English Inc. Frederick O'Connor, 1991-01-01 *English Bilingual Project* Mathew Varghese, 2022-10-31 Today English is the global lingua franca and competent English communication skills should be one of the rights of all educated individuals irrespective of any socio cultural limits By introducing a new method this book focuses on helping any learner to get sufficient communication skills in English as much as in the native language This method helps one to avoid translating from mother tongue to English And by using the method of thinking in English one could acquire the required English bilingual skills naturally The method is founded on the philosophical idea of mentalese mind language as the base language of thinking available for humans for constructing thoughts The proposed English Bilingual Project EBP helps one to transfer thoughts from a structureless mentalese to the grammatical structure of any language English Japanese Chinese The method described in this book works in two ways one it helps one to intuitively understand the working of mentalese the other is by practicing think in English with the mentalese one could generate the bilingual brain The main procedure for transferring thoughts from the mentalese to English is through writing one's thoughts This helps one to think effectively in English like one's own mother tongue This method works as a prime requirement model for one to generate multilingual skills The book resourced the idea of mentalese from the classical philosophy reflects it with the modern generative theories links it with the studies in neuro linguistic studies on bilingualism and the bilingual brain **An Autoethnography of Teaching English in**

Japan: Bridging Life and Academia Sanae Oda-Sheehan , 2022-01-20 Based on her professional and personal experiences in education as well as in business Sanae Oda Sheehan PhD came to realize that there may be several problematic gaps hindering learning effectiveness in the Japanese EFL context In exploring possibilities to bridge those gaps she proposes the framework called the Pedagogical Trinity the integration of L2 pragmatics and grammar pedagogy to promote the implementation of communicative language teaching This book shares her experiences in exploring how to bring about such integration and bridge those gaps by utilizing autoethnography Autoethnography is a burgeoning and promising approach in the qualitative research field in which researchers use themselves as the research subject to better understand sociocultural complexities through the connectivity between self and others By employing the autoethnographic approach and analyzing in depth face to face interviews and journal entries Oda Sheehan reflected on her teaching practices and her own identity formation to explore the critical factors for the integrative approach Through this life sized portrait of the research project she obtained interpretive insights that show how critical it is for teachers to have an awareness of their multiple identities and perspectives long term visions and readiness for necessary transformation This book meticulously crafts and demonstrates how autoethnography can be utilized as a research method to merge analytic rigor and creative dynamics Through the connectivity in an autoethnographic orientation readers may find themselves in the stories unfolded in the chapters and be guided to reflect on their own experiences and endeavors In that way what is presented in this book may

become readers own stories giving them the strength to go forward in life This book can provide a platform of open dialogue to explore approaches to bridge life and academia collaboratively *Language in International Business* Mary Yoko Brannen, Terry Mughan, 2016-11-07 Tracing the treatment of language in international business as represented in the Journal of International Business Studies this seminal collection critically explores the conceptualizations of language that have been adopted or ignored by international business scholars over the years and showcases nine articles that have played an important role in establishing and advancing the field In today s increasingly globalized context of business significantly richer theories from interdisciplinary perspectives are needed to explain the complexity of the interplay between multiple facets of language and how they affect day to day operations With insights from linguistics psychology and organizational theory *Language in International Business* provides an assessment of scholarly efforts to uncover the profound impact that language has on global business today and proposes some important ways in which this nascent field of language in international business may be further advanced Chapter 9 is licensed under a Creative Commons Attribution NonCommercial NoDerivs 3.0 Unported License The Journal of International Business Studies JIBS is an official publication of the Academy of International Business and is the top ranked journal in the field of international business The goal of JIBS is to publish insightful innovative and impactful research on international business JIBS is multidisciplinary in scope and interdisciplinary in content and methodology For more information visit www.jibs.net The Academy of International Business AIB is the leading association of scholars and specialists in the field of international business A global community of scholars and researchers for the creation and dissemination of knowledge about international business and policy issues the AIB transcends the boundaries of single academic disciplines and managerial functions to enhance business education and practice For more information visit aib.msu.edu [The Cumulative Book Index](#), 1992 A world list of books in the English language **Forthcoming Books** Rose Arny, 1997 **American Book Publishing Record**, 1991 **The Concise Encyclopedia of Applied Linguistics** Carol A.
