English Synodalia of the Thirteenth Century Christopher Robert Cheney, 1941      **English Synodalia of the Thirteenth Century; with a New Intr. by the Author**, 1968      *The Landscape of Pastoral Care in 13th-Century England* William H. Campbell, 2018 Examines how thirteenth century clergymen used pastoral care preaching sacraments and confession to increase their parishioners religious knowledge devotion and expectations      Robert Grosseteste and the 13th-Century Diocese of Lincoln Philippa Hoskin, 2019-01-07 In this book Philippa Hoskin offers an account of the pastoral theory and practice of Robert Grosseteste bishop of Lincoln 1235-1253 within his diocese Grosseteste has been considered as an eminent medieval philosopher and theologian and as a bishop focused on pastoral care but there has been no attempt to consider how his scholarship influenced his pastoral practice Making use of Grosseteste's own writings philosophical and theological as well as pastoral and administrative Hoskin demonstrates how Grosseteste's famous interventions in his diocese grew from his own theory of personal obligation in pastoral care as well as how his personal involvement in his diocese could threaten well developed clerical and lay networks      **The High Middle Ages in England 1154-1377** Bertie Wilkinson, 1978-06-22 All aspects of England in the High Middle Ages are covered including sections on social economic religious military intellectual and art history as well as on political and constitutional history From publisher description

**The Cambridge History of Medieval Canon Law** Anders Winroth, John C. Wei, 2022-01-27 Canon law touched nearly every aspect of medieval society including many issues we now think of as purely secular It regulated marriages oaths usury sorcery heresy university life penance just war court procedure and Christian relations with religious minorities Canon law also regulated the clergy and the Church one of the most important institutions in the Middle Ages This Cambridge History offers a comprehensive survey of canon law both chronologically and thematically Written by an international team of scholars it explores in non technical language how it operated in the daily life of people and in the great political events of the time The volume demonstrates that medieval canon law holds a unique position in the legal history of Europe Indeed the influence of medieval canon law which was at the forefront of introducing and defining concepts such as equity rationality office and positive law has been enormous long lasting and remarkably diverse      **Simoniacal Entry Into Religious Life from 1000 to 1260** Joseph H. Lynch, 1976      **Ministry to the Sick and Dying in the Late Medieval Church** Thomas M. Izbicki, 2023-09 The focus of this volume is on ministry to the sick and dying in the later Middle Ages especially providing them with the sacraments Medieval writers linked illness to sin and its forgiveness The priest as physician of souls was expected to heal the soul preparing it for the hereafter His ministry might also effect healing of bodies when that healing did not endanger the soul This book treats how a priest prepared to visit sick persons and went to them in procession with the Eucharist and oil of the sick The priest was to comfort the patient and if death was imminent prepare the soul for the hereafter Canon law theology and ritual sources are employed Three sacraments penance viaticum final communion and

extreme unction anointing of the sick are treated in detail Sickbed confession was designed to forgive the ailing person's mortal sins A priest could absolve a dying person of all sins even those reserved to a bishop or the pope Viaticum was to strengthen a suffering Christian for life's last conflict that between angels and demons for the soul of the dying person The deathbed thus was a spiritual battlefield Extreme unction was reserved for those in danger of death relieving the soul of venial sins or the remains of sin even after confession and absolution The commendatio animae commendation of the soul used with the dying was to usher the soul into the afterlife Many works have been written about attitudes toward death dying and the afterlife in the Middle Ages Likewise there is a good deal of literature about individual sacraments This study aims at bridging between these literatures with a focus on the priest and parishioner in both theory and practice at the sickbed

*The Detection of Heresy in Late Medieval England* Ian Forrest, 2005-10-20 Heresy was the most feared crime in the medieval moral universe By examining the drafting publicizing and implementing of new laws against heresy in the 14th and 15th centuries this text presents a general study of inquisition in medieval England

*Magna Carta and the England of King John* Janet Senderowitz Loengard, 2010 Magna Carta marked a watershed in the relations between monarch and subject and as such has long been central to English constitutional and political history This volume uses it as a springboard to focus on social economic legal and religious institutions and attitudes in the early thirteenth century What was England like between 1199 and 1215 And no less important how was King John perceived by those who actually knew him The essays here analyse earlier Angevin rulers and the effect of their reigns on John's England the causes and results of the increasing baronial fear of the king the managerial revolution of the English church and the effect of the ius commune on English common law They also examine the burgeoning economy of the early thirteenth century and its effect on English towns the background to discontent over the royal forests which eventually led to the Charter of the Forest the effect of Magna Carta on widows and property and the course of criminal justice before 1215 The volume concludes with the first critical edition of an open letter from King John explaining his position in the matter of William de Briouze Contributors Janet S Loengard Ralph V Turner John Gillingham David Crouch David Crook James A Brundage John Hudson Barbara Hanawalt James Masschaele

