuses on the quarter century following the Cold War 1991 2017 when neighboring states and subregional regional and global organizations and networks joined extracontinental powers in support of diverse forces in the war making and peace building processes During this period two rationales were used to justify intervention a response to instability with the corollary of responsibility to protect and the war on terror Often overlooked in discussions of poverty and violence in Africa is the fact that many of the challenges facing the continent today are rooted in colonial political and economic practices in Cold War alliances and in attempts by outsiders to influence African political and economic systems during the decolonization and postindependence periods Although conflicts in Africa emerged from local issues external political and military interventions altered their dynamics and rendered them more lethal Foreign Intervention in Africa after the Cold War counters oversimplification and distortions and offers a new continentwide perspective illuminated by trenchant case studies

Africa After the Cold War Adebayo Oyeibade, Abiodun Alao, 1998 Although it is widely recognised that Africa's security problems are acute it has never been a subject of much intellectual inquiry This lack of scholarly discourse on the many dimensions of the problems of African security is the major consideration of this book The approach to the questions of security differ markedly from the traditional approach that gives primacy to the threat of military aggression as sole factor in state security A departure must be made from this dominant preoccupation in a new global order that has seen profound changes

USA, India, Africa During and After the Cold War Okoth, Pontian Godfrey, 2015-03-16 The Cold War period witnessed competition from political economic ideological diplomatic military and social dimensions between the United States of America USA and the then Union of Soviet Socialist Republics USSR In the superpower rivalries India and Africa were adversely affected in many ways The situation did not change for the better in the post Cold War period which has witnessed the domination of the world by the US and its allies the Group of Eight G 8 industrialised countries This domination has been characterised by the process of Americanization of the worlds otherwise termed globalisation in virtually all spheres of life USA India Africa During and After the Cold War demonstrates that both the United States and The Soviet Union used African States India and other Third World countries for their own geopolitical considerations that the

foreign policy and foreign relations of the US were meant to subject Africa and India to the dictates of US imperialism The book assesses the impact of the Cold War and the post Cold War order on Africa India and the entire world and argues that the Non Aligned Movement is still relevant to the Third World countries despite the demise of the Cold War The book analyses issues from the African point of view as opposed to hitherto Western view points but provides a balanced appreciation of the complex forces that shape foreign policies and foreign relations globally It is a valuable contribution to modern diplomatic history and targets university students researchers foreign affairs ministries and practicing diplomats

The Handbook of Language Teaching Michael H. Long, Catherine J. Doughty, 2011-08-15 Bringing together an international and interdisciplinary team of contributors this Handbook is a wide ranging and invaluable reference guide to language teaching A comprehensive reference work on language teaching which combines the latest research findings coverage of core topics and examples of teaching experience from a variety of languages and settings Provides a unique breadth of coverage including the psycholinguistic underpinnings of language learning social political and educational contexts program design materials writing and course design teaching and testing teacher education and assessment and evaluation Offers a balanced evaluation of the major positions and approaches including examining the increasingly important social and political context of language teaching Written by an international and interdisciplinary group of authors from a dozen different countries English is only one of the many languages used as examples throughout the volume

Linguistic Imperialism Continued Robert Phillipson, 2013-01-11 This volume brings together key writings since the 1992 publication of *Linguistic Imperialism* Robert Phillipson's controversial benchmark volume which triggered a major re thinking of the English teaching profession by connecting the field to wider political and economic forces Analyzing how the global dominance of English in all domains of power is maintained legitimized and persists in the twenty first century *Linguistic Imperialism Continued* reflects and contributes in important ways to understanding these developments This book is not for sale in India Pakistan Bangladesh Sri Lanka Nepal and Bhutan

Routledge Handbook of International Education and Development Simon McGrath, Qing Gu, 2015-07-24 This timely Handbook takes stock of the range of debates that characterise the field of international education and development and suggests key aspects of a research agenda for the next period It is deliberately divergent in its approach recognising the major ideological and epistemological divides that characterise a field that draws on many traditions Leading and emergent voices from different paradigms and contexts are afforded a space to be heard and each section puts current debates in larger historical contexts The Handbook is divided in four parts and book ended by an introduction and a conclusion the latter oriented towards the implications that the volume has for future research agendas The first part explores major strands of debates about education's place in development theory The second acknowledges the disciplining of the field by the education for all movement and examines the place that learning and teaching and schools play in development Part three looks beyond schools to consider early years

adult and vocational education but focuses particularly on the return to thinking about higher education's role in development. The final part considers the changing but still important role that international cooperation plays in shaping education in developing countries. Featuring over thirty chapters written by leading international and interdisciplinary scholars, the Routledge Handbook of International Education and Development offers the first comprehensive and forward-looking resource for students and scholars.

