**English Mystics** Geraldine Emma Hodgson,1922 The English Mystics David Knowles, 1927 Introduction to the Medieval Mystics of Europe Paul E. Szarmach, 1985-06-30 The European Middle Ages bequeathed to the world a legacy of spiritual and intellectual brilliance that has shaped many of the ideals preconceptions and institutions we now take for granted An Introduction to the Medieval Mystics of Europe examines this phenomenon in vivid and scholarly accounts of the lives and achievements of those men and women whose genius most inspired their own and subsequent ages These great mystics explored and consciously realized the relationship between human life and unconditioned transcendence Representing both the contemplative and scholastic traditions the mystics in these studies often found their solutions to ultimate questions in radically different ways Some of them such as Eckhart Aguinas and Cusa may already be familiar and here the reader will benefit from a new approach and summary of extensive research Others such as Smaragdus and several of the women mystics are little known even to specialists Finally and unusually for a study of European mysticism the influence of Spanish Kabbalists is discussed in relation to the Zohar and two figures from the mystical school of Safed Cordovero and Luria Though the essays focus on individuals the cultural and social implications of their lives and work are never ignored for the mystic way did not exist separately from the rest of medieval life it functioned as an integral part of the whole influencing the development of Christian and Jewish religions in both their internal and external forms Religious Writing in Early Modern England Erica Longfellow, 2004-09-23 This study challenges critical assumptions about the role of religion in shaping women s experiences of authorship Feminist critics have frequently been uncomfortable with the fact that conservative religious beliefs created opportunities for women to write with independent agency The seventeenth century Protestant women discussed in this book range across the religio political and social spectrums and yet all display an affinity with modern feminist theologians Rather than being victims of a patriarchal gender ideology Lady Anne Southwell Anna Trapnel and Lucy Hutchinson among others were both active negotiators of gender and active participants in wider theological debates By placing women's religious writing in a broad theological and socio political context Erica Longfellow challenges traditional critical assumptions about the role of gender in shaping religion and politics and the role of women in defining gender and thus influencing religion and politics The Yale Companion to Chaucer Seth Lerer, 2006-01-01 A collection of essays on Chaucer's poetry this guide provides up to date information on the history and textual contexts of Chaucer's work on the ranges of critical interpretation and on the poet's place in English and European literary history

Mysticism and Spirituality in Medieval England William F. Pollard, Robert Boenig, 1997 The late fourteenth and early fifteenth centuries in England were a golden age of mysticism the major figures could draw on and allude to a host of treatises as the Cloud author acknowledges when he explains how the works of St Denis validate all he writes about Without Denis without the theologians of the eleventh and twelfth centuries without the anchoritic writings of the thirteenth century

Richard Rolle Julian of Norwich Walter Hilton Margery Kempe could not have written as they did Likewise those who followed them the Wycliffites the Brigittines the writers of religious lyrics responded to those who had gone before The articles presented here identify major themes and the web of influence that link them new but solid interpretations are offered of the key figures and their backgrounds and the emphasis is on the rich variety of mysticism these authors and texts embody Mystic Bonfires Kevin Goodrich, 2022-06-08 For centuries people have been drawn to the Christian mystics women and men who have known God in powerful and experiential ways Mystic Bonfires is for students scholars and practitioners of ministry theology and spiritual formation It explores theology and theory and shares insights for practice and prayer Readers will encounter classical concepts about the spiritual life and how to apply these concepts to their ministries in faithful and creative ways Mystic Bonfires includes questions for students in academic and formation settings as well as project ideas for congregations Mystic Bonfires explores the intersection of spiritual theology and practical theology Walter Hilton a 14th century English mystic and a contemporary of Julian of Norwich serves as a case study for the intersection of these fields called practical spiritual theology The Writings of Julian of Norwich Nicholas Watson, Jacqueline Jenkins, 2006 Julian of Norwich ca 1343 ca 1416 a contemporary of Geoffrey Chaucer William Langland and John Wyclif is the earliest woman writer of English we know about Although she described herself as a simple creature unlettered Julian is now widely recognized as one of the great speculative theologians of the Middle Ages whose thinking about God as love has made a permanent contribution to the tradition of Christian belief Despite her recent popularity however Julian is usually read only in translation and often in extracts rather than as a whole This book presents a much needed new edition of Julian's writings in Middle English one that makes possible the serious reading and study of her thought not just for students and scholars of Middle English but also for those with little or no previous experience with the language Separate texts of both Julian s works A Vision Showed to a Devout Woman and A Revelation of Love with modern punctuation and paragraphing and partly regularized spelling A second analytic edition of A Vision printed underneath the text of A Revelation to show what was left out changed or added as Julian expanded the earlier work into the later one Facing page explanatory notes with translations of difficult words and phrases cross references to other parts of the text and citations of biblical and other sources A thoroughly accessible introduction to Julian's life and writings An appendix of medieval and early modern records relating to Julian and her writings An analytic bibliography of editions translations scholarly studies and other works The most distinctive feature of this volume is the editors approach to the manuscripts Middle English editions habitually retain original spellings of their base manuscript intact and only emend that manuscript when its readings make no sense At once more interventionist and more speculative this edition synthesizes readings from all the surviving manuscripts with careful justification of each choice involved in this process For readers who are not concerned with textual matters the result will be a more readable and satisfying text For Middle English scholars the edition is intended both as a hypothesis and as a