**A New World in a Small Place** Robert Brentano, 2024-03-29 Distinguished historian Robert Brentano provides an entirely new perspective on the character of the church religion and society in the medieval Italian diocese of Rieti from 1188 to 1378 Combing through a cache of previously ignored documents stored in a tower of the cathedral he uses wills litigation proceedings fiscal accounts and other records to reconstruct the daily life of the diocese This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1994

The Oxford History of the Laws of England: The Canon law and ecclesiastical jurisdiction from 597 to the 1640s R. H. Helmholz,2003 This is one of the first volumes to appear in a landmark new series The Oxford History of the Laws of England It traces the history of the reception and role of the canon law in England between 597 and 1649 examining both the establishment of ecclesiastical courts and the heads of jurisdiction within them Legal practice is viewed against the background of the formal canon law Readership Libraries and scholars of ecclesiastical law and history canon law and history Medieval and Early Modern history and comparative law      Politics, Finance and the Church in the Reign of Edward II Mark Buck,1983-05-12 Walter Stapeldon fifteenth bishop of Exeter was the founder of Exeter College Oxford and the greatest of Edward II s treasurers of the Exchequer As Edward s regime crumbled in 1326 he paid the price of his master s rapacious policies of which he was the chief instrument This study shows how the Plantagenet revolution in government the most massive overhaul of the Exchequer ever undertaken in medieval England was shaped with a clear financial purpose On the basis of his extensive research in the Exchequer archives Dr Buck reveals for the first time the extent and severity of the government s action on the levying of debts to the Crown which although initiated earlier was exacerbated in the early 1320s when parliament and the clergy were refusing the king supply Placing the policies of Stapeldon s treasurership in their political and parliamentary context he argues that the Exchequer was Edward s most powerful weapon against the aristocratic opposition and in the process reassesses the accepted interpretation of these years of turmoil      **Medieval Church Councils in Scotland** Donald Watt,2000-12-01 Uniquely in the kingdoms of western Christendom the Scottish bishops obtained authority in 1225 to hold inter diocesan meetings without a supervisory archbishop and continued to meet in this way for nearly 250 years Donald Watt provides an authoritative study of these church councils from the Latin and English records based on original sources In addition to creating an original work of considerable historical interest Professor Watt brings discussion of the councils and their significance into the broader context of Scotland s political legal ecclesiastical and social situation over a long period An important contribution to Scottish church history and to its influence on contemporary affairs      **The Oxford Handbook of Medieval Christianity** John H. Arnold,2014-08-21 The Oxford Handbook of Medieval Christianity takes as its subject the beliefs practices and institutions of the Christian Church between 400 and 1500AD It addresses topics ranging from early medieval monasticism to late medieval mysticism from the material wealth of the Church to the spiritual exercises through which certain believers might attempt to improve their souls Each chapter tells a story but seeks also to ask how and why Christianity took particular forms at particular moments in history paying attention to both the spiritual and otherworldly aspects of religion and the material and political contexts in which they were often embedded This Handbook is a landmark academic collection that presents cutting edge interpretive

perspectives on medieval religion for a wide academic audience drawing together thirty key scholars in the field from the United States the UK and Europe Notably the Handbook is arranged thematically and focusses on an analytical rather than narrative approach seeking to demonstrate the variety change and complexity of religion throughout this long period and the numerous different ways in which modern scholarship can approach it While providing a very wide ranging view of the subject it also offers an important agenda for further study in the field      The Routledge History of Medieval Christianity R. N. Swanson, 2015-04-10 The Routledge History of Medieval Christianity explores the role of Christianity in European society from the middle of the eleventh century until the dawning of the Reformation Arranged in four thematic sections and comprising 23 originally commissioned chapters plus introductory overviews to each part by the editor this book provides an authoritative survey of a vital element of medieval history Comprehensive and cohesive the volume provides a holistic view of Christianity in medieval Europe examining not only the church itself but also its role in influence on and tensions with contemporary society Chapters therefore range from examinations of structures theology and devotional practices within the church to topics such as gender violence and holy warfare the economy morality culture and many more besides demonstrating the pervasiveness and importance of the church and Christianity in the medieval world Despite the transition into an increasingly post Christian age the historic role of Christianity in the development of Europe remains essential to the understanding of European history particularly in the medieval period This collection will be essential reading for students and scholars of medieval studies across a broad range of disciplines      *Charity and Community in Medieval Cambridge* Miri Rubin, 2002-05-09 This is a detailed study of the forms in which charitable giving was organised in medieval Cambridge and Cambridgeshire unravelling the economic and demographic factors which created the need for relief as well as the forms in which the community offered it
