

Colonial Williamsburg Foundation

English Slip-decorated Earthenware at Williamsburg Leslie Brown Grigsby, 1993 Illustrated catalog of Colonial Williamsburg's slipware collection This publication examines English slip decorated earthenwares many of which have an almost folk like quality in their naivety of form and decoration Silver at Williamsburg John A. Hyman, 1994 Colonial Williamsburg s extensive collection of silver drinking vessels is the legacy of three distinct sensibilities and reflects different British Delft at Williamsburg John Cecil Austin, 1994 British Delft at philosophies of collecting over six decades Williamsburg catalogs the collection of more than seven hundred museum quality examples acquired by the Colonial Williamsburg Foundation during the past sixty years in many instances relating them to several hundred of the thousands of archaeological fragments excavated in Virginia's colonial capital and on nearby sites Presenting the objects in categories according to their use John C Austin discusses the period utilization of the various forms identifying them when possible with the names of the objects commonly employed at that time He also compares and contrasts the pieces with other examples in public and private collections in America and England In the Neatest Manner Kimberly Smith Ivey, 1997 This book was prepared in conjunction with the exhibit Virginia Samplers Young Ladies and Their Needle Wisdom 10 31 1997 09 08 1998 at the DeWitt Wallace Gallery Colonial Williamsburg Foundation Williamsburg VA The Magazine Antiques ,1993-04

English Pottery 1620-1840 Robin Hildvard, 2005-08 Based around the matchless collections of British **Folk Art** ,1992 ceramics in the Victoria and Albert Museum which curators began to assemble as early as the 1840s this book charts the story of their development from the simple slipware drinking vessel of the seventeenth century to the sophisticated enamelled and transfer printed tableware of the early 1800s The narrative takes us through successive changes of taste and manners as British potters assimilated and adapted new and often disparate influences from Europe and the Far East Ceramics ubiquitous disposable and guintessentially domestic tended to reflect social changes guicker than other branches of the applied arts for example new fashions in dining and the taking of tea were responsible for major aspects of design and decoration while the rapid rise of the Staffordshire figure enabled it to become a vehicle for satire religion or the commemoration of wildly popular but ephemeral events such as boxing matches and visits from touring menageries Keeping carefully chosen pieces illustrated at the forefront of his discussion Robin Hildyard treats the subject variously by material form decoration or by broader theme sometimes cutting across traditional boundaries in order to look behind established myths and the often misleading evidence of what has survived The methods and history of manufacture are fully explored from the workshop of the independent village potter to the industrialized nineteenth century factory struggling with the stormy beginnings of trade unionism The complex trade in ceramics both at home and abroad and the transition from utilitarian household object to cherished item in collector's cabinet is also examined along with the symbiotic relationship between collector and museum This volume filling the gap in current ceramic literature between narrower scholarly studies

and the opulent catalogues of private collections presents an expert and yet highly accessible view of a particularly rich seam of British material culture guiding us from familiar ground into wider and sometimes uncharted territory BOOK JACKET

English & Irish Delftware 1570-1840 Aileen Dawson, 2010 Tin glazed earthenware has been made in Europe since the 15th century In Britain floor tiles and drug pots were made in Aldgate London in the 16th century by immigrant potters from the Low Countries In the early 17th century factories making dishes and other wares were set up in London close to the River Thames Their products were initially much influenced by Chinese porcelain as well as by Italian maiolica Manufacture spread from London to centres such as Bristol Liverpool and Dublin Known as gally ware in the 17th century this type of pottery has come to be known as delftware from the Dutch town of Delft which was renowned for its manufacture The British Museum collection of delftware which was established in the later part of the 19th century is one of the finest in the world It is especially notable for the number of pieces bearing dates and for those which document historical personages and events This beautifully illustrated book will feature more than 140 items from this extensive collection and include pieces which have never before been fully described or published in colour Publisher's description Subject Guide to Books in Print .1991 Books in Print Supplement, 1994 **European Ceramics** R. J. C. Hildyard, 1999 From earthenware to stoneware Tin glaze The invention of porcelain Pottery from craft to industry Liberty Imperialism mass production The 20th century craft or industry **English Folk Pottery** Abby Aldrich Rockefeller Folk Art Center, 1982 An Exhibition of English Salt-glazed Stoneware Colonial Williamsburg Foundation, 1975