Encyclopedia of Language and Linguistics, 2005-11-24. The first edition of ELL 1993 Ron Asher Editor was hailed as the field's standard reference work for a generation. The Power of Babel Ali Al'Amin Mazrui, Alamin M. Mazrui, Alamin Mazrui, 1998-08-03 Linguists estimate that there are currently nearly 2 000 languages in Africa a staggering figure that is belied by the relatively few national languages While African national politics economics and law are all conducted primarily in the colonial languages the cultural life of the majority of citizens is conducted in a bewildering Babel of local and regional dialects making language itself the center of debates over multiculturalism gender studies and social theory In The Power of Babel the noted Africanist scholar Ali Mazrui and linguist Alamin Mazrui explore this vast territory of African language The Power of Babel is one of the first comprehensive studies of the complex linguistic constellations of Africa It draws on Ali Mazrui's earlier work in its examination of the triple heritage of African culture in which indigenous Islamic and Western traditions compete for influence In bringing the idea of the triple heritage to language the Mazruis unravel issues of power culture and modernity as they are embedded in African linguistic life The first section of the book takes a global perspective exploring such issues as the Eurocentrism of much linguistic scholarship on Africa part two takes an African perspective on a variety of issues from the linguistically disadvantaged position of women in Africa to the relation of language policy and democratic development the third section presents a set of regional studies centering on the Swahili language s exemplification of the triple heritage The Power of Babel unites empirical information with theories of nationalism and pluralism among others to offer the richest contextual account of African languages to date

Trilingualism in Family, School, and Community Charlotte Hoffmann, Jehannes Ytsma, 2004 Countries in Africa America Asia and Europe provide the sociolinguistic contexts described in this volume They involve settings where three or more languages are spoken and where speakers are trilingual With the focus on family school and the wider community the book illustrates personal social cultural and political factors contributing to the acquisition and maintenance of trilingualism and highlights a rich pattern of trilingual language use

Defending Human Rights and Democracy in the Era of Globalization Akrivopoulou,

Christina,2016-09-21 The era of technology in which we reside has ushered in a more globalized and connected world While many benefits are gained from this connectivity possible disadvantages to issues of human rights are developed as well Defending Human Rights and Democracy in the Era of Globalization is a pivotal resource for the latest research on the effects of a globalized society regarding issues relating to social ethics and civil rights Highlighting relevant concepts on political autonomy migration and asylum this book is ideally designed for academicians professionals practitioners and upper level students interested in the ongoing concerns of human rights *A Companion to the History of the English Language* Haruko Momma,Michael Matto,2011-05-06 A Companion to the History of the English Language addresses the linguistic cultural social and literary approaches to language study The first text to offer a complete survey of the field this volume provides the most up to date insights of leading international scholars An accessible reference to the history of the English language Comprises more than sixty essays written by leading international scholars Aids literature students in incorporating language study into their work Includes an historical survey of the English language from its Germanic and Indo European beginnings to modern British and American English Enriched with maps diagrams and illustrations from historical publications Introduces the latest scholarship in the field **Cuba After the Cold War** Carmelo Mesa-Lago,1993-08-15 Ten original essays by an international team of scholars specializing in Cuba the Soviet Union Eastern Europe and Latin America focus on the fall of communism in Europe and the transition to a market economy Major themes of this study are the impact of the USSR s collapse on Cuba how the historic events in Europe have affected the Central and South American Left their implications to Cuba Cuba s policies for confronting the crisis and potential scenarios for the political and economic transformation of Cuba **The Handbook of World Englishes** Braj B. Kachru,Yamuna Kachru,Cecil L. Nelson,2009-02-09 The Handbook of World Englishes is a collection of newly commissioned articles focusing on selected critical dimensions and case studies of the theoretical ideological applied and pedagogical issues related to English as it is spoken around the world Represents the cross cultural and international contextualization of the English language Articulates the visions of scholars from major varieties of world Englishes African Asian European and North and South American Discusses topics including the sociolinguistic contexts of varieties of English in the inner outer and expanding circles of its users the ranges of functional domains in which these varieties are used the place of English in language policies and language planning and debates about English as a cause of language death murder and suicide The Routledge International Handbook of English, Language and Literacy Teaching Dominic Wyse,Richard Andrews,James Hoffman,2010-02-25 Reviews international research that is relevant to the teaching of English language and literacy This book locates research within theoretical context drawing on historical perspectives *Language Planning in Africa* Nkonko Kamwangamalu,Richard Baldauf Jr.,Robert Kaplan,2016-04-08 This volume focuses on language planning in the Cameroon Sudan and Zimbabwe explaining the linguistic diversity historical and political contexts current language situation including language in education planning

