## **English Works Of John Fisher Bishop Of Rochester 1469 1535 Sermons And Other Writings 1520 1535:**

**The English Works of John Fisher, Bishop of Rochester (1469-1535)** Saint John Fisher, 2002 [English works of John Fisher, Bishop of Rochester \(1469-1535\)](#) , [English Works of John Fisher, Bishop of Rochester](#) John Fisher, 2002-02-21 Bishop John Fisher was a scholar and theologian of European reputation famous as a preacher and author of the first sermon sequence to be printed in English He was beheaded for his opposition to Henry VIII's divorce from Catherine of Aragon and pursued after his death by the enmity of the king who suppressed his books and sought to blacken his name The figure of John Fisher links the age of late medieval piety with the growth of Christian humanism and the new learning which as a friend of Erasmus he introduced as chancellor of Cambridge University His English writings are distinctive for their structured elegance and clarity This new edition contains sermons written during the last fifteen years of Fisher's life including a previously unpublished eyewitness account of the Field of Cloth of Gold celebrations and devotional works composed while he was a prisoner in the Tower of London **Middle English Manuscripts and their Legacies**

, 2021-12-06 This volume celebrates and extends the extraordinary and transformative work of Ian Doyle on medieval manuscripts and their legacies Eighteen original contributions by eminent international scholars of manuscript studies and history of the book present new research on textual issues manuscript preservation and circulation manuscripts and print and the afterlives of manuscripts Essays adopt the multi-faceted and nuanced approaches to manuscript studies and history of the book characteristic of Ian Doyle's work taking up topics to which his research has drawn attention extending his studies of particular manuscripts scribes and networks and exploring his remarkable contributions to the field Contributors are Ralph Hanna Susan Powell Julia Boffey David Rundle James Willoughby Carol Meale Martha Driver William Marx Veronica O Mara Richard Gameson Kathleen Scott Margaret Connolly Richard Beadle A S G Edwards Elizabeth Rainey Pamela Robinson Toshi Takamiya Linne Mooney and Derek Pearsall *The Controversial Thomas More* Travis Curtright, 2025-04-15 *The Controversial Thomas More* offers an original and critical intervention on the writings of Thomas More and his opposition to King Henry VIII Thomas More is known for refusing the oath of succession and remaining silent about his reasons for doing so His prison literature however tells a different story Under the threat of execution More waged an astonishingly prolific and often coded writing campaign in rebuke of King Henry VIII's claim to be supreme head of the Church in England Travis Curtright's groundbreaking book shows how William Rastell More's nephew and printer fashioned a historically inaccurate depiction of More one that persists to this day Rastell's edition of More's works gave the false impression that More stopped writing polemical literature in 1533 and instead turned his mind exclusively toward heaven and away from politics In contrast Curtright proves that More's prison writings are not just devotional literature but also a powerful defense of a united Church under the pope reestablishing More as a key political and religious thinker defiant of King Henry VIII Most scholars restrict More's political thought to his Utopia but *The Controversial Thomas More* shows how

his prison writings best reveal his ideas of political unity and authority and is a reconsideration of More's legacy and place in the history of the Henrician Reformation

*The Rise of Prison Literature in the Sixteenth Century* Ruth Ahnert, 2013-08-22 Examining works by some of the most famous prisoners from the early modern period including Thomas More Lady Jane Grey and Thomas Wyatt Ruth Ahnert presents the first major study of prison literature dating from this era She argues that

the English Reformation established the prison as an influential literary sphere In the previous centuries we find only isolated examples of prison writings but the religious and political instability of the Tudor reigns provided the conditions for the practice to thrive This book shows the wide variety of genres that prisoners wrote and it explores the subtle tricks they employed in order to appropriate the site of the prison for their own agendas Ahnert charts the spreading influence of such works beyond the prison cell tracing the textual communities they constructed and the ways in which writings were smuggled out of prison and then disseminated through script and print

Learning to Die in London, 1380-1540 Amy Appleford, 2015 Taking as her focus a body of writings in poetic didactic and legal modes that circulated in England's capital between the 1380s just a generation after the Black Death and the first decade of the English reformation in the 1530s Amy Appleford offers the first full length study of the Middle English art of dying *ars moriendi* An educated awareness of death and mortality was a vital aspect of medieval civic culture she contends critical not only to the shaping of single lives and the management of families and households but also to the practices of cultural memory the building of institutions and the good government of the city itself In fifteenth century London in particular where an increasingly laicized reformist religiosity coexisted with an ambitious program of urban renewal cultivating a sophisticated attitude toward death was understood as essential to good living in the widest sense The virtuous ordering of self household and city rested on a proper attitude toward mortality on the part both of the ruled and of their secular and religious rulers The intricacies of keeping death constantly in mind informed not only the religious prose of