challenge to the assumptions the field brings to the business of editing Seeing Jesus Robert Hudson, 2021-11-23 Jesus ascended to heaven End of story But then how do we explain the many Christians in nearly every century since who claimed to have seen heard met and touched Jesus in the flesh In Seeing Jesus Robert Hudson explores the larger than life characters throughout Christian history who have encountered the actual face or form of the resurrected Christ from the apostles Thomas and Paul in the first century to Charles Finney in the nineteenth and Sundar Singh in the twentieth Hudson combines history biography spiritual reflection skepticism and humor to unpack awe inspiring and sometimes seemingly absurd stories from a surprise sighting of Jesus in a cup of coffee to Christ appearing to Julian of Norwich during a life threatening illness to assure her that all manner of thing shall be well Along the way he uncovers deeper meaning for us today Through Hudson s guirky and lyrical prose we get to know people of unflinching faith like Francis of Assisi Teresa of Avila Silouan the Athonite and Sojourner Truth those who claim radical encounters with Jesus The result is a fascinating journey through Christian history that is at once thoroughly analytical and deeply devotional Fourteenth century to the French Revolution, with a glimpse into the ninettenth century Frederick Denison Maurice, 1882 Moral and Metaphysical Philosophy Frederick Denison Maurice, 1873 H, Natural science. H\*, Medicine and surgery. I, Arts and trades. 1926 William Subject Index of the Modern Works Added to the Library of the British Museum in the Years ... Swan Sonnenschein, 1926 British Museum, 1911 **Subject Index of Modern Books Acquired** British Library, 1927 The Cambridge History of Medieval English Literature David Wallace, 2002-04-25 This was the first full scale history of medieval English literature for nearly a century Thirty three distinguished contributors offer a collaborative account of literature composed or transmitted in England Wales Ireland and Scotland between the Norman conquest and the death of Henry VIII in 1547 The volume has five sections After the Norman Conquest Writing in the British Isles Institutional Productions After the Black Death and Before the Reformation It provides information on a vast range of literary texts and the conditions of their production and reception which will serve both specialists and general readers and also contains a chronology full bibliography and a detailed index This book offers an extensive and vibrant account of the medieval literatures so drastically reconfigured in Tudor England It will thus prove essential reading for scholars of the Renaissance as well as medievalists and for historians as well as literary specialists Christ, Our Mother of Mercy Margaret A. Palliser, 2017-06-26 No detailed description available for Christ Christ's Body Sarah Beckwith, 2005-08-04 Through her fascinating series of readings of texts such Our Mother of Mercy as The Book of Margery Kempe Beckwith develops a materialist analysis of religious texts showing the vital cultural work Christian Mysticism in the Elizabethan Age Joseph B. Collins, 2008-12-01 Christian Mysticism Dr Kevin they do Magill, Dr Louise Nelstrop, Mr Bradley B Onishi, 2013-06-28 This book introduces students to Christian mysticism and modern critical responses to it Christianity has a rich tradition of mystical theology that first emerged in the writings of the early church fathers and flourished during the Middle Ages Today Christian mysticism is increasingly recognised as an important

Christian heritage relevant to today s spiritual seekers The book sets out to provide students and other interested readers with access to the main theoretical approaches to Christian mysticism including those propounded by William James Steven Katz Bernard McGinn Michael Sells Denys Turner and Caroline Walker Bynum It also explores postmodern re readings of Christian mysticism by authors such as Jacques Derrida Jean Luc Marion and Jean Fran ois Lyotard The book first introduces students to the main themes that underpin Christian mysticism It then reflects on how modern critics have understood each of them demonstrating that stark delineation between the different theoretical approaches eventually collapses under the weight of the complex interaction between experience and knowledge that lies at the heart of Christian mysticism In doing so the book presents a deliberate challenge to a strictly perennialist reading of Christian mysticism Anyone even remotely familiar with Christian mysticism will know that renewed interest in Christian mystical writers has created a huge array of scholarship with which students of mysticism need to familiarise themselves This book outlines the various modern theoretical approaches in a manner easily accessible to a reader with little or no previous knowledge of this area and offers a philosophical theological introduction to Christian mystical writers beyond the patristic period important for the Latin The Way of Divine Union Arthur Edward Waite, 2020-10-16 First published in 1915 The Way of Divine Western Tradition Union is a fascinating book on the subject of mysticism by A E Waite Arthur Edward Waite 1857 1942 more commonly referred to as A E Waite was an American born British mystic and poet He wrote profusely on the subject of the occult and esoteric matters and is famous for being the co creator of the Rider Waite Tarot deck His work arguably constitutes the first attempt to systematically studying the history of western occultism which he viewed more of a spiritual tradition than proto science or pseudo religion as was the more common conception Contents include Characteristics of the Present Age in Respect of the Church and the World In Respect of Relations between God Man and the Universe The True Life of These Subjects Experience of the Mystical Life Immediate Answers Which It Offers etc Other works by this author include The Alchemical Writings of Edward Kelly 1893 Turba Philsophorum 1894 and Devil Worship in France 1896 Many vintage books such as this are increasingly scarce and expensive We are republishing this volume now in an affordable modern high quality edition complete with a specially commissioned new biography of the author