the role of the media the role of religion and the roles of non indigenous languages The authors are indigenous to the situations described and draw on their experience and extensive fieldwork there The extended case studies contained in this volume draw together the literature on each of the polities to present an overview of the existing research available while also providing new research based information The purpose of this volume is to provide an up to date overview of the language situation in each polity based on a series of key questions in the hope that this might facilitate the development of a richer theory to guide language policy and planning in other polities where similar issues may arise This book comprises case studies originally published in the journal *Current Issues in Language Planning*

Davis, 2020-01-15 The Handbook of World Englishes is a collection of articles on the cross cultural and transnational linguistic convergence and change of the English language Now in its second edition this Handbook brings together multiple theoretical contextual and ideological perspectives and offers new interpretations of the changing identities of world Englishes WE speakers and examines the current state of the English language across the world Thematically integrated contributions from leading scholars and researchers explore the expansion modification and adaptation of English in various settings and discuss the role of English in local regional and global contexts This highly regarded text has been fully updated throughout the new edition to reflect the current conditions contexts and functions of major varieties of English across the world Significant revisions to topics such as an overview of the varieties of modern world Englishes and the First Diaspora in Wales and Ireland reflect expanded scholarship in the field and new directions of research Each chapter from the first edition has been updated in content and citations while 11 new chapters cover subjects including world Englishes testing and Postcolonial theory as well as world Englishes in South America Russia Africa China Southeast Asia the United States and Canada The Handbook of World Englishes is an essential resource for academics researchers practitioners and advanced students in fields including applied linguistics language teaching the history of the English language world literatures and related social and language sciences

Corpus Linguistics and African Englishes Alexandra U. Esimaje, Ulrike Gut, Bassey E. Antia, 2019-02-15 Corpus linguistics has become one of the most widely used methodologies across the different linguistic subdisciplines especially the study of world wide varieties of English uses corpus based investigations as one of the chief methodologies This volume comprises descriptions of the many new corpus initiatives both within and outside Africa that aim to compile various corpora of African Englishes Moreover it contains cutting edge corpus based research on African Englishes and the use of corpora in pedagogic contexts within African institutions This volume thus serves both as a practical introduction to corpus compilation Part I of the book corpus based research Part II and the application of corpora in language teaching Part III and is intended both for those researchers not yet familiar with corpus linguistics and as a reference work for all international researchers investigating the linguistic properties of African Englishes

The Last of Africa's Cold War Conflicts Al J. Venter, 2020-05-30 This detailed combat

history sheds light on the significant yet overlooked guerilla campaigns in what would become Angola and Guinea Bissou Portugal was the first European country to colonize Africa It was also the last to leave almost five centuries later During what Lisbon called its civilizing mission the Portuguese weathered numerous insurrections but none as severe as the guerrilla war first launched in Angola in 1961 and two years later in Portuguese Guinea Both the Soviets and the Cubans believed that because the tiny colony of Guinea had no resources Lisbon would soon capitulate But the 11 year struggle became the empire s most strenuous attempt to retain colonial power Though it was overshadowed by the conflict in Vietnam the Soviet led guerrilla campaign in Portuguese Guinea set the scene for the wars that followed in Rhodesia and present day Namibia

The Enigmatic Realm of **English In Africa After The Cold War**: Unleashing the Language is Inner Magic