the period but also literary and visual arts In London s version of the famous image text known as the Dance of Death Thomas Hoccleve s poetic collection *The Series* and the early sixteenth century prose treatises of Tudor writers Richard Whitford Thomas Lupset and Thomas More death is understood as an explicitly generative force one capable if properly managed of providing vital personal social and literary opportunities *Paul's Cross and the Culture of Persuasion in England, 1520-1640* Torrance Kirby,P.G. (Paul) Stanwood,2013-12-12 The open air pulpit within the precincts of St Paul s Cathedral known as Paul s Cross can be reckoned among the most influential of all public venues in early modern England Between 1520 and the early 1640s this pulpit and its auditory constituted a microcosm of the realm and functioned at the epicentre of events which radically transformed England s political and religious identities Through cultivation of a sophisticated culture of persuasion sermons at Paul s Cross contributed substantially to the emergence of an early modern public sphere This collection of 24 essays seeks to situate the institution of this most public of pulpits and to reconstruct a detailed history of some of the more influential sermons preached at Paul s Cross during this formative period Contributors include Thomas Dabbs Ellie Gebarowski Shafer Cecilia Hatt Roze Hentschell Anne James Gerard Kilroy John N King Torrance Kirby Bradford Littlejohn Steven May Natalie Mears Mary Morrissey David Neelands Kathleen O Leary Mark Rankin Angela Ranson Richard Rex John Schofield Jeanne Shami P G Stanwood Susan Wabuda John Wall Ralph Werrell and Jason Zuidema

International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences ,2006 **The Stigmata in Medieval and Early Modern Europe** Carolyn Muessig,2020-02-06 Francis of Assisi s reported reception of the stigmata on Mount La Verna in 1224 is almost universally considered to be the first documented account of an individual miraculously and physically receiving the five wounds of Christ The early thirteenth century appearance of this miracle however is not as unexpected as it first seems Interpretations of Galatians 6 17 I bear the marks of the Lord Jesus Christ in my body had been circulating since the early Middle Ages in biblical commentaries These works perceived those with the stigmata as metaphorical representations of martyrs bearing the marks of persecution in order to spread the teaching of Christ in the face of resistance By the seventh century the meaning of Galatians 6 17 had been appropriated by bishops and priests as a sign or mark of Christ that they received invisibly at their ordination Priests and bishops came to be compared to soldiers of Christ who bore the brand stigmata of God on their bodies just like Roman soldiers who were branded with the name of their emperor By the early twelfth century crusaders were said to bear the actual marks of the passion in death and even sometimes as they entered into battle The Stigmata in Late Medieval and Early Modern Europe traces the birth and evolution of religious stigmata and particularly of stigmatic theology as understood through the ensemble of theological discussions and devotional practices Carolyn Muessig assesses the role stigmatics played in medieval and early modern religious culture and the way their contemporaries reacted to them The period studied covers the dominant discourse of stigmatic theology that is from Peter Damian s eleventh century theological writings to

1630 when the papacy officially recognised the authenticity of Catherine of Siena's stigmata *Moreana*, 2005

**Elizabeth Tyrwhit's Morning and Evening Prayers** Susan M. Felch, 2017-05-15 In 1574 Christopher Barker published a volume of prayers and poems collected and composed by Elizabeth Tyrwhit an intimate member of Katherine Parr's circle governess to the princess Elizabeth wife of a Tudor court functionary and a wealthy widow Later Tyrwhit's Morning and Evening Prayers was selected by Thomas Bentley to be republished in his 1582 compilation of devotional works The Monument of Matrones This volume presents critical old spelling editions of both versions of Morning and Evening Prayers Placing them side by side Susan Felch discloses that the second version contains nearly a quarter more material than the first and is organized quite differently Felch convincingly argues that the additional material and revised arrangement of the longer version are likely copied direct from another no longer extant authorial version either printed or manuscript In the volume's introduction Felch provides background on Tyrwhit's life and family including new information unearthed in her research and sets Tyrwhit's work within the context of sixteenth century English prayerbooks Felch here posits that Tyrwhit's reorganization and framing of traditional material indicates her own considerable creativity The Textual Notes and Appendix A compare the 1574 and 1582 versions and identify the source texts from which Tyrwhit derives her prayers and poems The edition is completed by an autograph note by Tyrwhit a discussion of the Tyrwhit family connections and several versions of the rhymed Hours of the Cross as background to Tyrwhit's rendition entitled An Hymne of the Passion of Christ
